

Marine Metre Squared

Citizen Scientists wanted to monitor the NZ seashore

STEP 1

Register at www.mm2.net.nz

- ▶ Download the datasheets for Mm2 or transect surveys
- ▶ Check out resources including seashore ID guides
- ▶ Watch short videos about Mm2 and marine life

STEP 2

Visit the seashore

- ▶ Check the low tide time, take your gear and datasheet with you
- ▶ Count and record the animals and plants in your metre square
- ▶ Leave the shore the way you found it

STEP 3

Upload and analyse your data

- ▶ Go to the www.mm2.net.nz website and enter what you found
- ▶ Use the Mm2 blog to ask questions and share observations
- ▶ Use the tools to graph your data and compare with other surveys
