How to get involved in Community Engaged Teaching and Learning

Marine Metre Squared (www.mm2.net.nz)

- Register on the site
- Do a survey and upload the data, then do it again!
- Encourage others to do a survey
- Post an observation, ask for information, set a challenge
- Answer a blog post, help with identification
- Contribute to Facebook and Twitter
- Help with the development of resources
- Contact sally.carson@otago.ac.nz for further info

Seaweek (www.seaweek.org.nz)

- Annual event usually held in early March each year
- Volunteer to help with events during the week
- Contact sally.carson@otago.ac.nz for details

International Science Festival (www.scifest.or.nz)

- Science festival held every two years in the winter school holidays
- Events also held in the interim period (eg Queenstown Science Blitz)
- Volunteer to help with events
- Contact sally.carson@otago.ac.nz to register your interest

NZ Marine Studies Centre School Programme (www.marine.ac.nz)

- Interested in helping with the school programme?
- Contact these people
- Steve Cutler - Secondary and G&T (steve.cutler@otago.ac.nz)
- Shelley Dixon - Primary (shelley.dixon@otago.ac.nz)
- Richard de Hamel - Nelson area (richard.dehamel@otago.ac.nz)

Aquarist Work

- Do you have experience with Aquarium systems?
- Are you interested in volunteering your services?
- Contact adelle.oneill@otago.ac.nz

Outreach Certificate

(<https://www.otago.ac.nz/sciences/engagement/outreach/>)

- Get recognition of your outreach work from the Division of Sciences
- Register for the certificate on the website
- Log your hours of outreach work

Science Fair Squad/Hands-on Science

- Could you mentor school students through a science fair project?
- Are you interested in helping with Hands-on Science week?
- Contact sandra.copeland@otago.ac.nz
