ONE SURVEYOR'S JOURNEY
TOWARDS THE APPALACHIAN
TRAIL (AT)

PRESENTER:

Jim Bazsika

School of Surveying, University of Otago

My professional career began with surveying in the Appalachian Mountains in the eastern US, then life led to studying and surveying in New Zealand, and will now end by traveling back to the eastern US to hike the Appalachian Trail (AT) which transects those same mountains. Learn about the AT, what it is, how it came about, how it was surveyed and its lasting appeal to so many people – including this one surveyor.
