

A future for Princes Street

SURV 553/453 (Urban Design II) student presentations and panel discussion

Princes St. circa 1905. Sir George Grey Special Collections, Auckland Libraries, AWNS-19050330-10-5

Princes Street is in need of a new vision to revitalise what was once a prominent part of Dunedin. Students from SURV 553/453 (Urban Design II) will present their analysis of the existing state of Princes Street and initial ideas for a new future. Following the presentations we will be asking the audience for their opinions, thoughts, and ideas on what the future of Princes Street could include.

12:00 noon, Thursday, 6th August 2015
