

Polling

Poll Everywhere

- Easy to use and you can embed the poll in a powerpoint from powerpoint
- Lots of different question types
- No reports unless you get the paid version
- If using in powerpoint it needs to be installed on that machine
- Free version only allows 40 responses per question

Echo Polling

- Relatively easy to use if you use echo already
- Upload powerpoint to echo then add questions then share via moodle or Blackboard
- The powerpoint version does not seem to allow to add questions via the powerpoint
- Only the students in the echo Moodle Blackboardcourse will be able to participate in the poll

Jazz Quiz (Moodle) Active Quiz (Moodle)

- Easy to use and a great variety of questions
- Can create a bank, share and use in other Moodle tools like:
Quiz, question practice, student quiz, embed in pages
- You can use existing questions in your moodle question bank

- Need to build the quiz like a powerpoint for best results
- The students need to be in Moodle to access the poll

Kahoot and Zoom

- Kahoot is a fun free quiz revision tool
- Its online and you can share your quizzes

- Zoom Polling is limited in that you need to prepare questions in your zoom room first
- You can have a single or multiple answer question but it is just a poll and will not show answers
- You could just ask them to raise their hand or click yes or no. Polling does give you reports but these only last 30 days
