If you are making a series of related deletions, please include all of these on the one proposal form rather than filling out a separate form for each. If the paper deletions have already been clearly identified in any proposals on Form 1, 2, 3 or 4, a Form 5 does not need to be completed.

Qualification(s) Being Deleted or Being Affected

(Qualification being deleted or Qualifications for which paper(s) currently offered.)

BA

BASc

Justification

(Briefly state the reason for the deletion and explain the effect of the deletion on your department's curriculum. If the deleted paper(s) will be replaced, but you have not yet completed a Form 3 Proposal for a New Paper, please indicate the paper(s) to be added and note that a separate Form 3 will need to be completed for each new paper.)

All existing ARCH coded papers are being changed to ANTH codes and this is a departmental response to re-engage towards our students with a vision of holistic anthropology as the defining quality of our department's curriculum. In assessing our offerings in the new ANTH coding, we already have two Special Topic papers at the 200-level and do not require a third special topic paper.

Consultation with Other Departments/Other Divisions

(Please include details of consultation with relevant departments and Divisions particularly if the proposed deletion affects more than one qualification.)

BIOANTH staff and students, ANTH and ARCH staff and students through HOD-led consultation meetings.

Consequential Amendments to Regulations or Schedules A, B and C and/or Other Papers

(Please set out any consequential amendments to regulations or schedules which would need to be made in light of the deletion, e.g. please consider whether the paper was a prerequisite for another paper, or if another paper had it as a restriction. Please list page numbers of ALL Calendar entries involved.)

None.

Transitional Arrangements

(Describe the effect of deletion of this programme or paper on students currently enrolled and how this will be managed.)

This paper was not on offer during 2017 and expected to be next offered in 2019 however the paper can be placed within one of the already existing ANTH Special Topic codes at that point.
