Zoom Webinar | University of Otago
Wed 26 August 2020 | 12:30-13:30

Turanga Health - a Māori primary health services provider in Gisborne - was designated an essential service throughout the Covid19 pandemic.

The presentation and discussion will focus on Turanga Health's strategies during Alert Level 4 to identify vulnerable whānau, maintaining wraparound support by staying connected and responsive, and deploying collaborative teams with skills and resources to match whānau needs.

This webinar is open to all, with particular relevance for those interested in interprofessional collaborative practice in community settings.
