

UOC Rangahau Māori Plan Template

Date of Rangahau Māori Plan submission:

Name of person submitting this form:

Email of person submitting this form:

Role of person submitting this form:

Name and email of Principal Investigator/s (use new line for each PI):

Named Investigators and Collaborators (use new line for each named):

If the form is completed by a research student, the Principal Investigator has reviewed the responses: Yes/No

Research team name (if applicable):

Name of Host Institution*

If host institution is Te Whatu Ora, please use Te Whatu Ora Consultation process:

Title of research project/programme or body of work:

Short summary of proposed research project/programme or body of work (up to 250 words)

Include key words or phrases:

Name of funder(s) or organisation/body you will be applying for funding from:

Funding amount applied for/received:

- ☐ Less than \$10,000
- ☐ \$10,000 - \$100,000
- ☐ \$100,000 - \$500,000
- ☐ \$500,000 - \$900,000
- ☐ over \$900,000
- ☐ Other, please specify

What locations will your research participants be from (please select all the appropriate options):

- ☐ Northland/Auckland: Te Tai Tokerau/Tāmaki-Makaurau
- ☐ Coromandel: Hauraki
- ☐ Waikato/King Country: Waikato/Te Rohe Pōtae
- ☐ Rotorua/Taupō: Te Arawa/Taupō
- ☐ Bay of Plenty: Tauranga Moana/Mātaatua
- ☐ East Coast: Te Tai Rāwhiti
- ☐ Hawke's Bay/Wairarapa: Te Matau-a-Māui/Wairarapa
- ☐ Taranaki: Taranaki
- ☐ Whanganui/Rangitīkei: Whanganui/Rangitīkei
- ☐ Manawatū/Horowhenua/Wellington: Manawatū/Horowhenua/Te Whanganui-a-Tara
- ☐ South Island/Chatham Islands: Te Waipounamu/Wharekauri

Do you agree that your team members (including students) undertake professional development in Māori health advancement? Yes/No

PRIORITISATION

Our research aims have emerged from priorities identified from (select those that best apply to you):

- ☐ Māori communities or Māori health providers
- ☐ Governing bodies (e.g., MOH, MBIE, Te Whatu Ora, Te Aka Whai Ora)
- ☐ Funders (e.g., MBIE, HRC, National Heart Foundation etc)
- ☐ Non-Governmental organisation(s)
- ☐ Stakeholders
- ☐ Consumers
- ☐ Industry
- ☐ Prior research evidence
- ☐ Other, please specify

MĀTAURANGA INFORMED RESEARCH

Our research will draw on Mātauranga Māori, and we have appropriate kaitiakitanga in place to ensure this is appropriately applied and monitored within our research:

- ☐ Yes, and we have appropriate support in place to ensure appropriate tikanga is in place to whakamana Mātauranga Māori within our research process
- ☐ We are not using Mātauranga Māori within our research design, implementation and outcomes
- ☐ Other, please specify:

JUSTIFICATION

Please note: If you select '**None of the above**' for the following question titled: "PROGRAMME / PROJECT / BODY OF WORK ALIGNMENT" you have met the requirements for the JUSTIFICATION component of the UOC Māori Health Advancement review process and will not be required to complete the remainder of the Rangahau Māori Plan.

PROGRAMME / PROJECT / BODY OF WORK ALIGNMENT

We consider that our project/programme and/or body of work aligns with the following (select those that best apply to you):

- ☐ Involves Māori participants
- ☐ Involves tissue or data from Māori
- ☐ Involves data sets that identify ethnicity
- ☐ Involves tissue or samples that identify ethnicity of the participants
- ☐ Utilises Mātauranga Māori
- ☐ Will impact clinical service delivery in Aotearoa New Zealand
- ☐ Has the potential to impact health equity in Aotearoa New Zealand
- ☐ Will inform health policy and process in Aotearoa New Zealand
- ☐ Will inform health related funding
- ☐ Will influence methodological approaches to research in Aotearoa New Zealand
- ☐ Reviews existing research that will inform health and research practice in Aotearoa New Zealand
- ☐ Involves Māori health researchers, communities or their resources
- ☐ Other, please specify:
- ☐ **None of the above**

RELATIONSHIPS

We have taken measures that adhere and align with Māori ethical guidelines, processes, and approvals for all relevant Māori health stakeholders/authorities recognising that multiple Māori partnerships may be involved, including (select those that best apply to you):

- ☐ Reviewed by the UOC Māori Health Research Advisor
- ☐ Reviewed by Te Whatu Ora/Te Aka Whai Ora ethics/advisory processes
- ☐ Research/programme Māori advisory committee
- ☐ Regional/national ethics approval processes
- ☐ Other, please specify

We have involved Māori stakeholders/authorities in the research processes including (select those that best apply to you):

- ☐ Research conceptualisation
- ☐ Research design
- ☐ Recruitment
- ☐ Funding
- ☐ Implementation
- ☐ Analysis
- ☐ Dissemination

Within our team we have the following expertise in Māori health advancement (select those that best apply to you):

- ☐ Completion of UOC Māori Health Advancement Taumata 100 (online modules)
- ☐ Completion of UOC Māori Health Advancement Taumata 200 (workshops)
- ☐ Completion of UOC Māori Health Advancement Taumata 300 (wānanga)
- ☐ Completion of MIHI 501 Health Professionals Course
- ☐ Other, please specify

We have considered the methodological approach of the research including a rationale of methods used and implications for Māori stakeholders (select the one that best applies):

- ☐ Yes
- ☐ No
- ☐ Other, please specify

We have considered how the research methodology takes into account the physical, social, economic, and cultural environment of Māori participants and prospective Māori participants inclusive of a Māori world view, including impacts of colonisation, racism, and/or social justice (select the one that best applies):

- ☐ Yes, our research considers the contexts described above
- ☐ No, our research does not consider the contexts described above
- ☐ Our research does not require us to engage with Māori participants
- ☐ Other, please specify:

PARTICIPATION

We have specified how individual and collective consent will be sought to conduct analysis on collected samples and data, e.g. primary or secondary analyses, third parties accessing samples (genetic, tissue, blood) for further analyses (select the one that best applies):

- ☐ Yes
- ☐ No
- ☐ Our research does not use samples or data from Māori
- ☐ Other, please specify

We have considered how the resource demands (current and future) placed on Māori participants and communities involved in the research will be identified and agreed upon, including resourcing for (select those that best apply to you):

- ☐ Participation
- ☐ Contribution
- ☐ Mentoring
- ☐ Knowledge
- ☐ Expertise
- ☐ Governance
- ☐ Cultural safety
- ☐ Our research does not require us to engage with Māori participants
- ☐ No
- ☐ Other, please specify

We have specified how biological tissue and other samples including data will be stored, and considered the processes of removal and/or sharing outside of Aotearoa New Zealand, if done, and disposal (select the one that best applies):

- ☐ Yes
- ☐ No
- ☐ Our research does not use samples or data from Māori
- ☐ Other, please specify

CAPACITY

We have considered how the research will resource the development and maintenance of Māori research capacity (select those that best apply to you):

- ☐ Grant funding
- ☐ Post-doctoral fellowships
- ☐ Clinical training fellows
- ☐ PhD scholarship and/or supervision
- ☐ Masters' scholarship and/or supervision
- ☐ Research assistant/research fellow position(s)
- ☐ UOC Future health fellowship sponsorship and/or supervision
- ☐ Other, please specify

We have considered how the research team will complete professional development opportunities to further develop the team's capacity to partner with Māori health stakeholders/authorities (select the one that best applies):

- ☐ Yes
- ☐ No
- ☐ Other, please specify

ANALYSIS AND INTERPRETATION

We have considered how the research and analysis will support critical inquiry and a strength-based approach that is inclusive of a Māori worldview (select the one that best applies):

- ☐ Yes
- ☐ No
- ☐ Other, please specify

DISSEMINATION

It is important a lay summary report of the research findings is produced and submitted to UOC Māori Health Advancement Komiti (MHARK). The Research Team will provide the UOC Māori Health Advancement Komiti (via the UOC Māori Health Research Advisor), a lay summary report (up to 500 words) of "How the research findings support Māori health advancement".

Projects that run for longer than six months will require a progress report to the Academic Board.

Choose one of the options below that applies to this Rangahau Māori Plan:

- ☐ A lay summary report will be submitted 2-yearly from the completion of this survey.
Enter approximate date:
- ☐ A final lay summary report will be submitted at the conclusion of this study (if this research is less than 24 months).
Enter approximate date:
- ☐ Other.
Enter approximate date:

We have considered the dissemination of the research findings to relevant Māori governing bodies and communities (select those that best apply to you):

- ☐ Yes, we have existing relationships that we will utilise to ensure dissemination of findings to support Māori health advancement
- ☐ Yes, we will work alongside the UOC Māori Health Research Advisor to ensure our research is appropriately disseminated to support Māori Health Advancement
- ☐ No, our research does not use samples or data from Māori
- ☐ No, we require further support to complete a plan on how to achieve this
- ☐ Other, please specify

We have considered the process for knowledge translation and implementation that supports Māori health advancement (select those that best apply to you):

- ☐ Research capacity
- ☐ Policy
- ☐ Investment
- ☐ Guidelines
- ☐ Supporting Māori organisations to develop resources/policies/funding applications
- ☐ Other reports/outputs, please specify:
- ☐ Other, please specify:
- ☐ No, we require further support to complete a plan on how to achieve this
