

What colour would a bee see this flower?

Your aim today is to collect 3- 5 different flowers. Draw a picture or take a photo and print it out of the flower. Make sure you include colours and patterns you see. Then using the table below draw the flower how you think the bee might see it.

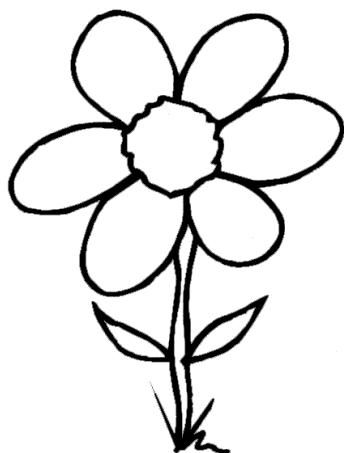

We see	Bees see	add in UV
red	black	uv purple
orange	yellow/green*	
yellow	yellow/green*	uv purple
green	green	
blue	blue	uv violet
violet	blue	uv blue
purple	blue	
white	blue green	
black	black
