

FOCUS

ON FIBRE & FOOD MONITORING

A symposium examining two topical aspects of human nutrition and health: the role of dietary fibre in preventing and treating non-communicable diseases; and the importance of knowing what New Zealanders eat to inform health research and policy.

11-12 February, 2019
Dunedin

Speakers include:

John Cummings, OBE (University of Dundee)

Tracey Hambridge (Food Standards Australia
New Zealand)

Kathryn Bradbury
Rosalind Gibson
Jim Mann
Rachael McLean
