Warden Introduction

Nau mai, haere mai — a very warm welcome to your new home.

This year marks an important new chapter for our communities, as Hayward College and 192 Castle College come together under one staffing team, committed to creating a space where every resident feels safe, supported and at home.

While each College retains its unique identity and is led by its own vibrant resident committees (HAYSCO and 192SCO), you will have the chance to connect across both colleges as 'HAYWARD 192' through Sports Day, the Inter-College Competition, Formal Dinners, the Ball, and a variety of community events (there should be something to suit you all). We recommend that you do get involved, as these moments are important opportunities with which to build friendships, lasting memories and a sense of belonging.

Hayward 192 Staff have a wealth of experience and training to ease your transition from school pupil and home life to independence and academic success at Ōtakou Whakaihu Waka. You are embarking on an exciting journey and, as in all the great adventures, you may find yourself in need of help. No matter the problem, reach out, our Kaiāwhina, Senior Staff team, and Administrators can help guide you towards a solution.

Our Kaimahi are also here to encourage you to become leaders of your first year experience and will support your collective views and ideas to make your time here more meaningful. You have the power to shape how this year works for you by joining your Residential Committee (The SCOs) as the President or Vice President who are informed and supported by Floor Reps as well as Cultural, Sustainability and Events Committees – all run by Residents. Together, these leaders will listen to resident views and with support from Senior Staff, can make the changes you would like to see.

I am excited to be your Warden as we bind these two Sibling Colleges together (twinning is winning) and look forward to sharing your year ahead with great anticipation.

He waka eke noa

A canoe free for all to embark - We are all in this together.

Ngā manaakitanga,

Luke Lovegrove
Warden
Hayward 192

Meet the Staff

Tautiaki / Warden

The Tautiaki / Warden, Luke Lovegrove, has overall responsibility for Hayward 192, including overseeing the provision of pastoral care for all Residents.

Tautiaki-Piki / Deputy Warden

Our Tautiaki-Piki / Deputy Warden oversees the College's academic programme, organises the Kaiāwhina / Sub-warden team, and provides pastoral support.

Tautiaki-Kaiāwhina / Assistant Wardens

We have Tautiaki-Kaiāwhinas / Assistant Wardens that are responsible for event planning for both colleges, such as sporting activities, and cultural activities as well as assisting with pastoral care and a range of other tasks.

Collectively, the Tautiaki / Warden, Tautiaki Piki / Deputy Warden and Tautiaki Kaiāwhina / Assistant Warden are known as The Senior Staff. If you are asked to speak to a Senior Staff member, it is one of the above Staff that you need to talk to. All senior Staff live on-site either in the Hayward 192 building itself or nearby.

Kaiāwhina-Whare / Sub-Wardens

Hayward 192 has a team of Kaiāwhina-Whare / Sub-wardens (often just referred to as Kaiāwhina)

- Get to know your Kaiāwhina and the wider team as they are an invaluable source of support and knowledge. The team will be available as your first point of contact for all questions you may have about our College and the University in the first few weeks, and throughout the year.
- Kaiāwhina are involved in a wide range of duties around the College.
- One of the main situations in which you will encounter Kaiāwhina is during their Evening and Weekend rounds. Evening rounds have several functions. As well as ensuring an appropriate atmosphere for study and sleep, they will be monitoring noise and checking for health and safety risks throughout the College.
- When they are not on rounds, the rostered duty Kaiāwhina will usually be found at the front desk in the College foyer. Each evening at least one of the team will be on duty from 5:00pm until 10:30 pm as well as over the weekend.

Our Wider Team

Supporting this team are our Administrator, Kitchen Staff, Facilities Co-Ordinator, Cleaning Staff, and overnight Security Guards.

Overview

Hayward 192 is owned by the University of Otago / Ōtākou Whakaihu Waka and is operated through the Director of Campus and Collegiate Life Services.

The Tautiaki (Warden) reports to the Kaiurungi (Director) of Campus & Collegiate Life Services and is responsible for the administration of the College and the welfare of the Residents.

At Hayward 192, we endeavour to provide:

- A comfortable, safe environment.
- A quiet place for effective study.
- A home where discrimination against students on the grounds of gender, religion, ethnicity or sexual orientation is unacceptable; as is any form of bullying, either physically, electronically or verbally.

Concern for others, care and support are important to us. We expect Hayward 192 Residents to take responsibility for their own behaviour and co-operate with the guidelines so that our colleges will be a happy, inclusive and supportive community for all.

Ōtākou rohe

Kāi Tahu are the iwi of Ōtākou, named after their tupuna/ancestor, Tahupōtiki. Through migration and inter-marriage, they have strong historical connections to Kāti Māmoe, Waitaha and Rapuwai.

Ngā Kareti o Hayward / 192 Castle stands on Kāi Tahu occupied land. This area was historically utilised as a mahika kai/food gathering place. The Owheo/Leith was a source of wheo/blue duck, kanakana / lamprey, weka/woodhen and tuna/eels were collected from Taiari and Kaikarae. The tuna was trapped in hīnaki/fish traps woven from kareao/supplejack that grew all through the area. Ko te Awa Ōtākou/Otago Harbour was a wonderful source of seafood that sustained generations of Kāi Tahu.

(Mita is the sound and pronunciation of a language. Some of Ngāi Tahu substitute the 'ng' for 'k'. Ngāi Tahu becomes Kāi Tahu. Ranginui becomes Rakinui).

Diversity

The Hayward 192 communities consist of a wide range of people, and we respect all members of that community. Discrimination against any other human being because of age, physical disability, national origin, sexual orientation, race, gender or religious affiliation is not tolerated within our multicultural community. Verbal or written abuse, abuse by imagery, threats, intimidation, violence or other forms of harassment against any member of our community will not be accepted.

Privacy Policy

At the University of Otago / Ōtākou Whakaihu Waka, we care about your privacy. We need to collect and use personal information about the people we deal with to meet our purposes. However, we know that we have a duty to care for that information and use it lawfully, fairly and respectfully.

Please refer to the University's Privacy Statement for information about the collection and use of information about students <https://www.otago.ac.nz/administration/privacy>

All lamb, beef and chicken at Hayward 192 is Halal. Foods with pork or alcohol will be labelled.

Managing Food Allergies in College Dining

The University's Colleges are committed to providing a safe, inclusive, and enjoyable dining experience for all Students. To help us support your needs, it's essential that Students with food allergies notify their College Team before arriving and continue to communicate openly once in residence. If you have a food allergy, please make sure to speak directly with a Staff Member at the dining area counter each mealtime. Special dietary meals can be provided and are prepared separately to help reduce the risk of exposure to allergens.

While our catering team follows strict food safety protocols, shared dining environments do carry some risk of cross-contamination. This can occur through shared serving utensils, accidental contact with allergens, or trace ingredients from suppliers. For this reason, Students with known allergies should avoid consuming food directly from the dining room servery.

For Students with severe allergies, it is extremely important to work closely with the College and Catering Staff to carefully plan and manage meals. This proactive partnership is the best way to reduce risk and ensure that you can fully enjoy the experience of collegiate living in a safe and supported environment.

Our Staff are well trained and here to help. By working together and maintaining open communication, we can create a dining experience that is both safe and welcoming for everyone.

Vehicle Parking

A small number of parks are available for hire during semesters - the cost is per University rates. Cars parked illegally will be towed away. All Residents agree to operate their vehicle in a safe and responsible manner at all times on College grounds.

Noise

Noise can be a significant issue in a Residential College. Please be considerate of others and act upon any requests to moderate noise levels from your room to an acceptable level. Residents should always respect their neighbour's right to study and sleep.

The College should be quiet by 10:00 pm every night. Quiet means that no noise should be audible in corridors, or through room walls.

Residents using speakers, televisions, computers and other such equipment should ensure that the volume is at a level that does not disturb Residents in neighbouring rooms. Residents may be required by the College to use headphones should noise be a problem. Large speaker systems are not permitted in the College. Where a resident has not complied with the above requirement, the equipment may be removed. Please be considerate of others if you return late at night.

Making a complaint

It is important that concerns or complaints by members of our community are addressed and resolved as quickly as possible. In order to ensure the best outcomes for everyone, we aim to work in a fair and consistent manner in the resolution of issues raised. For further information on the complaints procedure, please refer to the Residents' Guide to Colleges.

Harassment/Discrimination/Anti-Social Behaviour

The Hayward 192 community aspires to be inclusive. Any discrimination against another resident on the basis of gender, age, ability, nationality, sexual orientation, religious affiliation or any other reason is considered as unacceptable behaviour. We do not tolerate any form of harassment, abuse (including via written or electronic media), assault or anti-social behaviour.

Examples of behaviour we deem to be anti-social includes but is not limited to: name calling, disruptive behaviour, abusive language or behaviour; any form of physical violence; sexual assault; sexual harassment, exclusion and/or derogatory comments and language. Both Hayward 192 along with the University of Otago views harassment and anti-social behaviour very seriously. Any case of such behaviour may be reported to the University Proctor and/or University Mediator through the University Ethical Behaviour Policy <http://www.otago.ac.nz/administration/policies/otago003161.html>

Any proven incident of harassment may result in the offending resident being excluded (termination of residency) from Hayward 192 community. If you feel you have been subjected to any of the behaviour listed above we recommend you take the following steps: make sure you are safe; talk with a Kaiāwhina or Senior Staff member to decide if you wish to make a complaint; seek advice and get support from a Staff member or you can check out the other support services available at the University of Otago at <http://www.otago.ac.nz/services/>

We also expect that you will undertake to uphold and maintain a standard of good conduct in or at all other University of Otago residential colleges. You can expect that any behaviour or conduct that raises concern or is deemed inappropriate while present at any other University of Otago college will duly be reported to us. This may initiate a conduct process, as outlined in the Residents' Guide to Colleges.

Communication

It is important that you check your university e-mails regularly, as this is how the College will notify you of important College information. Notices are also posted on Teams and college noticeboards.

- Email: ensure your email address is current and up to date in eVision. Important information will be sent to you via your student email address so please ensure you check this regularly.
- Phone: Please ensure you have updated your eVision with your current mobile phone number.
- Notices: Notices are posted on each floor noticeboards.

Harmful Digital Communications

Under the Harmful Digital Communications Act 2015 it is illegal to make a visual recording, on any device, of another person without their knowledge or consent, where the recording shows them naked or partially naked or involved in any activity (eg showering or toileting) that involves dressing or undressing. These are known as intimate visual recordings and are illegal even if they are not shown to other people or shared on social media. Any allegation that a Resident has made an intimate visual recording of another Resident (or any other person) is likely to be treated as serious misconduct and if proven is likely to result in termination of the Resident's contract with no offer being made to rehouse the resident in another College.

Emergency Procedures

Evacuation

Evacuation notices are posted in hallways throughout the building. Please read these and take note of instructions given by Staff at the beginning of the year.

In the event of a fire or if the fire alarm sounds, You MUST leave the building and:

- Shut window and turn off electrical equipment, if it is safe to do so. Do not put yourself at risk to achieve this.
- Put on shoes and leave your door unlocked but closed
- Leave a pillow outside
- Leave the building using the stairways to the closest fire exit.
- Do not use the lift.
- Assemble with other members of your floor in the carpark beside the College.
- Staff and/or Emergency Services may check your room after you have vacated it.
- Do not re-enter the building until Staff advise that it is safe to do so.

Staff are trained fire wardens and it is important that you follow their direction.

If you discover a Fire

- Operate the nearest fire alarm call point
- Ensure the Fire Service is called 111, tell them:
 - Your name
 - The address is 110 Frederick Street, Dunedin
 - The nature of the emergency
 - Answer any questions they may ask
- Leave the building via your designated escape route.
- Go to the assembly area at the carpark beside the College, talk to the Staff Member in charge to let them know that you are the one who triggered the alarm and tell them what you know.
- Do not return to the building until Staff advise that it is safe to do so.

Earthquake

DROP down onto your hands and knees (before earthquakes knocks you down). This position protects you from falling but allows you to still move if necessary.

COVER your head and neck (and your entire body if possible) under a sturdy table or desk (if within a few steps of you). If there is no shelter nearby, crawl to an inside corner of the room and cover your head and neck with your arms and hands.

HOLD ON to your shelter (or to your head and neck) until the shaking stops. Be prepared to move with your shelter if the shaking shifts it around. The shorter the distance to your safe place, the less likely it is that you will be injured by furnishings that become flying debris during the shaking.

Practice drop, cover, and hold in each safe place. Drop to the floor, take cover under a sturdy piece of furniture, and hold on to a leg of the furniture. If suitable furniture is not nearby, sit on the floor next to an interior wall and cover your head and neck with your arms. Keep away from windows and other items that may fall on you. Responding quickly in an earthquake may help protect you from injury. Practice drop, cover, and hold at least twice a year. If you are inside you should remain inside, if you are outside you should remain outside but take shelter clear of buildings, trees, power lines and other potential hazards. If you are instructed to evacuate, or if the alarm sounds, head to the nearest safe evacuation meeting area and await instructions from Staff or emergency service personnel.

Emergency Procedures

For emergency preparedness you should have a small personal emergency kit (grab bag) that is kept in your room as per the following recommendations:

Minimum requirements: <ul style="list-style-type: none">• Emergency contact details – a written copy as well as next of kin listed on your cell phone• Torch and spare batteries• Strong outdoor shoes• Supply of personal medications• Hand gel or antiseptic wipes• Survival blanket• Bottle of water• Muesli bars or similar energy food	Have close at hand ready to grab in case of an evacuation: <ul style="list-style-type: none">• Warm clothing (jacket or similar)• Your phone
	Additional extras that would be useful: <ul style="list-style-type: none">• Personal toiletry items• Small plastic bags• Whistle and light sticks• Copies of important documents

Pandemic Safety

The University will follow Government advice and guidelines in the event of outbreaks or changes in alert levels.

In the event of a Pandemic all Residents are expected to be prepared and adhere to:

- Ministry of Health Directives and Guidelines
- Ministry of Education Directives and Guidelines
- University of Otago Guidelines
- Instructions from College and University Staff
- Social Distancing Guidelines and Restrictions
- Sanitising Requirements

You should have your own medical kit and masks.

During a pandemic (e.g. COVID-19) Hayward 192 will remain open unless closed by the Ministry of Education.

It is imperative at all levels that you advise a Staff Member when you are feeling unwell and if you have any symptoms we strongly encourage you to seek medical advice. You should follow the medical advice you receive. If you are isolating a Staff Member will deliver your meals and check on you. Should you need anything whilst in isolation contact the Duty Phone Hayward – 021 279 5522

Hayward 192 will act in accordance with up-to-date advice from the Ministry of Health, Ministry of Education and University of Otago management.

Illness

It is not uncommon for Residents to experience bouts of illness whilst in a residential environment. College Staff are not medical professionals and do not have the ability to diagnose Residents or provide them with medical advice or medication of any kind.

When a Resident contacts College Staff to say they are unwell, Staff may recommend they contact Healthline for an expert opinion. If Healthline advises that the Resident needs to attend hospital via ambulance, college Staff can help to arrange this. If Healthline advise that the situation is not critical, but the Resident should be seen by a doctor within a particular timeframe, Staff will encourage the Resident to attend Urgent Doctors or make an appointment with Student Health or their GP (if local). Residents are responsible for arranging their own transportation to and from medical appointments, and for covering any associated costs for the care they receive (including prescriptions). Staff are not able to collect prescriptions on behalf of Residents.

If a Resident elects to attend hospital but does not require an ambulance, they are responsible for arranging their transportation. Staff are not able to attend hospital with Residents.

Residents attending ED should prepare themselves for a minimum wait of 12 hours. Before leaving the college, they should inform Staff of what is happening and ensure they have their wallet (ID and access to money), phone and phone charger with them. Residents may also wish to bring their laptop and charger, snacks, a water bottle, etc. Staff are not able to bring forgotten items down to hospital but can – with the resident's consent – allow access to their room so that friends/family can collect items and deliver them.

We know that Residents sometimes choose to attend ED rather than Urgent Doctors due to cost. We strongly recommend that Residents come to college with access to an emergency fund of roughly \$200 which can be used if they need to attend Urgent Doctors or have prescriptions filled at the Urgent Pharmacy. This fund can also be used for transportation to/from medical appointments.
