No. 231-232 January-February 2019

## Nurse.net

### The Mayo Clinic

<https://www.mayoclinic.org/>

The Mayo Clinic is a highly respected healthcare facility based in the United States. Their website includes excellent patient information on many diseases and conditions, and you can find information about these either by using the A-Z option, or by searching within the website.

## Procrasta.net

### New Zealand Birds Online

<http://nzbirdsonline.org.nz/>

This interesting website covers native and introduced bird species, and is described as a digital encyclopaedia. It has support from the Department of Conservation, Te Papa and Birds New Zealand. Each type of bird has its own page, which includes many photos and audio clips, along with excellent information on areas such as habitat, identification and behaviour. You can search for birds you know the name of, or use the 'identify that bird' feature.
