# Cheer Up Bob!

**WHEN:** Wednesday, July 27 · 7:00pm - 8:30pm

**WHERE:** Castle 2 Lecture Theatre, University of Otago

**WHO:**

**Bob Lloyd;** Director of Energy Studies @ Otago

**Jeanette Fitzsimons;** Former MP

**Louis Chambers;** Youth representative at Copenhagen Negotiations

**Ashton Kelly;** Head of Medical Students for Global Awareness

We'd like to cheer Bob up. We think there are lots of reasons to be optimistic about the future, and we'd like you to hear about them.

To do this, we're giving Bob a chance to tell you why the world's going to end. We're then going to answer Bob with a few more optimistic visions for the future. So bring a friend and come along to listen to some inspiring speakers and find out more about the future, your future!
