University of Otago, Wellington | 23A Mein Street | Newtown | Wellington

Climate and Health: No-Trumps.

Dr Anne MacLennan,

OraTaiao: New Zealand Climate and Health Council

OraTaiao: New Zealand Climate and Health Council is an organisation of over 500 health professionals throughout New Zealand, concerned about the impacts of climate change on health and health equity.

Climate change is bad for health. Many mitigating actions are good for health. This presentation argues that we all have a role to play in New Zealand's response.

Anne MacLennan is a member of OraTaiao and a palliative medicine specialist, recently based at Wellington Hospital. She is striving to develop a resilient, low-carbon lifestyle.

Friday 28th April 2017 12.30 to 1.15

Small Lecture Theatre, Level D, University of Otago Wellington
