

Dunedin School of Medicine Medical Grand Rounds 2023

“Welcome to Grand Rounds 2023!”

Dr Joel Papak

Tuesday, 28 March 2023

1:00-1:30pm

Barnett Lecture Theatre

1st floor, Dunedin Hospital

(masks must be worn)

Medical Grand Rounds are resuming for 2023 and we warmly invite all SMOs, RMOs, house officers and DSM Medicine Department employees to attend.

Each week during the 1-hour seminar, 1-2 topics will be presented on by a roster of RMOs and of guest speakers, and attendance at the sessions counts towards your CPD hours.

The first presentation of the year will be given by Joel Papak, by way of welcoming you all to programme, and we will be sending weekly bulletins like this to advise who will be presenting on what topics for the rest of the year (see below)

Grand Rounds 2023

Tuesday 28 March 2023

Welcome back!

- last held in 2021
- no Grand Rounds in 2022

The annual minimum CPD requirement is 100 credits, with each category capped at 60 credits. There is no requirement to complete activities in all three categories.

CATEGORY 1

EDUCATIONAL ACTIVITIES

1 CREDIT PER HOUR
Maximum 60 credits per year

Educational activities have traditionally been the major component of CPD and include activities such as lectures, presentations, conference attendance and reading that contribute to a doctor's maintenance, updating and broadening of their medical knowledge and professional skills.

Examples

- Lectures (including the [College Learning Series](#)) / seminars / workshops
- Conferences (including the RACP Congress)
- Courses
- Reading (including the RACP [Curated Collections](#), and other [speciality specific resources](#)) / info searches e.g. Medline
- Grand rounds / journal clubs
- Research
- Hospital and other medical meetings
- Online Learning (including the [RACP Online Learning courses](#) and the [Spaced Learning](#) / audio (including [Pomegranate Health](#)) / videos
- Committee / working group / council involvement
- Self-assessment programs e.g. [MKSAP](#)
- Providing mentoring and executive coaching
- Presentations (including preparation time)
- PhD studies / formal postgraduate studies
- Publications (including preparation time)
- Teaching
- Supervision of trainees, medical students, PhD students
- Mentoring of trainees, medical students, PhD students
- Examining of trainees, medical students
- Undertaking College educational roles
- Other educational activities

Completing activities listed in Category 1 may, on some occasions, require you to engage in peer review or outcome measurement. Where this is the case, only the time you spend on that component of the activity (and not the whole time for that activity) can be claimed in categories 2 or 3.

Presenting next week (04/04/23):

- Wan Deraman
- Ashley Eaton

John Borrie Visiting Professor

The Dunedin Basic Medical Sciences Trust is pleased to announce that the John Borrie visiting Professor for 2023 is Dr David Adams from New York. Dr Adams is:

*The Marie-Josée and Henry R Kravis professor and system chairman
Department of Cardiovascular Surgery – Icahn School of Medicine
Mount Sinai Health System*

Cardiac Surgeon-in-chief, Mount Sinai Health System

President of the Mitral Foundation

Program Director – Mitral Valve Repair Centre – Mount Sinai

Dr Adams is visiting New Zealand as a guest of the Trust and is contributing to the annual NZ Cardiac conference with him contributing, amongst other contributions, to the teaching of cardiac surgical trainees.

He is also visiting Dunedin and as part of this visit will be giving a public lecture:

“The Current State of Cardiac Interventions in the USA”

This is to be held in the **Barnett Lecture Theatre, 1st floor Dunedin Hospital at 2pm on Tuesday March 28th.**

You are cordially invited to attend this lecture. Dr Adams is one of the world's leading surgeons and we are extremely honoured to have him visit Dunedin.

Dick Bunton – Chairman DBMST
