

# Shark Spy!

## Help us find shark egg cases

There are three main sharks whose eggs you could find on NZ beaches. They are the:

The New Zealand carpet shark  
*Cephaloscyllium isabellum*

Elephant fish  
*Callorhinchus milii*

Rough skate  
*Zearaja nasutus*

There are three ways to add your sighting to our database:

- Go to [www.inaturalist.org](http://www.inaturalist.org), search for **Shark Spy Egg Cases**. Then simply upload your encounter to our database.
- Upload your picture to our **Facebook** page, simply search for **Shark Spy Otago**.
- Email your picture with location and time to: [shark.spy.otago@gmail.com](mailto:shark.spy.otago@gmail.com)
