

### The problem:

- the combined housing and climate crisis with the risk of climate ghettoisation
- the challenge of resourcing flax-roots solutions

### Solutions:

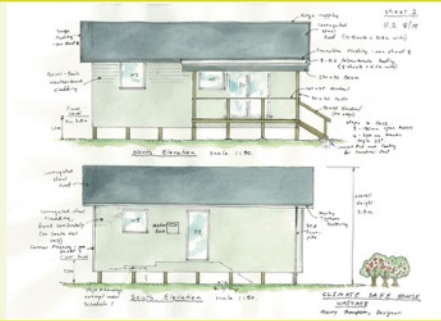

- building partnerships to foster innovation in climate safe housing
- creating visibility for adaptation efforts to ensure climate justice
- acting despite uncertainty and a vacuum in government leadership

website: [www.brct.org.nz](http://www.brct.org.nz)  
email: [office@brct.org.nz](mailto:office@brct.org.nz)

### How?

- the climate-safe house as a pathway project
- generous sponsorship
- active partners
- flax-roots stewardship
- pledges from our community

### Technical design

- small
- simple
- modular
- affordable
- low carbon
- transportable
- energy efficient
- autonomous
