RESEARCH AND ENTERPRISE

Updates and Announcements from week commencing 6 May 2024

Aotearoa New Zealand Tāwhia te Mana Research Fellowships - NEW

The Aotearoa New Zealand Tāwhia te Mana Research Fellowships are administered by Royal Society Te Apārangi on behalf of the Ministry of Business, Innovation and Employment.

The Aotearoa New Zealand Tāwhia te Mana Research Fellowships consists of three schemes, targeted at early, mid- and established career researchers. The schemes are:

- **New Zealand Mana Tūāpapa Future Leader Fellowships** are for **early-career researchers** looking to build the foundations of their reputation in their field.
- **New Zealand Mana Tūānuku Research Leader Fellowships** are for **mid-career researchers** looking to build an extensive reputation for research and leadership in both their field and the wider system.
- **New Zealand Mana Tūārangi Distinguished Researcher Fellowships** are for **distinguished researchers** to build an expansive reputation that extends beyond on their own career span.

Refer [here](#) for further information regarding these fellowships.

The Aotearoa New Zealand Tāwhia te Mana Research Fellowships Funding Round is due to open late May/early June. Rounds will be advertised in the Funding Calendar once they are open.

University Advisory and Science System groups: Overview session – NEW

Professor Sir Peter Gluckman will be providing an overview of the University Advisory Group (UAG) and the Science System Advisory Group (SSAG), set up by Government to review the University Sector and Science System.

He will discuss the work programme ahead to inform and shape the discussions of the panel as it considers the future of the university system and beyond. Sir Peter will also cover the public submission processes and opportunities for University staff to provide input into these over the coming months.

A recording of this session will be made available.

Session agenda:

- Introduction by Acting Vice-Chancellor
- Introduction to the UAG and SSAG by Sir Peter Gluckman (10-15mins)
- Q&A - email questions to [VCforum@otago.ac.nz](mailto:VCforum@otago.ac.nz)

Session details:

- When: 9am, Tuesday, 7 May
- Location: Online via Zoom - [click here](#) to join.
- Webinar ID: 981 7747 1624
- Webinar Passcode: 170434

Note: All attendees must sign into their Otago staff Zoom account to be able to join.

Human Ethics applications and assessment via Conduit
A new way of submitting and processing human ethics applications is now live. The new system – Conduit – has replaced Word-based application templates with online applications. You can access the web-based system via this link and then use your Otago University log in and password.

You can find recorded online training sessions, further resources and more information about Conduit on this SharePoint site: https://otagouni.sharepoint.com/sites/Conduit/SitePages/training-home.aspx

If you have any questions, please contact prisproject@otago.ac.nz

A reminder that Conduit relates only to human ethics. Processes for submitting animal ethics applications through IARMS (Integrated Animal Research System) are not changing.

From Tuesday, 16th April 2024: important notes for applications
- If you have already submitted an application – including response to a Committee decision or an amendment - you do not have to re-submit in Conduit.
- If you are submitting an application on or after 16th April 2024 – including response to a Committee decision or an amendment - please do this in Conduit.
- All communications from 16th April 2024 will be via Conduit.
- If you have any questions regarding applications for the May meetings of the UOHEC and UOHEC (Health) please email jo.farrondediaz@otago.ac.nz

If you have any queries or would like further information regarding any of these Funding Opportunities, please contact your Research Advisor. Our contact details are available on the Research and Enterprise Website.

**Research News and Upcoming Funding Opportunities**

If you would like the Research Opportunities emailed out to you fortnightly, you can join the ResearchInfo List. To subscribe, please email research@otago.ac.nz, with subject line: ‘Subscribe to Research News’ and we will add your email address to the Research News mailing list.

**GENERAL INFORMATION REGARDING RESEARCH FUNDING AT OTAGO**

**When you need to contact us**

Staff are reminded that every application for external research funding must come through Research and Enterprise, via your Research Advisor. If you are not sure, please call and we will be able to advise you. All grant applications and proposals should be submitted by academic staff. Please inform your Research Advisor if you intend to apply as Principal Investigator for any contestable funding, whether advertised here or not, at the beginning of the development of your application. The same situation exists if you have been approached by
researchers at another institution/organisation to collaborate on a funding proposal where Otago is not the lead institution and/or is not submitting the proposal.

**Costings and Consents Worksheet – Please use the latest version on website**
A UoO Costings and Consents Worksheet (CCW) is required for all applications, signed by the applicant, their Head of Department/Resource Centre and their Dean/PVC, in accordance with University policy on externally funded research. You can download the latest version of our CCW [here](#). For advice on the use of the CCW to develop costings for your project, please contact your Research Advisor.

**Requirement for Field of Research (FOR) and Socio-Economic Objective (SEO) codes**
It is now a requirement that Universities report to the Ministry of Business, Innovation and Employment on FOR and SEO codes for all research and commercial projects. These codes must be entered in the relevant section of the costing and consent worksheet. A maximum of three codes can be selected for each category and percentages should be in blocks of 10. A full list of the codes is included in the electronic version of the ccw. Please talk to your Research Advisor or Business Development Manager if you have any queries regarding these.

The [UoO Policy Document on Externally Funded Research](#), which outlines both the need for and the usage of the CCW, can be viewed [here](#).

**Panui Rangahau Māori – Māori Research Consultation**
This message clarifies that The Ngāi Tahu Research Consultation Committee is not being disestablished. The University is providing new roles alongside existing support through the Research and Enterprise Office which will support researchers in developing your research ideas.

As many may be aware the Ngāi Tahu Research Consultation Committee (NTRCC) is experiencing significant delay due to continuing support staff shortages. Unfortunately, this has yet to be resolved.

The recommended course of action for researchers is to continue to submit to NTRCC as usual. Working within your divisions and department, work with your Research Advisors (who are there to help) to develop your Vision Mātauranga Policy statements and progress developing your ideas toward ethics approval. Document your thoughts regarding VM, relevance to Māori, and pathways to impact on society, this is all valuable thinking even in early stages.

Your Research Advisors will be able to provide support in the first instance or may choose to escalate if necessary.

Please note for Christchurch researchers the Māori Health Advancement Programme for researchers at UOC has two components:
- a professional development programme and
- a new research review process

For all information about how to complete the professional development programme and complete the research review process please head to this page: [https://www.otago.ac.nz/christchurch/services/researchoffice/maoriconsultation](https://www.otago.ac.nz/christchurch/services/researchoffice/maoriconsultation)

For any queries or pātai please email the Kaitohutohu Rangahau Māori/Māori Research Advisor at: maorihealthadvancement.uoc@otago.ac.nz

**Ethics and Regulatory Consents**
The University requires that any research involving human participants and/or animals is conducted in accordance with the highest ethical standards. Where appropriate, compliance includes ethical approval from the relevant ethics committee. Please refer to our Ethics and Regulatory Consents webpage for further information.

**Checklist for submitting grant proposals**
Remember to include:
• Copy of the application *(signed by applicant, and HoD/Dean if requested by funder)*
• University of Otago Costing & Consents Worksheet (CCW) *(signed by applicant, HoD and Dean/PVC)*
• Evidence of Māori Research Consultation
• Ethical / Regulatory approvals *(if required and already approved)*

Research and Enterprise then obtains the authorised signature of the University for you *(if required)*, copies the application, and sends it to the funding body by the due date.

**Contact Details for the Research Advisor Team**
For further information, advice, and assistance regarding anything to do with contestable research funding, please contact the Research Advisor for your Division/Department:

**Extension and Closure of Research Accounts – Notice to all Departments**
**Extensions** - All requests for an extension should be done before the end date of the contract. Researchers will need to contact their Research Advisor or Business Development Manager in the first instance. This process replaces all previous notifications by Research and Enterprise. Research Finance Administrators, Research and Enterprise - Email: research.finance@otago.ac.nz

**Closures** - In order to help speed up the closure process of Research Projects, Research and Enterprise has provided a copy of the “Research Project Closure form” at link. This form can also be found on F1 under the chart enquiry screen.
Finance Associates in each department need to download and complete this form for each account that is to be closed and save it down into the relevant CLOSURE FORMS folder accordance with the instructions issued by Research Finance. Research Finance will action any journals for surpluses or deficits and organise credit notes for the return of surplus funds where applicable. Research Finance will also close the accounts in REDs and Finance One.

**Closure Form for Internally Funded Research Grants:**
A form has been created and placed on the Research and Enterprise webpage - link
The sole purpose of this form is to instigate the closure and repayment of overspends within Internally Funded Research Grants (R accounts - University of Otago Research Committee funded grants).
University of Otago Bridging Scheme Register and Continuation of Research Achievement Grant (CRAG) for External-Grant-Funded Research-Only Staff

University of Otago Research Committee has introduced a Bridging Scheme to provide a mechanism to protect the continued contributions of Research-Only Principal Investigators. Further information regarding application for membership can be found here.

The Continuation of Research Achievement Grant (CRAG) has also been introduced to support highly productive research leaders within the University in the event of significant grant failure. It is linked to the Bridging Scheme (see above) but also applies to academic staff with confirmed appointments. Application Forms and Guidelines can be found here.
