Navigating to the approval form

There are two ways to navigate to an approval form: via e-mail or via My Nintex.

Email approval

Once an event attendance and travel request has been submitted, the nominated approver will receive an e-mail to their personal email address containing a link to an approval form.

This is a system-generated e-mail.

Reviewing the request

- 1. Review the applicant's request, pages 1-5 of the approver form, and any supplied attachments in the approver email.
- 2. On the Approver page, page 6:
 - a. First approvers:

If there is an international travel component, complete the *International travel* section. In some instances, the first approver may also be the international approver, if this is the case, select *Yes* at the question: I am the international approver. Otherwise, select *No* and start typing the name of the appropriate Divisional Head. <u>Note</u>: Select the staff member's personal University email rather than role-based accounts e.g. e.g. Jane Smith (jane.smith@otago.ac.nz) instead of divisional.office@otago.ac.nz

- b. International travel approvers: Review the first approver comments.
- Record your decision, *Approve* or *Decline*, and add comments as desired. <u>Note</u>: all comments entered will be visible to the applicant (and the international approver, if required).

Any minor amendments to the application that are being approved should be mentioned in this comments box. Any major changes, such as an additional route, additional accommodation or different class of travel will require a new request to be submitted.
