# Te Tūhauora: Māori Health GENA704

## **Primary Health Care Postgraduate Diploma/Certificate Elective Paper.**

This interdisciplinary paper covers a range of topics, including the historical, social and political contexts of Māori health.

Topics covered include:

- An awareness of the broader issues of indigenous health.
- Recognition of the diversity of Māori and an understanding of issues surrounding the measurement of Māori ethnicity.
- A familiarity with Māori health status and priorities.
- An awareness of issues of service responsiveness to Māori.
- Knowledge of Māori health initiatives, models for delivery, and resources available to primary health professionals.
