

UOC Māori Health Advancement Professional Development Programme

Course code: MHA100

Course name: Maori Health Advancement Taumata 100

Kaupapa: An introduction to knowing and understanding the importance of Māori health advancement for health research in Aotearoa/New Zealand.

Mode of delivery: Online

Module code: MHA101

Module title: Consolidated criteria for strengthening reporting of health research involving Indigenous People: the CONSIDER statement

Kaupapa: To gain an awareness of the CONSIDER statement as a tool for promoting culturally safe and equitable health care.

Module code: MHA102

Module title: Te Tiriti o Waitangi

Kaupapa: To gain an awareness of the historical and political context of the Treaty of Waitangi and its implications for Māori health research.

Module code: MHA103

Module title: Te reo Māori

Kaupapa: To gain an awareness of basic te reo Maori greetings and pronunciation.

Module code: MHA104

Module title: Tikanga

Kaupapa: To gain awareness and an appreciation of the various elements of tikanga, including values, customs, and traditions.

Certificate of completion: This certificate acknowledges the participant has successfully completed the University of Otago Christchurch, Māori Health Advancement course MHA100: An introduction to knowing and understanding the importance of Māori health advancement for health research in Aotearoa/New Zealand. The participant is able to strengthen the design and development of their health research, by identifying strategies to promote and support Māori health advancement.

Pathway: On completion of all four (4) modules, the participant can download the Certificate for MHA100: MHA Taumata 100 completion and can access MHA Taumata 200 to self-enrol.

UOC Māori Health Advancement Professional Development Programme

Course code: MHA200

Course name: Maori Health Advancement Taumata 200

Kaupapa: An opportunity to explore Māori health advancement in action and strengthen responsiveness to health research in Aotearoa/New Zealand.

Mode of delivery: Face to face workshops

Module code: MHA201

Module title: Health research and the CONSIDER statement

Kaupapa: To apply the CONSIDER statement in a current research project/programme or a planned research project/programme, to strengthen responsiveness to Māori health advancement.

Monday 10 July 2023, 1pm-2:30pm

Rolleston Theatre

Kaikōrero: Professor Suetonia Palmer

Module code: MHA202

Module title: Health research and Te Tiriti o Waitangi

Kaupapa: To explore the implications of the Treaty of Waitangi for Māori health, within a current research project/programme or a planned research project/programme, to strengthen responsiveness to Māori health advancement.

Monday 17 July 2023, 10am-11am

Rolleston Theatre

Kaikōrero: Senior Lecturer Christina McKerchar

Module code: MHA203

Module title: Data sovereignty and building effective relationships

Kaupapa: To explore the role of Māori data sovereignty and specific Māori researcher / community / stakeholder relationships within a current research project/programme or a planned research project/programme, or within a research team or research setting, to strengthen responsiveness to Māori health advancement.

Monday 14 August 2023, 10am-11am

Rolleston Theatre

Kaikōrero: TBC

Module code: MHA204

Module title: Health research, Tikanga and te reo Māori

Kaupapa: To explore the role of tikanga and te reo Māori within a current research project/programme or a planned research project/programme, or within a research team or research setting, to strengthen responsiveness to Māori health advancement.

Monday 11 September 2023, 10am-11am

Rolleston Theatre

Kaikōrero: TBC

Certificate of completion: This certificate acknowledges the participant has successfully completed the University of Otago Christchurch, Māori Health Advancement course MHA200: A series of workshops to explore Māori health advancement in action and strengthen responsiveness to health research in Aotearoa/New Zealand. The participant understands the ongoing challenges and opportunities associated with advancing Māori health and well-being, including the need to address systemic and structural barriers to health equity, and to develop effective and culturally appropriate interventions and programs to improve Māori health outcomes.

Pathway: On completion of all four (4) workshops, participants can download the Certificate for MHA200: MHA Taumata 200 completion and can access MHA Taumata 300 to self-enrol.

UOC Māori Health Advancement Professional Development Programme

Course code: MHA300

Course name: Maori Health Advancement Taumata 300

Kaupapa: An opportunity to whakawhanaungatanga with researchers and peers to develop the skills necessary to apply Māori health advancement best practices in one's work, including the ability to critically reflect on one's own practice and identify areas for improvement.

Mode of delivery: Face to face wananga

Module code: MHA301

Module title: Best Practice in Māori Health Advancement

Kaupapa: Bring your research plan and work with the facilitators to discuss how to apply Māori health advancement principles to your research meaningfully. Participants will have opportunities to receive feedback on the Māori health advancement aspect of their research applications and protocols.

November 2023

Location: TBC

Kaikōrero: TBC

Certificate of completion: This certificate acknowledges the participant has successfully completed the University of Otago Christchurch, Māori Health Advancement course MHA300: An opportunity to whakawhanaungatanga with researchers and peers to further develop the skills necessary to apply Māori health advancement best practices in one's work, including the ability to critically reflect on one's own practice and identify areas for improvement. The participant is able to appreciate the role of interdisciplinary collaboration in health research and the importance of involving stakeholders, including patients, communities, and health professionals when conducting research.

On completion of attending a Taumata 300 wananga, participants can download the Certificate for MHA300: MHA Taumata 300 completion.
