Premier Otago Research Groups

❑ Centres of Research Excellence (CoRE) based at the University of Otago.

- ❖ [Coastal People: Southern Skies](#) - The collaboration connects communities with world-leading, cross-disciplinary research to support transformative change to rebuild coastal ecosystems.
- ❖ [The Dodd-walls Centre for Photonic and Quantum Technologies](#) - research centres around photonics, the manipulation of light at the most fundamental, quantum level, and the control and manipulation of matter at the atomic scale, through the use of light.
- ❖ Ngā pae o te Māramatanga (Network of Māori focused research)

❑ [Genomics Aotearoa](#) - a suite of nationally significant research activities that drives innovation and progress in areas such as healthcare, agriculture, conservation, environmental sustainability, and more through genomic research

❑ National Science Challenges

- ❖ [Ageing Well](#) - build the evidence base for the policies, technologies and interventions that are needed to achieve active ageing
- ❖ [Healthier Lives](#) - prevention and treatment of main non-communicable diseases: Cancer, Cardiovascular disease, Diabetes, Obesity
- ❖ [A Better Start](#) - find better ways to predict, prevent and treat obesity, learning and mental health problems in children and teenagers.
