

PHTY535: Advanced Physiotherapy Management: Eligibility for entry form.

This paper is eligible for a **Workforce Development Scholarship** for New Zealand registered physiotherapists working in **Comprehensive Primary and Community Care Teams**

This scholarship covers one 30-point course per student, for Semester Two, 2024 only and is intended to support physiotherapists primarily employed by Te Whatu Ora who work in Comprehensive Primary and Community Care Teams.

This funding **does not** cover travel, accommodation, textbooks, equipment, meals, or release time. Applicants can work with their employer to access workforce development enablement funding which has been provided at a regional level to support equity of access, for example travel for the paper's compulsory residential block, and to enable the primary and community care workforce to take up these opportunities.

This form is intended to determine your eligibility for this funding.

SECTION A:

Your information

First name:

Surname:

Mobile number:
