

# Smokefree Outdoor Areas in the Future

*Dr Louise Marsh*

*Cancer Society Social and Behavioural Research Unit*

*Smokefree Urban Areas*

*University of Otago Summer School*

*February 2016*

**ASPIRE**2025

# Where to next?

- Smokefree councils gaining momentum
  - Making progress
  - 5 Councils with no smokefree outdoor areas policy
  - Wide range of policies between councils

# Where to next?

- National legislation?
  - Local government remit
- Non-council smokefree areas
  - Smokefree outdoor dining
  - Smokefree areas outside bars
  - Smokefree workplaces
  - Smokefree tobacco retailers
- Evaluation

# Smokefree outdoor dining

- Importance of Smokefree outdoor dining
- Columbus Cafe Ashburton
  - Pleasant and healthy environment
  - Family friendly
  - Positive impact for customers and staff

How are we going to achieve this?

# Smokefree areas outside bars

- Strong link between smoking and drinking
- Extending Smokefree perimeter outside bars
- Bars may also represent settings for cessation

How are we going to achieve this?

# Smokefree workplaces

- Importance of Smokefree workplaces
- OceanGold as a Smokefree workplace
  - In 2014 New Zealand operations became a smokefree workplace.
  - Encourage and support employees and their families to quit smoking

How can we achieve this?

# Smokefree cities

- Smokefree tobacco retailers

- Smokefree cars

- Smokefree homes
