

Kia ora koutou,

Another eventful year has passed and we're almost ready to rest our heels. Before that happens though, we would like to acknowledge both our students and the fantastic people we have had helping us support them this year. Covid has still been among us in 2022 and we want to thank our clinical teams for persevering and accommodating the needs that come with this. We recognise all the effort that goes into preparing our students for the workforce and your involvement is greatly appreciated.

New to the team

Educators joining our team in January are:

Jesse Eichman in the ADHB treatment trainer secondment role
Lydia Crighton in Christchurch and **Hema Tangavella** in Waikato
and we are delighted the team at Kathleen Kilgour Cancer Centre are back with **James Sanderson** being appointed as clinical educator there.

DATES OF INTEREST 2023

Year 2 clinical start Jan 9th
Year 3 start Feb 7th
Year 1 start Feb 20th

GRADUATION
May 13th

Awards 2022

This year we moved away from the campus wide Prizegiving Ceremony in favour of hosting smaller ceremonies in 2023 with just our own staff and students. We expect our students will enjoy celebrating their achievements amongst the rest of their cohort which has not been possible in the past.

We are happy to announce the recipients of the 2022 Radiation Therapy Awards:
