# How to use this Guide

---

The information in this Guide is in three main sections.

## SECTION ONE

### General information > pages 1-44

This section will lead you through the step by step process of enrolling at the University of Otago.

These steps include:

- things to consider when choosing your programme of study
- University and programme entry requirements
- creating your eVision account (through which you manage all of your study-related activities from admission to graduation)
- selecting your papers
- paying your fees
- useful information and contacts for University resources and support services

## SECTION TWO

### Qualifications > pages 45-106

This section details particular qualifications and their required papers (bachelors', honours, diplomas and masters' degrees).

## SECTION THREE

### Paper prescriptions > pages 107-207

This section lists the available papers and provides a short description and content, teaching period and location, and other relevant details such as prerequisites.

# Course advice – there's more to it than you think.

---

You know what programme and papers you want to take, and have been course approved, so why should you get course advice?

Planning in your first year sets you up for your second, third, fourth, fifth... Get one-on-one advice that's tailored for you.

---

Having had your course approved means your course of study meets the regulations. Course advice is about ensuring your course of study is right for you and your goals, and is an opportunity to discuss your choices with the experts.

They can ensure your 2018 course of study is setting you up to complete your qualification in a timely manner. They can make sure your study fits with your career aspirations, and that it will get you where you want to go.

It's also an opportunity to find out about other services that are available at the University to allow you to finish your qualification with the skills, knowledge and confidence to tackle life's challenges beyond University.

Course advice is available throughout the year, and at any time during your studies.

Talk to one of our Liaison Team or, once you are on campus, book an appointment with a member of the University Course Advice Service.

## The University Course Advice Service

The University Course Advice Service is your first point of contact regarding course advice at Otago. They can help you with your course, or put you in touch with other expert staff from around the University, both academic and support, depending on your need.

For more information or to book an appointment to talk to a Course Adviser see

# Welcome

---

This publication provides you with all the information you will need to enrol at the University of Otago. It tells you what you need to do to complete your degree and it lists the papers that are available in 2018. You will need this information to plan your course and complete your application.

This publication also provides information about University life and describes some of the support services that are available at Otago. Please keep this guide handy because it will be a useful resource throughout the year. It should contain all you need to know, but please contact us if you still have any questions.

The University of Otago offers students excellence in teaching and research, an outstanding campus environment, and a large number of support services and recreational opportunities. The University takes pride in the achievements of its staff, students, and graduates.

So whether you are enrolling for the first time or are a returning student, whether you will be studying in Dunedin or elsewhere, we welcome you to the University of Otago and to the unique learning experience that we offer.

# Enrolling at Otago

To enrol at Otago you must complete the following process.

## THINGS TO CONSIDER >>>

1

### Are you eligible for admission to the University?

To be eligible for admission you must:

- meet the age requirement (be at least 16 years old by the first day of classes in your period of study)
- hold (or expect to gain) a university entrance qualification
- meet language requirements

See pages 8-12 or  
[otago.ac.nz/study/entrance](https://otago.ac.nz/study/entrance)

Applies to: New students

2

### What do you want to study?

Otago offers a wide range of study options.

Things to consider are:

- what you intend to study including your programme, specialisation (major subject or endorsement (if applicable), minor subject), and paper choices
- where you intend to study
- when you intend to start.

See pages 13-14 or  
[otago.ac.nz/courses/qualifications](https://otago.ac.nz/courses/qualifications)

Applies to: All students

3

### What are the programme entry requirements?

Different types of programmes have different entry requirements.

- General bachelors' degrees are subject to the Entry Pathway system
- Specialised bachelors' degrees have their own specific entry requirements, restricted choice of papers and admission procedures.

See pages 15-18 or  
[otago.ac.nz/study/planning](https://otago.ac.nz/study/planning)

Applies to: New or recommencing students; returning students applying for a new programme

## APPLICATION >>>

4

### What are the application due dates?

While you can start the application process via eVision as early as May, you must submit your application by certain due dates.

Make sure to take note of the due date that applies to the programme you're interested in – some programmes will not accept late applications.

See page 21 or  
[otago.ac.nz/study/enrolment/important-dates](https://otago.ac.nz/study/enrolment/important-dates)

Applies to: New or recommencing students; returning students applying for a new programme

5

### Creating your eVision account

eVision is the University's student management system, and is your one-stop shop for study-related information.

To create your eVision portal go to [otago.ac.nz/courses/qualifications](https://otago.ac.nz/courses/qualifications) select the programme you wish to take, click the  button and provide the required details.

See page 22 or  
[otago.ac.nz/courses/qualifications](https://otago.ac.nz/courses/qualifications) or log into [evision.otago.ac.nz](https://evision.otago.ac.nz)

Applies to: New students

6

### Complete and submit your application

To continue with your application log into your eVision portal

- Under My programmes and papers:
  - Click **Complete application** (new students)
  - Click **Apply for another programme** (existing students)
- Complete the steps until  appears
- Submit your application

See page 22-23 or  
[otago.ac.nz/study/enrolment/submitting](https://otago.ac.nz/study/enrolment/submitting)

Applies to: New and recommencing students; returning students applying for a new programme

A **new student** is someone who has never previously enrolled at Otago.  
A **returning student** is someone who was enrolled at Otago in 2016 and/or 2017.  
A **recommencing student** was last enrolled at Otago in 2015 or earlier.

## THINGS TO CONSIDER

# Are you eligible for admission to the University?

1

This section outlines the admission requirements for new students.

### Criteria for admission

To be eligible for admission at a New Zealand university you must:

- meet the age requirement – you must be at least 16 years old by the first day of classes in your period of study
- hold a university entrance qualification
- meet language requirements (see page 12).

*Note: Students enrolling for Foundation Studies or solely for Interest Only are not required to hold a University Entrance qualification.*

### University entrance qualifications

The following tables describe the minimum requirements which must be met in order to be considered for admission to a New Zealand university. To be offered a place at Otago you must also meet entry requirements for your chosen programme (see page 15). If you have previously undertaken tertiary study, your admission will also be subject to the Academic Progress Policy.

#### University admission vs programme entry requirements

A university entrance qualification is essential for admission to the University. However, not all students with a university entrance qualification will necessarily be admitted. Programme entry requirements must also be met before an offer of place is made.

## New Zealand secondary school entrance qualifications

### NCEA – National Certificate in Educational Achievement

To be eligible for admission in this category, you must achieve the University Entrance standard through NCEA Level 3.

#### 2014 onwards

- NCEA Level 3, and
- 14 credits at Level 3 in each of three subjects from the approved list

You must also meet literacy and numeracy requirements:

- Literacy: 10 credits at Level 2 or above in standards from the specified list, with at least 5 credits in reading and 5 credits in writing
- Numeracy: 10 credits at Level 1 or above, made up of
  - achievement standards – specified achievement standards available through a range of subjects, or
  - unit standards – package of three numeracy unit standards (26623, 26626, 26627 – all three required).

Refer to [nzqa.govt.nz/qualifications-standards/awards/university-entrance](http://nzqa.govt.nz/qualifications-standards/awards/university-entrance) for approved subjects and literacy/numeracy standards.

#### 2004-2013

14 credits in each of two approved subjects plus 14 additional credits in no more than two domains or approved subjects; literacy (4 credits in approved reading and 4 credits in approved writing at Level 2 or above); numeracy (14 credits in Maths or Pāngarau).

### CIE – Cambridge International Examinations

#### *Admission ad eundem statum at entrance level*

To be eligible for admission in this category, you must achieve:

- at least 120 points on the UCAS Tariff system, with a grade of D or better at AS or A level in syllabuses from at least three different syllabus groups, which are broadly equivalent to the NCEA approved list.

Literacy and numeracy requirements:

- an E grade or better in any one of AS English Language, AS Literature in English or AS Language and Literature in English, and a D grade or better in IGCSE or GCSE Mathematics; or
- as for entrance through NCEA.

### IB – International Baccalaureate (studied in New Zealand)

#### *Admission ad eundem statum at entrance level*

To be eligible for admission in this category, you must achieve the IB Diploma (24 points minimum).

Literacy and numeracy requirements:

- you must have completed the diploma with English as the language at Higher or Standard level in Language A: literature or Language A: language and literature, or at Higher level in Language B, together with any mathematics subject.

### University Entrance (UE)/ Bursary or Scholarship Examinations/Unit Standards

To be eligible in this category, you must have achieved:

#### **1993-2003:** either

- at least three C passes in Bursary plus Higher School Certificate; or
- an A or B Bursary; or
- a combination of Bursary passes and NQF or NCEA credits at Level 3 or above

**1987-1992:** four individual subject passes with D grades or better

**Before 1987:** aggregate total of 160 marks in four subjects

**Before 1986:** University Entrance (UE) by examination or accrediting

### Other

Please contact the University Information Centre (see page 44) for details on Entrance via other New Zealand school qualifications (e.g. New Zealand Certificate of Steiner Education).

## Overseas secondary qualifications

*Admission ad eundem statum at entrance level*

To be eligible for admission in this category, you must have achieved one of the following:

Australian secondary school ranking	<ul style="list-style-type: none"> <li>• ATAR of 74 or above, or</li> <li>• OP of 12 or below</li> </ul>
A Levels: General Certificate of Education	<ul style="list-style-type: none"> <li>• at least 3 results (excluding General Studies) at A level with at least one of these at C grade or above.</li> </ul>
IB – International Baccalaureate (studied overseas)	<ul style="list-style-type: none"> <li>• the IB Diploma (24 points minimum).</li> </ul>
Other overseas entrance qualifications	<ul style="list-style-type: none"> <li>• an approved overseas entrance qualification other than those specified above (e.g. US High School Diploma together with acceptable SAT scores). Contact the University Information Centre (see page 44) for more advice on specific qualifications.</li> </ul>

*Note: A non-refundable administration fee will normally be charged for applications under the Overseas Secondary Qualifications category.*

## Prior tertiary study

If you have studied overseas or at another New Zealand tertiary institution, the University will consider your admission based on previous academic performance. Your previous records will be assessed under the Academic Progress Policy (see page 40) as if you had been enrolled at the University of Otago. The possibilities for this type of admission are listed below. Copies of supporting documentation (e.g. transcripts) must be supplied when you apply.

You have previously studied at, or are transferring from, another New Zealand university	Your entrance qualification will normally transfer from that university.
You have a tertiary degree	<p><i>Admission ad eundem statum at graduate level</i></p> <p>You may be considered for admission at graduate level if you have completed a degree or equivalent qualification overseas or at a non-university tertiary institution in New Zealand.</p> <p><i>Note: A non-refundable administration fee will normally be charged for applications under this category.</i></p>
You have studied towards a tertiary qualification	<p><i>Admission ad eundem statum on the basis of tertiary level passes</i></p> <p>You may be considered for admission if you have university-level passes from overseas institutions, or non-university tertiary institutions in New Zealand.</p> <p><i>Note: A non-refundable administration fee will normally be charged for applications under this category.</i></p>
Recognition of Prior Learning (RPL)	<p>You can seek RPL credit on the basis of non-credentialled learning, only in Māori Studies or Surveying. Please contact the relevant School.</p> <p><i>Note: A non-refundable administration fee will normally be charged for applications under this category.</i></p>

## International students

If you are an international student, contact the International Office for specific advice on admission requirements or visit

[otago.ac.nz/international](https://otago.ac.nz/international)

## Admission from Foundation Studies

### *Admission ad eundem statum at entrance level*

You may be eligible for admission if you have completed the University of Otago's Foundation Studies Certificate, or another approved Foundation Studies programme in New Zealand. Contact the University Information Centre for advice on approved programmes, or to check if your intended Foundation Studies programme is suitable for admission.

*Note: A non-refundable administration fee will normally be charged for applications under this category.*

## Special Admission - 20 years of age or over

You may be eligible for admission in this category if you:

- are aged 20 years or over on the first day of classes in the teaching period you wish to begin study
- are a New Zealand citizen, or
- are a New Zealand permanent resident or an Australian citizen or permanent resident, studying in New Zealand
- do not otherwise qualify for admission
- meet language requirements (if your first language is not English or Māori). See table on page 12.

*Notes: If you are applying for programmes subject to the Entry Pathway system there are some extra requirements when applying for Special Admission. Please see page 17 for further information.*

*If you do not meet the normal age requirements but are otherwise adequately prepared for university study you may, in exceptional circumstances, apply for Special Admission. Restrictions may apply.*

*Special Admission is not available to international students.*

*A non-refundable administration fee will normally be charged for applications under this category.*

## Discretionary Entrance – under 20 years of age

You may be eligible for admission under Discretionary Entrance (on the basis of NCEA Level 2 or equivalent results or other academic achievement), if you are:

- a New Zealand citizen or permanent resident, or
- an Australian citizen or permanent resident (you must have completed your most recent year of schooling in New Zealand), and
- under 20 years of age on the first day of classes in the teaching period you wish to begin study, and
- not otherwise qualified for admission.

The normal minimum criteria are:

- a minimum of 80 NCEA credits at Level 2 or higher with at least 16 credits in each of your top 4 subjects.  
Each of these subjects should also include some merit and/or excellence credits. Three subjects must be from the approved list; and
- literacy and numeracy requirements as for NCEA

You will need to provide a personal letter of application. A supporting letter of recommendation from your school is also required if you are applying directly from secondary school.

### > Discretionary Entrance if you have completed the equivalent of Year 13 overseas

If you have completed your Year 13 overseas you may be considered for Discretionary Entrance. You will need to provide evidence as outlined above and confirmation of your exchange. This could be in the form of a certificate showing the completion of an approved exchange programme or a letter from your overseas secondary school.

### > Discretionary Entrance and NCEA Level 3

You cannot be considered for Discretionary Entrance to take first semester or full year papers if you have sought admission on the basis of NCEA Level 3 or equivalent or are undertaking Year 13 study beyond 1 June in the year immediately preceding enrolment. However you may apply to start in the second semester.

### > Discretionary Entrance and Summer School

You may be considered for Discretionary Entrance if you wish to take Summer School papers. If you do not gain University Entrance via NCEA Level 3 or equivalent in the January immediately after application, you must withdraw from the University at the end of the Summer School. You may apply for re-admission in the second semester or subsequently.

*Notes: Discretionary Entrance is not granted automatically. You will need to show you are capable of undertaking university study, either by NCEA Level 2 or equivalent results, or other academic achievement (normally one semester of successful full-time academic study at NQF Level 4).*

*A non-refundable administration fee will normally be charged for applications under this category.*

*Applicants wishing to take the not-for-credit Jumpstart Physics course do not need to apply for Discretionary Entrance as enrolment in this course is separate from your application for formal university study.*

## Language requirements

If you are seeking admission to the University you must be competent in the use and understanding of written and spoken English.

You fulfil language requirements if you meet the admission criteria for:

- NCEA\*
- University Entrance (via Bursary or older New Zealand UE qualifications)
- Discretionary Entrance
- CIE – Cambridge International Examinations\*
- IB – International Baccalaureate\*
- Australian secondary school ranking.

*\*Students studying NCEA, CIE and IB in New Zealand cannot use results from tests such as IELTS or TOEFL.*

If you do not meet the criteria for any of these methods of admission, and your first language is not English or Māori, you must normally provide results in one of the assessment methods listed in the table below.

- The minimum entry requirements listed below form part of the matriculation requirements for admission to the University. Admission to some courses may require higher levels of attainment.
- Other evidence of language proficiency may be considered to satisfy the admission requirements and will be evaluated on a case-by-case basis.
- The University does not accept responsibility for academic failure which can be attributed to a student's lack of competence in English.

## Need advice?

### The University Course Advice Service is here to help

Course advice is about ensuring you have the information and guidance you need to get the most from your studies.

It's a chance to talk through your course of study – planning what you want to study, helping you choose the degree and papers that are right for you, and making sure you have the right combination of papers to meet regulations.

It's also an opportunity to find out about other services that are available at the University to allow you to finish your qualification with the skills, knowledge and confidence to tackle life's challenges beyond University.

The University Course Advice Service is your first point of contact regarding course advice at Otago. They can also put you in touch with other expert staff, both academic and support, from around the University who can help you with your course.

You are able to access course advice throughout the year, and at any time during your studies.

## THINGS TO CONSIDER

# Choose your programme

The University offers over a hundred different qualifications grouped into the following categories: bachelors' degrees, honours degrees, and postgraduate programmes.

## General bachelors' degrees

A general bachelor's degree is a first or undergraduate degree which normally takes at least three years of full time study (or the equivalent in part-time study). For a list see page 15.

Every degree (with two exceptions – see below) needs a minimum of 360 points (typically twenty 18-point papers) and usually has a pyramid structure (e.g. 180 points at 100-level, 108 points at 200-level, and 72 points at 300-level). Most require the selection of one or more major subjects and many allow minor subjects as well. There is generally a wide range of papers to choose to enable you to tailor the programme to your areas of interest.

Exceptions to the normal pattern are two four-year degrees: the Bachelor of Arts and Science degree, which requires at least 480 points and two major subjects – one from those available for BA and one from those available for BSc or BAppSc; and the Bachelor of Physical Education degree, which requires 504 points.

Admission to these programmes is by way of the Entry Pathway system (see pages 15-17).

[otago.ac.nz/study/enrolment/general-bachelors](https://otago.ac.nz/study/enrolment/general-bachelors)

## Specialised bachelors' degrees

Specialised bachelors' degrees usually relate to a particular field of study and have their own specific entry requirements and individual admissions procedures. They generally have a restricted choice of papers associated with their particular subjects and structures. For a list see page 15.

For some specialised bachelors' degrees, admission to the programme is at first year level. For others, admission is at second year level (or sometimes even third year), with the initial year of study normally consisting of a first year course that is subject to the Entry Pathway system. For example, if you wish to enrol for the Bachelor of Pharmacy programme, you will initially apply for the Health Sciences First Year course, and will then apply to be admitted to the Bachelor of Pharmacy programme in your next year of study.

If you are considering applying to one of the specialised degree programmes, you should check the specific requirements for admission in the regulations for your intended programme on the University's website or in the University Calendar.

[otago.ac.nz/study/enrolment/specialised-bachelors](https://otago.ac.nz/study/enrolment/specialised-bachelors)

## Honours degrees

In most subjects, the honours degree is a postgraduate degree, requiring an additional year of study after you have completed a general three-year bachelor's degree (e.g. BA/BA(Hons)). Honours degrees usually involve more papers in the major subject of your degree, and a research report or dissertation.

In other cases (particularly professional programmes), the honours degree is an undergraduate degree requiring additional work but taking no longer than the corresponding general degree.

All honours programmes have specific entry requirements. For more information see [otago.ac.nz/study/honours-degrees](https://otago.ac.nz/study/honours-degrees)

## Postgraduate study

The University offers a wide variety of other postgraduate programmes:

- Postgraduate Certificates (especially in Health Sciences disciplines)
- one-year Postgraduate Diplomas
- Masters' degrees (see [otago.ac.nz/masters/handbook](https://otago.ac.nz/masters/handbook))
- Doctor of Philosophy (PhD) (see [otago.ac.nz/study/phd](https://otago.ac.nz/study/phd))
- other doctoral degrees

Further information about postgraduate study can be obtained from the relevant school or department or online from:

[otago.ac.nz/courses/qualifications](https://otago.ac.nz/courses/qualifications)

[otago.ac.nz/postgraduate](https://otago.ac.nz/postgraduate)

## Graduate diplomas

Graduate diplomas require at least one further year of study after you have completed your bachelor's degree. Most of the required papers are normally at undergraduate level, with at least 72 points above 200-level.

At Otago, most graduate diploma students study for the Diploma for Graduates (DipGrad).

For more information see [otago.ac.nz/courses/qualifications](https://otago.ac.nz/courses/qualifications)

## Certificate of Proficiency

If you wish to take a paper that is additional to your degree requirements, or not being credited to a University of Otago qualification, or repeat a paper you have already passed to obtain a higher grade, you may be permitted to enrol for that paper for Certificate of Proficiency (COP). It is not a formal qualification and a physical certificate is not awarded.

Application processes for papers at undergraduate level and due dates are as for general degree programmes.

## THINGS TO CONSIDER

# Check your programme's entry requirements

In addition to holding a University Entrance qualification (see pages 8-11), you will need admission to a specific programme or group of programmes, or be eligible to continue in those programmes, to be able to enrol in each year of study.

Admission to your programme depends on whether it is:

- a general undergraduate programme or course subject to the Entry Pathway system
- a specialised bachelor's degree programme
- a postgraduate programme.

The entry requirements that apply to programmes under the Entry Pathway system are detailed on page 16.

Specialised bachelors' degree programmes have their own specific entry requirements and admission procedures. They generally have a restricted choice of papers associated with their particular subjects and structures.

For information on the programme entry requirements for specialised bachelors' degrees see [otago.ac.nz/study/enrolment/specialised-bachelors](https://otago.ac.nz/study/enrolment/specialised-bachelors)

Postgraduate programmes are normally for students who have already completed a bachelor's degree. They also have their own specific entry requirements. See [otago.ac.nz/postgraduate](https://otago.ac.nz/postgraduate)

All students, both domestic and international, fall into one of the following categories:

- **new students** (never previously enrolled at the University of Otago)
- **returning students** (enrolled at the University of Otago in 2016 and/or 2017)
- **recommencing students** (last enrolled at the University of Otago in 2015 or earlier)

**New international students** should contact the International Office for advice on admission to their intended programmes.

**New and recommencing domestic students** will be assessed for admission under the Entry Pathway system except when applying for specialised qualifications which have their own specific entry requirements.

**All returning students** may normally enrol again, subject to the standard provisions of the University's Academic Progress Policy and the admission regulations for the specific programmes they are applying for.

## Entry Pathways

Admission to general undergraduate programmes and courses for new and recommencing domestic students is by way of the Entry Pathway system.

There are two pathways:

- Preferential Entry which guarantees a place for high-calibre students (subject to gaining a university entrance qualification and fulfilling minimum age and language requirements), and
- Competitive Entry

It is expected that the majority of students admitted through the Entry Pathway system will achieve entry via the Preferential Entry pathway. As long as enrolment patterns remain similar to previous years, a reasonable number of places will also be available via the Competitive Entry pathway.

The selection process includes an enhanced admission system for Māori and Pacific applicants. Particular consideration may also be given to applications from prospective students with disabilities if they supply the relevant information on the form provided for that purpose, available on request from the University Information Centre (see page 44).

## Preferential Entry

Preferential Entry is available under the categories below. Those who have previously undertaken substantial study at tertiary level will normally be considered on the basis of their tertiary GPA rather than their secondary school results.

In addition to the categories below, application must be made to the University by:

- **10 December 2017** for study commencing in the Summer School or first semester
- **15 June 2018** for study commencing in the second semester

Preferential Entry automatically converts to a guaranteed place at Otago when you also meet university entrance requirements (including minimum age and language requirements). If you don't have Preferential Entry when you first apply you may qualify later when your examination results become available or you accept a place in a residential college.

The University may in limited circumstances agree to grant Preferential Entry to any applicant who does not meet any of the criteria below but who has achieved an appropriate standard in other recognised qualifications or study, or who has otherwise demonstrated strong ability to achieve to a high standard in study at the University.

## Requirements for gaining Preferential Entry

### > No previous tertiary study undertaken

NCEA	NCEA Level 2 with merit or excellence gained in Year 12 or earlier, or NCEA Level 3 with merit or excellence, or NCEA Entry Score of 140 or above (see page 18)
CIE – Cambridge International Examinations (taken in NZ)	CIE Entry Score of 140 or above (see page 18)
IB – International Baccalaureate (taken in NZ)	Diploma awarded with 26 points or more
Australian qualifications	ATAR of 80 or above OP of 10 or below
Older NZ qualifications	University Entrance by accrediting and/or an A or B Bursary or Scholarship
Other	Accepted a place in a residential college owned by or affiliated to the University of Otago, or Accepted a University of Otago undergraduate scholarship, or Māori applicant, or a Pacific applicant of Polynesian, Melanesian, or Micronesian descent, who has not previously studied at a tertiary institution but who holds or is studying towards a New Zealand university entrance qualification (you may be required to provide verified evidence of your iwi affiliations and/or of family ancestry originating from at least one relevant Pacific nation).

### > Previous tertiary study undertaken

Previous Otago study	GPA of 4 (B-) for your most recent equivalent two full-time years of tertiary study
Previous study at other New Zealand or overseas university	GPA of 4 (B-) for your most recent equivalent two full-time years of tertiary study
Previous study at a non-university tertiary institution	Considered on a case by case basis depending on the programme and level of study

## Competitive Entry

New and recommending students who cannot initially be placed on the Preferential Entry pathway will be placed on the Competitive Entry pathway.

If you don't meet the criteria to transfer to the Preferential Entry pathway (see more information in the box to the right) you will remain on the Competitive Entry pathway and will be competing against other applicants. Applicants will be ranked primarily according to academic performance and will be offered places, in order of priority, if there are places available (subject to meeting minimum university entrance, age and language requirements).

Applications for admission via Special Admission or Discretionary Entrance will be considered under the Competitive Entry pathway only.

See page 11 for more details on Discretionary Entrance.

### > Special Admission

If you wish to be considered for admission via Special Admission to undertake a general degree programme you must normally provide a brief curriculum vitae containing details of any work experience or other activity undertaken which you feel may help us assess your suitability for admission to the University, and information (and, where possible, supporting documentation) in relation to any qualifications held.

In addition, you will be asked to provide an essay of between 500-600 words on a topic that will be provided by the University. Instructions will be sent for the essay once you've submitted an application.

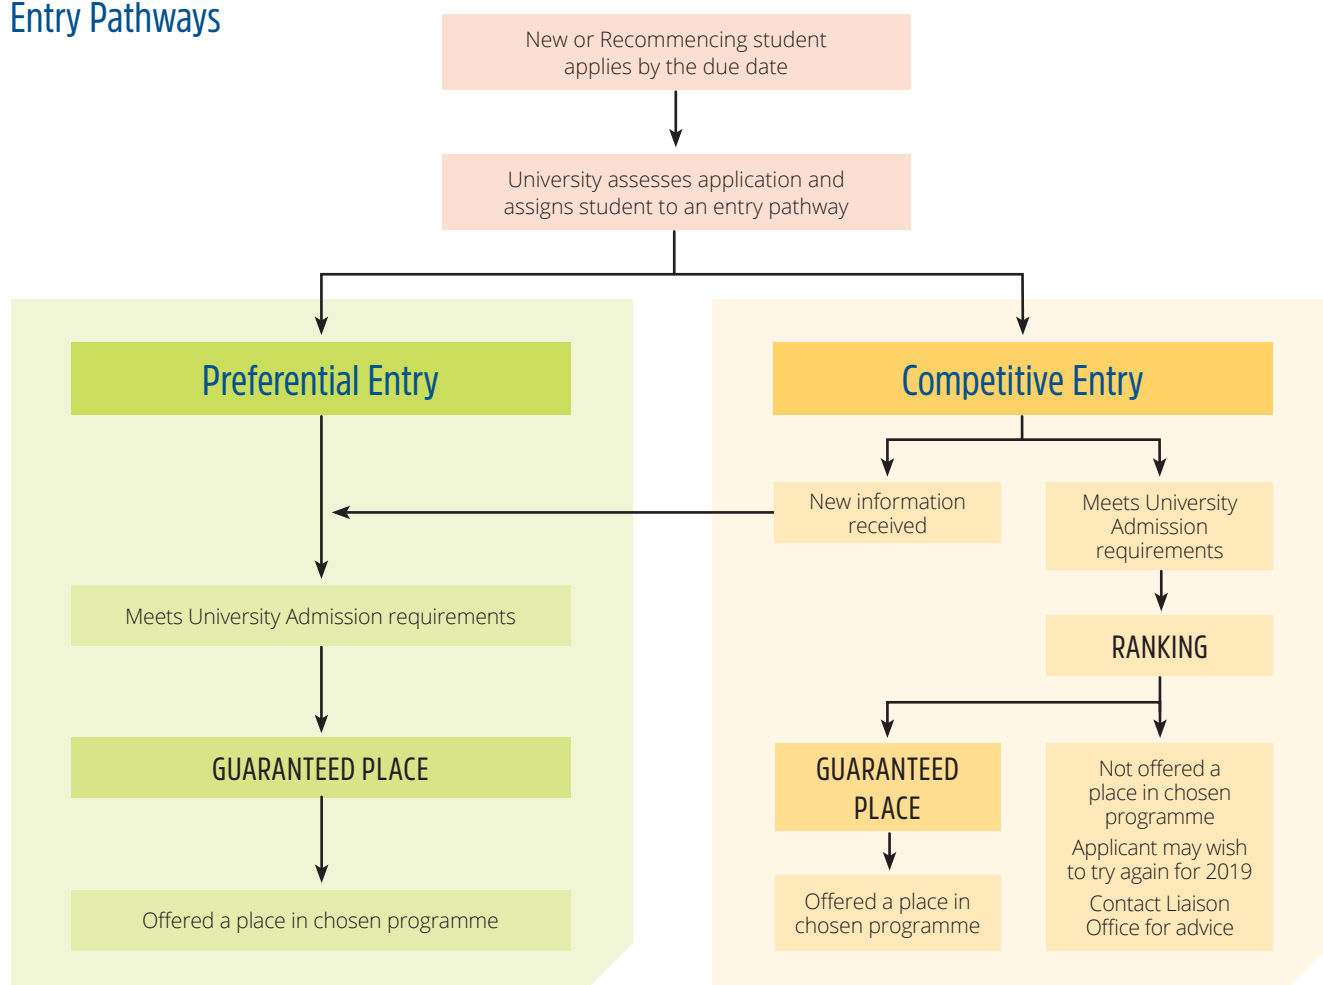

### From Competitive to Preferential

If you're placed on the Competitive Entry pathway when you first apply you may qualify to be switched to the Preferential Entry pathway as further information becomes available (for example, when your examination results become available or you accept a place in a residential college). If this occurs, you will be notified via eVision.

It is expected that the majority of students will ultimately meet the criteria for Preferential Entry.

## Entry Pathways

Entry scores

For most students being considered under the Entry Pathway system, an entry score is calculated, based on results for examinations taken in their final year at secondary school. These scores will be used to determine eligibility for Preferential Entry or rankings for Competitive Entry.

> Calculating your NCEA entry score

- Your entry score will be calculated using your 80 best credits in up to five University Entrance subjects taken at Level 3 (achievement standards only).
- No more than 24 credits in any subject can be used in the entry score calculation. Credits will be weighted according to the level of attainment.
- If you achieve fewer than 80 credits at Level 3 or above in up to five University Entrance subjects, the entry score will be based on the credits achieved.

The entry score will be calculated by awarding points as follows:

- Excellence 4 points; Merit 3 points; Achieved 2 points

Example of entry score for an NCEA Level 3 student

Approved subject (Best 24 credits per subject)	Excellence credits	Merit credits	Achieved credits
English	3	4	9
Accounting	3	-	12
French	-	3	18
Economics	-	-	16
Statistics	2	3	10
Subtotals	8	10	65
Best 80 credits	8	10	62
Calculate points	32 pts (8x4)	30 pts (10x3)	124 pts (62x2)
Entry score	186		

Note: Excellence and Merit credits are counted first, then Achieved credits as required to a maximum of 80 credits. In this example, only 62 of the Achieved credits may be counted.

Specialised degrees, honours degrees and postgraduate qualifications

If you are seeking admission for the first time to a programme that has its own specific entry requirements, you will not be assessed under the Entry Pathway system. Instead, you should check the specific requirements in the regulations for your intended programme on the University’s website or in the University Calendar.

[otago.ac.nz/courses/qualifications](https://otago.ac.nz/courses/qualifications)

[otago.ac.nz/about/official-documents/calendar](https://otago.ac.nz/about/official-documents/calendar)

In many cases the numbers of students who can be admitted are limited, and in all cases selection is primarily on the basis of academic merit.

Depending on the programme, applicants will be assessed on the basis of their school record (programmes with admission at first year), or on their standard of achievement in one or more years of university study (e.g. the Health Sciences First Year course for professional degrees in Health Sciences, or a completed degree for postgraduate study).

In some cases, an audition or the submission of a portfolio of work or a research proposal might be required. Admission is subject to approval by the relevant Pro-Vice-Chancellor or Admissions Committee.

> Calculating your CIE entry score

- Your entry score will be calculated on the basis of your UCAS Tariff score.
- You can count no more than six subject units over the last two years of study, in subjects at AS, A2 or A level from subjects matching the NCEA University Entrance approved subjects.
- An A level counts as two subject units and an AS level counts as one subject unit. You can include only your six best subject units when calculating your entry score.

The entry score will be calculated by awarding points as follows:

Level	A	B	C	D	E
A	120 pts	100 pts	80 pts	60 pts	40 pts
AS	60 pts	50 pts	40 pts	30 pts	20 pts

Example of entry score for a student studying for CIE

Subject	Level	Subject Units	Grade	Tariff points	Entry score
English Language	A	2	D	60	60
Physics	AS	1	C	40	40
Biology	AS	1	C	40	40
Chemistry	AS	1	E	20	20
Mathematics	AS	1	E	20	20
French*	AS	1	E	20	nil*
Entry score	180				

\* In this example, French is not included as only 6 subject units may be used to calculate the entry score.

## THINGS TO CONSIDER

# Programme structure

While some degrees, such as Bachelor of Teaching, or the Health Science programmes usually have a set programme of papers, within the general bachelors' degrees (e.g. BA, BSc, BCom) there are many different ways to put a programme of study together.

## Major subjects and endorsements

For many qualifications the name of the degree or diploma shows the area of specialisation (e.g. LLB, BPhy) and there may be restricted choice or even no choice in the papers taken.

For many others, however, the title of the qualification is more general (e.g. BA, BSc) but there is a choice of specialisations called either major subjects or endorsements.

With a few exceptions, most general bachelors' degrees need to have at least one major subject, which is the subject chosen as your main area of study.

In most general bachelors' degrees there is a requirement to take additional papers in addition to the papers required for your major subject, to achieve the necessary 360 points to complete the programme. These papers can often come from outside the major subject you have selected.

## Double majors

'Double major' refers to the situation where requirements for two major subjects are included in a bachelor's degree programme.

Two separate sets of 300-level papers are required but there may be some overlap of papers at 100- and 200-level. A double major programme may require more than 360 points in some cases, and can extend beyond three years. A double major typically requires an increase in the number of 300-level papers from four to eight (which can involve a demanding workload if they are all taken in one year of study).

Varying numbers of compulsory papers are needed for major subjects, but if two separate groups of nine papers are needed for two major subjects, then those 18 papers plus two further papers will satisfy the degree requirements in most cases. Some combinations of subjects, particularly if minor subjects are also taken, might mean that more than 20 papers are needed.

Double majors produce a greater depth of knowledge in specific areas, but may reduce the variety of papers included in a programme. You are strongly recommended to seek advice before enrolling in a double major programme.

## Minor subjects

In addition to a major subject, it is possible to have one or more lesser specialisations in other subjects recognised as minor subjects in BA, MusB, BPA, BTheol, BSc, BAppSc, BCom, BHealSc, or BASc programmes.

A minor subject need not be one normally associated with the degree concerned (e.g. Management may be taken as a minor subject in a BA programme). The requirements for minor subjects are on pages 98-105.

A minor subject generally involves a set of five papers worth 90 points, with at least three papers above 100-level, including one at 300-level. You cannot count papers towards both a major and a minor unless they are compulsory for both subjects at 100- or 200-level.

## Double degree programmes and cross credits

It is often possible to study for two degrees concurrently in a double degree programme. In such cases, it is normally possible to cross credit (share) several papers between the two qualifications, so your overall workload is reduced. You may cross credit up to:

- 126 points between two three-year degrees (e.g. BSc, BCom)
- 180 points between a three-year and a four-year degree (e.g. BCom, BPhEd)
- 234 points between two four-year degrees (e.g. BPhEd, LLB)

## Credit for study elsewhere

If you have successfully undertaken studies at another tertiary institution, you may be eligible for credit towards an Otago degree. For further information contact the University Information Centre.

[otago.ac.nz/services/uic.html](http://otago.ac.nz/services/uic.html)

## Workload

A full-time course is generally between 54 (usually three papers) and 72 points (usually four papers) in any one semester or 108 and 144 points in any one year. If you intend to enrol for papers worth more than 162 points in a year, or 90 points in a semester, you must get permission from the Pro-Vice-Chancellor of the Division concerned.

In general, 1 point represents 10 hours of formal instruction or independent study, which can be a combination of lectures, tutorials, laboratories, assignments and reading. Some professional, honours and postgraduate programmes may differ from this.

Any course with a workload of fewer than 54 points in any one semester or 108 points in any one year is considered part-time. Part-time students are not normally eligible to receive student allowances.

## Timetable

It is also important to consider your timetable when choosing papers to study. Timetable information for each paper is available on the paper page on the website via [otago.ac.nz/courses/papers](http://otago.ac.nz/courses/papers).

The University Web Timetable Viewer is available via [otago.ac.nz/study/study-timetables](http://otago.ac.nz/study/study-timetables)

## Interest Only

Interest Only enrolment enables you to attend certain classes for your own general interest without undertaking any form of assessment or receiving any result or credit. It is not normally available if you are also taking courses for credit in the same enrolment period.

If you are enrolled for Interest Only you will normally be permitted to attend lectures only and would not normally attend tutorials, practical classes, or laboratories. You will not submit any assignments or sit any tests or final examinations.

If you wish to apply for a paper for Interest Only enrolment in 2018 you should contact the University Information Centre for assistance with completing the application process. Further information is available at

[otago.ac.nz/study/entrance/interestonly](http://otago.ac.nz/study/entrance/interestonly)

## Summer School

Summer School, which will run from 8 January to 22 February 2018, offers you an opportunity to broaden, redirect or speed up your degree programme, or to pursue a particular interest. Many papers are unique to Summer School, while others are core components of degree programmes.

See page 208 for a list of Summer School papers. Further information is also available at

[otago.ac.nz/summerschool](http://otago.ac.nz/summerschool)

## University of Otago International School

The Otago International School is a unique opportunity to study the New Zealand environment and culture, while also enjoying the special “town and gown” experience that the University of Otago offers. The School provides a short-term study option for international students which is timed to coincide with the northern hemisphere summer.

*If you are applying to enrol for the first time in a postgraduate or specialised degree programme with its own selective entry requirements, the due date for applications might be earlier than for applications to later years of the programme or for general degree programmes.*

A **new student** is someone who has never previously enrolled at Otago.

A **returning student** is someone who was enrolled at Otago in 2016 and/or 2017.

A **recommencing student** was last enrolled at Otago in 2015 or earlier.

## APPLY TO OTAGO

# Create your eVision account

eVision is the University's student management system through which you will complete all the steps in the application and enrolment processes.

## 5 Create your eVision account

> If you've never applied to or studied at Otago

- Start at the Qualifications webpage [otago.ac.nz/courses/qualifications/apply](https://otago.ac.nz/courses/qualifications/apply) and select the programme you wish to take.
- When you're ready, click the **Apply Now** button, which is displayed only while a programme is open for applications, to begin your application. This will take you to the initial eVision login screen.
- Select **Create an account** and provide the requested details. The University will use the email address you provide to contact you.

You will receive a message acknowledging your application to create a portal. This will be followed by an email to confirm that you now have access to your portal, using the email address and password you have provided.

> If you are a returning or recommencing student or have previously applied to study at Otago

You should already have an eVision account and should use that one.

If you're not sure, follow the process to create a new account (see left) and we will contact you if you already have a login.

A **returning student** is someone who was enrolled at Otago in 2016 and/or 2017.

A **recommencing student** was last enrolled at Otago in 2015 or earlier.

## 6 Complete your application

> If you're a new student

To complete your application, log into your eVision portal and click on **Complete application**.

You'll be presented with a number of steps and instructions (see next page). Complete each step until a check mark appears in the circle on the left-hand side. You may need to upload additional information such as evidence of previous study. For more details about submitting documents see page 25.

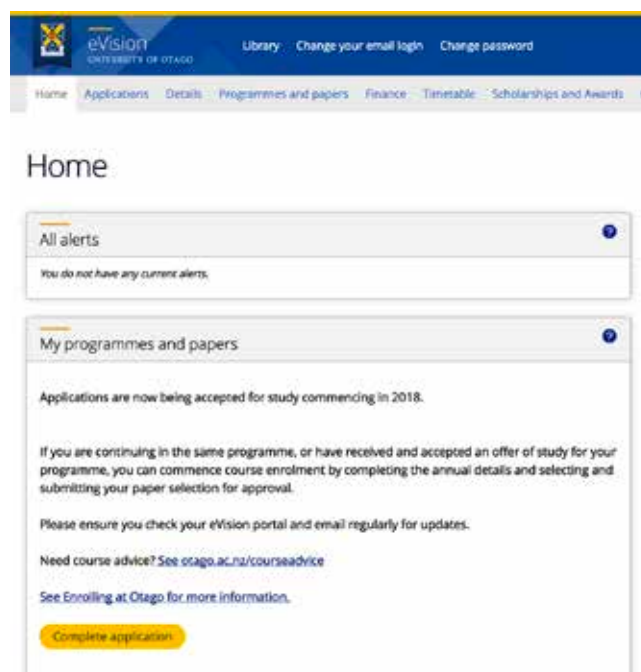

When the instruction changes from **Complete this step** to **Review this step** it means you have completed the step but are still able to edit the information. Once you submit the application, you won't be able to edit the information until your application has been processed.

> If you are a returning or recommencing student

If you want to add a new programme, log into your eVision portal. Go to **My Programmes and papers** (see right) and click **Apply for another programme** to provide the information for your application.

### Major and minor subjects

Most general bachelors' degree programmes require you to select a major subject. It's not necessary to select more than one. You may also specify one or more minor subjects, but it's not normally mandatory to do so.

### Submit your application

In the last section of the application you will be asked to agree to a formal declaration. The declaration is a legal statement that you will abide by the University's rules. Once you have read and agreed, you can submit your application, which is ready for processing by the University. A message will appear on screen confirming that your application has been submitted.

## APPLY TO OTAGO

# University and Programme Admission

Once you have submitted your application you have started the enrolment process at Otago. Your application will now be assessed by the University for admission.

## 7 University Admission

University staff will process each new student's application for University Admission, which includes:

- verifying your identity and citizenship/residency status
- checking whether you hold or are eligible for a University Entrance qualification
- checking that you meet minimum age and language requirements.

You'll be contacted via eVision and/or the email address you used when you applied, if you need to provide any additional information or documentation.

If you are still at school and expecting to gain University Entrance through NCEA, CIE or IB, in most cases the University will receive your results automatically when they are released. However, you may still need to provide evidence of identity or other information.

You will be able to see the status of your application for University Admission and/or any Entry Pathway programmes under My University admission and My Programmes and Papers.

You'll be informed of the outcome of your application via eVision.

## Home

The screenshot shows the 'Home' page of the eVision portal. At the top, there is a section titled 'All alerts' with a question mark icon. It contains two alerts dated '12 September 2017'. The first alert states: 'A decision has been made regarding your application to study the Bachelor of Arts programme.' with a 'View details' link. The second alert states: 'Your application for University Admission has been updated. Please read the additional information included in this alert.' with a 'View details' link. Below the alerts is a section titled 'My University admission' with a question mark icon. It shows a list of items, each with an orange circle icon: 'University admission (in progress)', 'Name', 'Date of birth', 'Citizenship or Residency', 'University Entrance', and 'English language proficiency'. There is a 'show details' link at the bottom of this section.

## 8 Programme Admission

The department responsible for your programme will assess your application against the admission criteria and may request further supporting documentation through your eVision portal.

You will normally either: receive an offer of a place in your chosen programme(s), or be placed on the Competitive Entry pathway to await further consideration or assessment. Your place may be conditional upon providing further information, completing further steps, or gaining University Admission.

**It is important that you respond to any offer you receive. Accepting your offer will allow you to proceed to course enrolment.**

## Keep informed

Both steps 7 and 8 are completed by the University and you will be advised of the outcome via your eVision portal. To see if there have been any updates to your application, check whether the University has sent you an alert.

Communications from the University in relation to your application will be sent via eVision and/or to the email address you used when you applied. Returning or recommending students will be contacted via their student email address.

Through your eVision portal you can check the progress of your application and find out if there is anything further you need to do such as providing additional supporting information.

It is important that you check eVision and your email throughout the application process.

## APPLY TO OTAGO

# If you're asked to provide supporting documents

In the majority of cases, the University will use your National Student Number to collect the information it needs to identify you. However, this is not always possible.

## If you're new to Otago

If the University is unable to match your details against the National Student Index (NSI), you may be asked to provide physical witnessed documentary evidence of your name, date of birth, and citizenship or residency status.

If you're a New Zealand or Australian citizen, and have never changed your name, an original or witnessed copy of any of the following will normally provide all the information required:

- your birth certificate (if born in New Zealand or Australia)
- the page of your passport showing your name and other details
- your citizenship certificate

A copy of your driver's licence will not be accepted as it does not provide evidence of your citizenship or residency status.

If you're not a New Zealand or Australian citizen, and have never changed your name, witnessed copies of both of the following will provide all the information required:

- the page of your passport showing your name and other details, and
- your residence visa/permit or student visa, or an original or witnessed copy of a statement from Immigration New Zealand confirming your citizenship and residency status.

## Have you changed your name?

If the name on the NSI, your birth certificate, passport, or citizenship certificate differs from your current name, or the name in which you gained any qualifications relevant to your admission, you must also provide an original or witnessed copy of one or more of the following as formal evidence of each change:

- Marriage or civil union certificate
- Certificate of dissolution of marriage or civil union
- Deed poll
- Statutory declaration issued by a Registrar of Births, Deaths and Marriages

*Note: Any document concerning a change of name must include both your previous name and the new name.*

## Having your documents witnessed

For all documents giving evidence of name, date of birth, name changes, citizenship or residency status, please:

*Either*

Take the original document and a photocopy to a person of suitable authority to be witnessed in English. They must indicate the authority with which the copy is certified as true and print their name under their signature on each page (see example).

*Or*

Bring the original copy to the University Information Centre in the Information Services Building, where a photocopy of the document will be made and witnessed for you.

Documents should be witnessed as true copies of originals by an authorised person (i.e. a person listed in the Oaths and Declarations Act 1957 as able to take declarations) such as:

- Justice of the Peace
- Barrister or Solicitor of the High Court

The following may also witness documents:

- Court Registrar or Deputy Registrar
- Notary Public
- University of Otago Administrative or Liaison Staff
- Member of Parliament
- Land Transport New Zealand, Public Trust, or local authority employee (authorised under the Oaths and Declarations Act 1957 - an authorised stamp is required)

In New Zealand you can check the Yellow Pages for a list of Justices of the Peace in your area. If you're from a remote area and do not have access to anyone in the approved categories, contact the University Information Centre for advice.

## Have you studied at other tertiary institutions?

If you have been at another tertiary institution you should upload your transcript via your eVision portal when you apply, or as soon as possible after results become available.

As Otago cannot normally request records from other institutions on behalf of students and cannot match this information on the NSI, it is your responsibility to provide your transcript. If you have completed papers at a tertiary institution you may apply for credit on the basis of passes achieved; a fee is charged for such applications. Submit your application via the 'My Details' section in eVision once you have been accepted for enrolment.

## Submitting your documents

You can submit any identification documents at the University Information Centre or you can post them to The Manager, Admissions and Enrolment, University of Otago, PO Box 56, Dunedin 9054.

## ENROL AT OTAGO

# Complete course enrolment

Course enrolment is completed through eVision and applies to all students, whether you're new to Otago, a recommencing or returning student enrolling for a new programme or continuing with the same programme.

## Provide annual details

### > Review current information

While eVision allows you to update, or request changes to your personal and contact details (e.g. name, citizenship, email address) at any time, you are given the chance to review this information during course enrolment.

### > Information required for 2018 study

The University must also collect 'Information required for study' annually for the New Zealand Government and/or University purposes. Answering these questions is mandatory and can cover such things as your study address and emergency contact details.

If you're an international student studying in New Zealand, you will need to answer additional questions about your Visa and apply for StudentSafe travel and health insurance.

### Study address

It is important that you confirm your study address so we can contact you if needed.

## Submit for course approval

Once you have selected all your papers, eVision shows you a summary of your course (Review and submit), which includes any warnings about your choices such as a high workload and timetable clashes.

Your provisional timetable will be generated showing you the times and days for all of your classes. It will also tell you if you have any timetable clashes. It is important to note that this information is provisional, and timetable information may change between the selection of your papers and the start of classes for each semester.

*Note: Not all papers are timetabled through eVision. Papers offered through the Christchurch, Wellington and Southland campuses, as well as some postgraduate and other papers may be timetabled separately.*

You're also given the opportunity to view your 'Course Fee Assessment' detailing your course tuition fees based on your current paper selection and enrolment fee status.

## Timetable clashes

A timetable clash is when you have two (or more) teaching events scheduled at the same time. Paper selections that include timetable clashes may not be accepted.

To make changes to your papers select **Change papers** at the end of the **Review and confirm** screen.

Note: The University does not encourage timetable clashes. You need to carefully consider the effect on your workload and should only apply if the timetable clash is absolutely necessary.

For more information see [otago.ac.nz/study/otago121418](http://otago.ac.nz/study/otago121418)

## Special Permission and Departmental Permission

Requests for special permission are likely to be for papers:

- where you don't have a prerequisite or corequisite
- that are not normally available for the programme you are completing
- where you wish to repeat a paper to achieve a better grade
- where you wish to repeat a special topic paper (with different content).

For more information see

## 11 Course approval

Once you have submitted your choice of papers for consideration for approval, it will be reviewed to ensure that it meets the requirements for your chosen programme. If everything is fine, your selection of papers will be approved and you will receive a message in your eVision portal advising this.

In some cases, a staff member will contact you to discuss your course selection to make changes to papers, or to allow for exceptions to your programme or workload requirements.

They may also recommend that you discuss your course with an adviser. Our Course Advice website has more details on what that may involve

[otago.ac.nz/courseadvice](http://otago.ac.nz/courseadvice)

### > Review the outcome of course approval

You will be advised via your eVision portal whether your course has been approved or whether changes are required. You can review your course, along with notes about any changes and information about your fees.

\* You will need to complete the declaration by the due date in your eVision alert to avoid a late fee.

# 12

## Complete the formal declaration

### > Main enrolment period

To complete Course Enrolment you need to accept the declaration in your eVision portal.

Completing the declaration will allow you to access University resources.

The declaration becomes available from 1 January. Once your course has been approved, and you have been granted admission to the University, you will be able to view and complete the declaration. International students will also require a current visa before being able to view and complete the declaration.

You will receive an alert in your eVision portal when the declaration is available to complete.

To complete the declaration, select the **Course Enrolment** button in your eVision portal and complete the **Declaration** step.

Read, then accept the declaration which is a legal statement that you will abide by the University's rules (e.g. payment of fees). Accepting the declaration completes your course enrolment and allows you access to University resources. You can now proceed to pay your fees and obtain your student ID card.

You will need to complete the declaration by the due date given in your eVision alert to avoid a late fee.

### > Study address

It is important that you confirm your study address when you complete the declaration so we are able to contact you if needed.

### > Summer School

The process for applying for a Summer School paper is the same as for the main enrolment period.

Summer School papers are equivalent to papers in other semesters, but because they are taught in just six weeks, the pace of instruction and associated study is more intensive. For this reason enrolling for Summer School papers is not normally recommended to students for whom this would be their first experience of university study.

One 18-point paper is considered full time study. Able students may take up to 36 points.

## Summer School declaration

Once you have been course approved for Summer School you will need to complete the Summer School declaration before we can progress your course approval for the main enrolment period.

# Pay your fees

Once your course is approved, your invoice will be available on the 'My Account' page of your eVision portal with all the information you need to organise payment. Fees should be paid, or loan arrangements finalised, before you begin your studies.

Most fees fall under the following categories: tuition fees, student services fee, and non-tuition (administration) fees. Fees are charged on a year-by-year basis.

## Tuition fees

Tuition fees for 2018 will not be finalised until November 2017. Once the fees have been set, they will be available at [otago.ac.nz/study/fees](http://otago.ac.nz/study/fees)

The tuition fees listed below are for 2017 and for domestic students only. Tuition fees for international students are available at [otago.ac.nz/international/otago002190.html](http://otago.ac.nz/international/otago002190.html)

## Domestic tuition fees (2017) (per 1.0 EFTS)

### > Undergraduate (excluding Honours)

Arts, Languages, Theology, Mathematics, Education	\$5,679
Commerce, Teaching	\$5,423
Law (excluding Honours)	\$6,335
Computer Science, Design, Geography, Information Science, Music, Science	\$6,787
Physical Education	\$6,787 to \$7,846
Health Sciences, Pharmacy, Surveying	\$7,846
Dentistry	\$15,087
Medicine	\$15,087
Physiotherapy – Years 2-3 inclusive	\$6,787
Physiotherapy – Year 4	\$7,920

### > Postgraduate Taught

Arts, Languages, Theology, Mathematics, Commerce	\$7,717
Law (Honours)	\$7,403
Computer Science, Design, Geography, Information Science, Science	\$8,856
Health Sciences	\$10,771
Dentistry (MDS)	\$35,279

### > Postgraduate Thesis and Honours

Arts, Languages, Theology, Mathematics	\$6,458
Commerce	\$6,226
Law (thesis only)	\$6,983
Computer Science, Design, Geography, Information Science, Music, Science	\$7,540
Health Sciences, Pharmacy, Surveying	\$9,565
Medicine	\$9,565
Dentistry	\$9,760

Generally, your total tuition fee is made up of the collective fees for each paper for which you are enrolled.

The fee for the subject category of a paper and its EFTS value will determine the fee of the paper. For example, if an Accounting paper has a value of 0.15 EFTS, multiply \$5,423 by 0.15 to get the fee for the paper (\$813.45). The degree/diploma/course enrolled for has no bearing on this calculation. In practice, a year's course may comprise papers from more than one subject category, such as a mixture of Commerce and Science papers.

## Pro rata fees for thesis students

You should note that the fees that you will be expected to pay upon initial enrolment for your thesis study will be calculated on a pro rata basis according to the date when you commence your studies. For example, if you commence your studies on 1 May, your fee will be 8/12ths of the usual fee. The accuracy of this date is very important. If your starting date changes after you have finalised your enrolment, please notify the Student Records Office in writing at enquiries.masters@otago.ac.nz

You will be charged full fees in subsequent semesters or years of study. A similar pro rata calculation will be made upon completion of your studies, depending on the actual date of submission of your thesis. Please note that you are normally required to be enrolled at the time of submitting your thesis.

## Non-tuition fees

### > Administration fees

The following non-refundable fees (GST inclusive) may be charged (where applicable):

Fee for late payment of fees	\$100
Plus additional charge per month or part thereof	\$25
Late paper submission	\$120
Late declaration completion	\$120
Application for Special Admission	\$93
Application for Discretionary Entrance	\$93
Application for admission ad eundem statum	\$93
Credit for study elsewhere	\$93
Extramural enrolment	\$93
Final Examination Only enrolment (per paper)	\$93
Reinstatement of enrolment after cancellation	\$59
Tuition refund fee (for students who withdraw from their entire course)	\$100

Notes: Fees listed above are for 2017 and are subject to change. A complete list of Administration Fees is available at [otago.ac.nz/study/fees](http://otago.ac.nz/study/fees)

## Student Services Fee

The University of Otago is required by Government regulation to ensure a range of services is available to students and these are funded through the charging of the Student Services Fee.

> Category	2017 Student Services Fee (GST inclusive)
Dunedin	\$739
Wellington	\$163
Christchurch	\$169
Southland	\$134
Distance (not living within commuting distance of an Otago campus)	No fee
Summer School	\$123.17

*Notes: Fees listed above are for 2017 and are subject to change.*

The Otago University Students' Association (OUSA) membership is voluntary in 2017 and there is no charge for membership.

Further details regarding the Student Services Fee is available at [otago.ac.nz/studentservices/otago029756.html](http://otago.ac.nz/studentservices/otago029756.html)

While the Student Services fee is compulsory, some exemptions may apply to you. More information is available at [otago.ac.nz/administration/policies/otago029542.html](http://otago.ac.nz/administration/policies/otago029542.html)

## Paying your fees

You can pay your fees in any of the following ways:

- by internet banking or telegraphic transfer
- by cash, cheque or EFTPOS (subject to individual bank limits and available in Dunedin only)
- by Government student loan  
Applications for Government student loans are available from StudyLink. Please apply online at: [www.studylink.govt.nz](http://www.studylink.govt.nz)  
Ensure that you authorise the direct transfer of your compulsory fees from your loan account to the University
- by internet banking or telegraphic transfer
- by scholarship, staff study assistance and third party payments.

If your fees are being offset against a University scholarship they should be adjusted accordingly on your fees account. In some cases the account is printed before the scholarship is processed. If you receive a fees account that doesn't have your scholarship taken into account, contact the Doctoral and Scholarships Office, University of Otago, PO Box 56, Dunedin 9054, Tel 03 479 5292 to ensure there are no problems.

## Important dates

You must pay your total fees account to the Revenue Management Office no later than:

12 January 2018 for Summer School papers

10 February 2018 for study beginning in the first semester

10 July 2018 for study in the second semester only

You won't have access to all University resources if you're listed as a debtor to the University.

## Late payment fee

If you pay your fees or have authorised payment by direct transfer from your Government student loan after the due date for payment, you may be charged a \$100.00 late payment fee plus \$25.00 per month thereafter until the debt is paid in full (subject to change).

## Fee changes if changing your course

If you change your course after applying, your fees will be adjusted automatically, and a refund or further invoice will be sent to you as appropriate.

Any change of course may affect your Government student loan and/or student allowances entitlement. The University's complete fees policy, including details concerning withdrawals and refunds, is published at [otago.ac.nz/study/fees](http://otago.ac.nz/study/fees)

## Fees receipts

Tuition fee receipts are not automatically generated. To request a tuition fee receipt please email [student.finance@otago.ac.nz](mailto:student.finance@otago.ac.nz). If you are on campus you can obtain a receipt in person from the Revenue Management Office in the basement of the Clocktower Building.

# Changing your course

If you wish to change your course after you have completed the course enrolment declaration, you will normally need to complete a Change of Course form.

The information below applies only after you have completed the course enrolment declaration. If you need to make changes before completing this step, you can do so via your eVision portal.

## Adding, deleting or swapping papers

If you wish to add, delete, or swap papers, you should do so by completing the online Change Request form, or collecting a Change of Course form at the University Information Centre. For more information see [otago.ac.nz/changingyourcourse](https://otago.ac.nz/changingyourcourse)

Adding, deleting or withdrawing from papers has implications for your fees, StudyLink loans and allowances, and academic record. It may also affect your immigration status if you're an international student.

### > Adding papers

You can add papers to your course of study by the relevant deadlines. You should check for possible timetable clashes before adding papers by viewing timetable information on the University's Web Timetable Viewer via [otago.ac.nz/study/study-timetables](https://otago.ac.nz/study/study-timetables)

Additional papers will be added to your academic record and will increase the fees you're required to pay.

### > Deleting papers

If you delete an individual paper from your course of study by the relevant deadlines you will be entitled to a refund of tuition fees for that paper and it will be removed from your academic record.

If you choose to discontinue your study and delete all of your papers by the relevant deadline, your tuition fees paid will be refunded, less a Tuition Refund fee.

## Later withdrawal from papers

You can still withdraw from a paper after the deadline for deletion but you won't normally be eligible for any refund of fees and your liability for any unpaid fees will remain.

If you withdraw from a paper by the relevant deadlines the paper will continue to be listed on your academic record but will have 'Withdrawn' noted beside it.

## Changing your major and minor subjects

If you wish to make a change to your major or minor subjects, you should do so by completing the online Change Request form, or collecting a Change of Course form at the University Information Centre. For more information see [otago.ac.nz/changingyourcourse](https://otago.ac.nz/changingyourcourse)

## It's your course

Through eVision you can check the papers you are enrolled for and whether or not any requested changes have been processed. It is your responsibility, and in your best interest, to ensure that your course of study is in accordance with the relevant regulations in the University Calendar (and summarised in this Guide in most cases) and that your enrolment correctly records the papers you are taking.

## Important dates

There are strict deadlines for completing changes to your course.

**Adding papers to your course by 5pm on:**

- 15 January 2018 for Summer School papers
- 2 March 2018 for first semester and full year papers
- 13 July 2018 for second semester papers

**Deleting papers from your course by 5pm on:**

- 15 January 2018 for Summer School papers
- 16 March 2018 for first semester papers
- 23 March 2018 for full year papers
- 27 July 2018 for second semester papers

**Withdrawing from papers by 5pm on:**

- 5 February 2018 for Summer School papers
- 4 May 2018 for first semester papers
- 14 September 2018 for second semester and full year papers

## Changing your programme(s)

If you wish to change your programme (i.e. add, drop, or change qualifications, whether or not any papers are being changed) you will first need to apply via eVision for each new programme.

Once you have received and accepted an offer to the new programme, you can add or drop papers by completing the online Change Request form, or collecting a Change of Course form at the University Information Centre.

## Exceptional circumstances

Deletions or withdrawals after the normal deadlines will be permitted only in exceptional circumstances which are beyond your control and which prevent you from completing your course.

If you wish to submit an application for withdrawal from a paper or papers due to exceptional circumstances, you should follow the application process described on the Exceptional circumstances webpage.

[otago.ac.nz/study/enrolment/otago070876](https://otago.ac.nz/study/enrolment/otago070876)

Applications must include independent supporting documentation, such as a medical certificate.

Withdrawals in exceptional circumstances after the deadline for deletion will be listed on your academic record but have 'Withdrawn Exceptional' noted beside them. No result is recorded for these

papers, and they do not count towards your official Otago grade point average.

In the case of withdrawals in exceptional circumstances after the normal deadlines for deletions and before the deadlines for ordinary withdrawals, a partial tuition fee refund (up to a 50% maximum) may be applied.

Withdrawal from papers in exceptional circumstances may affect your eligibility for StudyLink loans and allowances or, if you are an international student, your immigration status.

## Abandoning study

If you choose not to attend classes or submit assessments or sit examinations, and do not use a Change of Course form to have a withdrawal officially recorded by the deadline (see page 34), you will remain enrolled but will be likely to have a result of 'Fail' on your academic record for the papers concerned. Your liability for any unpaid fees will remain.

## International students

Please remember if you withdraw from your course, or decide to drop a paper, your immigration status may be affected. Please see the Student Visa Coordinator or an International Student Adviser at the International Office to discuss your plans before making any changes to your course.

### University Course Advice Service

If you are wishing to make changes to your course but are unsure about any aspect of your study we have dedicated Course Advisers who are here to help.

The University Course Advice Service is your first point of contact regarding course advice at Otago. They can also put you in touch with other expert staff from around the University who can help you with your course.

[otago.ac.nz/courseadvice](https://otago.ac.nz/courseadvice)

# Keeping in touch

There may be times when the University needs to contact you.

Communications from the University in relation to your application and enrolment may be through:

- eVision
- email, either to the personal email address you provided when you created your eVision account (for new students), or to your student email address if you are a returning or recommencing student
- by phone (call or text).

It is important that you ensure your contact details are kept up to date and that you check both your eVision portal and the relevant email address throughout the application and enrolment processes.

Once you have completed your declaration you will be advised of your student email address (new students). You should use this to communicate with the University rather than your personal email address.

# Preparatory and bridging courses

---

The following pre-university courses offer students assistance in particular areas to prepare for University study. These courses cannot be credited towards a degree or other qualification.

## Preparatory Courses in Chemistry

Recommended for students with limited background in the subject and are intended as preparation for 100-level Chemistry.

**CHEM 150 Concepts in Chemistry** is an 18-point course running during Summer School. The first four weeks are distance taught, and the remaining two weeks are taught on the Otago campus. The course comprises a mix of theoretical and practical aspects of Year 12 and Year 13 chemistry. Only students who have achieved less than 14 credits of Level 2 chemistry (or its equivalent) will normally be eligible to enrol for this course. CHEM 150 is the recommended preparatory course for students intending on enrolling for CHEM 191 The Chemical Basis of Biology and Human Health, as part of the Health Sciences First Year course at Otago.

**Introductory Chemistry** is for anyone who wants a basic understanding of chemical principles. It is also of value to those wishing to catch up on secondary school level chemistry before embarking on 100-level chemistry courses at University. The course, which comprises a mix of Year 12 and Year 13 chemistry, can be started at any time and completed at the student's own pace. Its distance-taught format means there are no accommodation costs - you do not have to attend the University of Otago to take this course. The course is not-for-credit, which means that it cannot be credited towards a university degree.

Normally students who have completed the Introductory Chemistry course will not then be approved to enrol for CHEM 150.

## English for Speakers of Other Languages

The University of Otago Language Centre offers the following courses:

- General English, IELTS, TOEIC, English for Academic Purposes, and English for Otago. Success in the General English programme will meet the language requirements for entry to Foundation Year.
- English for Otago has two papers: English for Undergraduate Academic Purposes and English for Postgraduate Academic Purposes. Success in these papers meets the language requirements for entry to the University.

## UniStart @ Otago

This three hour new-skills workshop is designed particularly for those who left formal education some time ago and are new to university and tertiary study. It is held during week one of the first semester and includes topics such as:

- surviving the first few weeks
- using technology
- note-taking and finding information
- managing the first assignment
- balancing life and study.

Follow-up support is offered by Student Learning Development staff through consultations, workshops and peer assisted study sessions (PASS).

## University of Otago Foundation Year

The University of Otago Foundation Year offers a two 13 week semester programme. Students who successfully complete the 26 week programme, consisting of 10 papers, are awarded the Foundation Studies Certificate. This certificate guarantees students entry to their chosen University of Otago first-year course (except those with limited intakes) and is recognised by all New Zealand universities as an entrance qualification.

There are three intakes each year: February to October; June to February and October to June. Students may study any one of the four academic streams which align with the four University of Otago academic divisions:

- Business/Commerce
- Health Science
- Arts/Humanities
- Science/Applied Science/Life Science.

Students wishing to study Health Sciences must start in either February or June. All other students may start in any of the three intakes.

To be admitted into Foundation Year students must meet the English language and academic requirements. If they do not meet these requirements they are able to complete a General English and/or Bridging Programme as a pathway to Foundation Year. The Bridging Programme is a six week course designed to increase their chances of success in the Foundation Year programme.

Foundation Year streams provide an outstanding academic preparation for studies in all disciplines offered at the University of Otago. There is high demand for professional qualifications in Health Sciences, Commerce and programmes with specific entry requirements such as Law and Teaching. Data collected over recent years show that students who pass the Foundation Studies Certificate consistently outperform other students in their first year at university.

Lectures and laboratories are held on campus in university facilities alongside undergraduate classes. Foundation Year tutorials are taught in the dedicated, state-of-art University Plaza building situated on the university campus. Maximum class size is 18 students. Weekly one-on-one consultations are an integral part of the programme. Domestic and international students are integrated in all classes and in recent years this has been in a pleasing 50:50 balance.

Students in the UOFY are offered full student support services, a comprehensive orientation and a weekly programme of student activities and events.

A student ID card gives access to University of Otago resources including libraries, 24-hour computer suites; modern gymnasia at Unipol, student health, clubs and societies, student cafés and provides discounts on shopping, entertainment and travel.

A homestay placement service arranges quality homestay accommodation for all students.

Further information, including tuition, homestay and other costs, can be viewed at:

[otago.ac.nz/uolcfy/student-support](http://otago.ac.nz/uolcfy/student-support)

## University of Otago Foundation Year Scholarship Programmes

### Tū Kahika

Tū Kahika is an annual scholarship for senior high school Maori students who aspire to study toward a career in health. Tū Kahika students are supported through the 26 week Foundation course to prepare for further tertiary study the following year in either Health Sciences First Year (HSFY) or other health-related programmes.

At its core Tū Kahika is about whānau. Students are provided with a wide range of support to gain essential university study skills and successfully complete the Foundation Year.

Tū Kahika students receive:

- guaranteed subsidised accommodation in an Otago University residential college, (Arana or Studholme)
- \$5,000 towards accommodation expenses
- foundation studies tuition fees paid in full
- comprehensive support into university study and student life
- added academic, cultural and pastoral support
- preparedness for further tertiary health science study
- professional and cultural development.

### POPO Foundation Scholarship Programme

The POPO Foundation Scholarship Programme is a Health Sciences support programme for Pacific students. POPO students are supported through the 26 week Foundation course to prepare for further tertiary study the following year in either Health Sciences First Year (HSFY) or other health-related programmes.

POPO students receive:

- a guaranteed place in a University of Otago residential college
- financial assistance towards their accommodation fees at a University of Otago residential college
- Foundation Year tuition fees
- academic, mentoring, and pastoral support
- preparedness for further tertiary health science study.

# Useful information

The following information will be useful to you during your course of study.

## Communications from the University

Important information is sent out during the year to enrolled students. It is your responsibility to ensure you receive this by checking the following main communication channels regularly:

- Your student email address
- Your eVision portal
- Learning management systems used in your papers (e.g. Blackboard, Moodle)
- The University of Otago website

Once you have received your University email address you should use this to communicate with the University rather than your personal email address. It is also important that you keep your physical address details in eVision current.

For more information see the University's Student Communications Policy, available at [otago.ac.nz/study/communications](http://otago.ac.nz/study/communications)

## Student ID cards

In most cases, you will have completed the enrolment process including the online course enrolment declaration, before your arrival on campus, allowing you to obtain your student ID Card as soon as you arrive.

Students must obtain a University identification card from the ID Card Office in the Information Services Building, in person for on campus students or, if you are not studying in Dunedin, by mail using the Distance student ID card application form or online for returning students. You will need this card to access many of the University's facilities. Your ID card will provide proof of identity, enable you to borrow items from the Library, provide after-hours building access and on campus computing and allow you to access a variety of Student Services including Student Health and Unipol. You will need your ID card at examination time as proof of identity. For further information contact the University Information Centre.

Your username is printed on the card and together with your password provides electronic access to library databases, catalogues, and course materials. If you have been previously enrolled at Otago, your password will remain the same. If you forget your password contact the ITS Service Desk (see page 41).

For specific information on ID Cards:

[otago.ac.nz/studentIDcards](http://otago.ac.nz/studentIDcards)

For distance students getting an ID Card:

## Preliminary lectures and teaching timetable

Departments will hold preliminary lectures for many, but not all, first semester and full year papers on Friday 23 February 2018 to give you information about the papers for which you are enrolled.

Not all papers have preliminary lectures and they are not held for second semester papers. A timetable of preliminary lectures is available at [otago.ac.nz/study/preliminary-lectures](http://otago.ac.nz/study/preliminary-lectures)

Students will normally be able to access their personal timetable on eVision before the semester begins but information on lecture times can also be found by searching individual papers at [otago.ac.nz/courses/papers](http://otago.ac.nz/courses/papers)

## Textbooks

A list of prescribed textbooks will be available on the University Book Shop's website ([books.unibooks.co.nz/lists.ihtml](http://books.unibooks.co.nz/lists.ihtml)) from mid-November for Summer School papers and mid-February for other papers. Both new and second-hand prescribed textbooks are usually available from the UBS in Dunedin and may be purchased over the counter or by mail order.

Textbook Department, University Book Shop (UBS)

378 Great King Street (open year round) or 640 Cumberland St (open from early February)

PO Box 6060, Dunedin

Tel 03 477 6976

Email [ubs@unibooks.co.nz](mailto:ubs@unibooks.co.nz)

[unibooks.co.nz](http://unibooks.co.nz)

A book exchange for the buying and selling of second-hand textbooks is organised by the Student Christian Movement at the beginning of each academic year. Details are advertised on campus.

## Code of Student Conduct

The purpose of the Code of Student Conduct is to promote the University's academic aims and a sense of community through the cultivation of mutual respect, tolerance and understanding. To this end, the University expects that students will not engage in behaviours that endanger their own or others' safety and wellbeing.

Students are expected to conform to the standards contained in this Code of Student Conduct off-campus as well as on-campus.

The University reserves the right to pursue through its disciplinary procedures matters that are also being, or may also be, addressed by the legal system or under the University's Ethical Behaviour Policy processes.

The basic rules of conduct require that no student shall:

1. disrupt any teaching, study or research or the administration of the University either wilfully or by engaging in conduct which ought reasonably to have been foreseen would cause disruption;
2. wilfully obstruct any member or employee of the University in academic work or in the performance of duties;
3. wilfully misuse, damage or deface, steal or wrongfully convert to the student's own use any property of the University or of any member of the University;
4. wilfully acquire by theft or deception the benefits of any service provided by the University or any academic advantage;
5. engage in actions that:
  - (a) amount to assault or which result in, or can be reasonably expected to result in, harm to a person or persons; or
  - (b) are unreasonably disruptive to other members of the University or the local community; or
  - (c) result in, or can be reasonably expected to result in, damage to property of any person; or
  - (d) are otherwise unlawful;
6. threaten, intimidate or harass another person or group;
7. fail to comply with the proper directives of a University official, including refusing to identify oneself;
8. lie to, or misrepresent information to, the University or any University official;
9. fail without good reason to co-operate with the University's disciplinary procedures;
10. fail without reasonable cause to comply with any penalty imposed under the Discipline Statute;
11. be party to or attempt to commit an act of misconduct as set out in the foregoing rules.

*Note: Secondary rules of conduct include regulations concerning the Library, computer use, traffic and parking and other rules and regulations promulgated from time to time under the authority of the Council.*

### > Explanatory notes

The actions proscribed in clause 5 encompass a wide range of antisocial behaviour, including but not limited to:

1. Vandalism and behaviours that result in property damage
2. Setting fires without regard for personal safety or the security of property
3. Throwing or firing projectiles, including glass bottles
4. Generating noise that is unreasonably disruptive to others
5. Assault
6. Non-consensual physical contact of a sexual nature
7. Threats, intimidation or harassment directed towards another person or group
8. Abusive behaviour directed at others based on race, religion, gender, disability, age, economic status, ethnicity, national origin, sexual orientation or gender identity

9. Organising any initiation event or ceremony that jeopardises your fellow students' well-being, personal safety, or encourages breaking the law.
10. Theft or attempted theft of property and/or possession of stolen property
11. Forging documents and signatures.

## Privacy of personal information

The University will collect, use, store, and disclose personal information relating to students in accordance with the provisions of the Privacy Act 1993. Where practicable all such personal information is obtained directly from students, or from their nominated agents. Additionally, information may be obtained or verified through relevant government or education agencies, including the New Zealand National Student Index.

Information will be stored on University files and databases and all practicable security measures will be maintained. A unique identifier will be assigned to each student, which will be used in conjunction with a secondary means of identification or password/PIN.

Staff members and other personnel within the University or within agencies under contract to the University will have access to students' personal information for purposes relevant to normal University operations including but not limited to: student recruitment, marketing, admission, enrolment, study, academic progress, tuition fees and charges, establishing and maintaining academic and graduation records, assessment, academic agreements (exchange and study abroad partners, scholarship providers or sponsors, programme delivery partners), academic advice and support, student services, discipline, security and safety, Library and IT services, managing students' association membership and records, managing records of graduates, and other alumni, and managing and improving the quality of services provided by the University.

In order to conduct its proper business and as required under the Education Act 1989 and other laws, regulations, and contractual agreements by which it is bound, the University may use the student information it holds and may disclose information to external agencies such as government departments, bodies responsible for course moderation and professional accreditation or membership, agencies for financial support and pastoral care, and university student and alumni associations.

Such agencies include, but are not limited to:

- the Ministry of Education (information will be recorded on the National Student Index and used in an authorised information matching programme with the New Zealand Birth Register and may also be supplied to Statistics NZ)
- the Ministry of Social Development (including Work and Income New Zealand and StudyLink)
- the Inland Revenue Department
- Te Puni Kōkiri
- Immigration New Zealand (for students who are not New Zealand citizens)
- Other education organisations for the verification of academic records
- relevant professional bodies
- course moderation or accreditation bodies
- the Tertiary Education Commission
- the Ministry of Trade and Enterprise
- Education New Zealand

Information provided to external agencies is either student-specific

(typically name, date of birth, current contact details and academic or graduation details) or cohort-specific (aggregated or statistical information that does not identify individuals).

Where provision or disclosure of information is voluntary or falls outside the scope of information that the University is permitted to collect, store, use and disclose under the Privacy Act 1993, students will be advised and their consent will be obtained prior to the provision or disclosure of information.

The University will make information held about students available to them upon request and in accordance with the Privacy Act 1993, which also describes the conditions under which information may be withheld. Students have the right to request correction of personal information held in accordance with the provisions of the Privacy Act 1993. If a student withholds information or provides incomplete, false or misleading information the University may decline or cancel the admission or enrolment and may withhold the academic record if its veracity cannot be confirmed.

This Privacy Statement operates in conjunction with any specific privacy statement or declaration made in connection with the collection by, or supply to, the University of individual items of information.

## Examinations and final results

There are three main examination periods during the University year:

Summer School	17-22 February 2018
First semester	6-20 June 2018
Second semester	17 October - 10 November 2018

Final written examinations may be held by departments outside these periods, as advised by the teaching department concerned.

To ensure that students are not artificially restricted in their choice of papers, examination timetables are produced once the last official date for withdrawal in a semester has passed.

Personal examination timetables and final results are accessed online via eVision.

For more information about examination timetables and other related examination topics, visit the website.

[otago.ac.nz/study/exams](http://otago.ac.nz/study/exams)

## Final Examination Only enrolment

In most papers (but not all), if you have completed your course work satisfactorily but have failed to pass the paper, you may apply for Final Examination Only (FEO) enrolment. This means that you may sit the examination at the end of the next teaching period that the paper is offered but you may not attend teaching sessions or receive assistance from academic staff. This concession is granted only once for a particular paper, and only for the teaching period in which the paper is offered next.

If your application is approved, a fee will be charged, but you will not have to pay tuition fees again. For details of how to apply for Final Examination Only enrolment and to download the application form, see the website.

[otago.ac.nz/administration/otago029057](http://otago.ac.nz/administration/otago029057)

The closing dates for applications are:

10 January 2018	for papers next offered in Summer School
1 March 2018	for papers next offered as full-year or first semester papers
31 July 2018	for papers next offered as second semester papers

If you change your mind, you can cancel your FEO enrolment by emailing [student-records@otago.ac.nz](mailto:student-records@otago.ac.nz) before the dates indicated on the website.

## Academic Progress Policy

A student who fails to make satisfactory progress (i.e. pass half or more of the points enrolled for in a calendar year) will be placed on Conditional Enrolment and may enrol for a prescribed course of study only, in the next year of enrolment. If such a student then passes fewer than half of the points in the Conditional Enrolment year, they will be suspended from enrolment at the University for the subsequent two calendar years.

This policy will be applied to students transferring from other tertiary institutions as if their previous study had been undertaken at the University of Otago. Students suspended under the academic progress policies (or equivalent) of other tertiary institutions will not be permitted to transfer to the University of Otago until such time as that suspension has passed.

Full details of the policy can be found at [otago.ac.nz/administration/policies/otago002988.html](http://otago.ac.nz/administration/policies/otago002988.html)

For more details on how academic progress is assessed see the Terminology pages 214-217.

# Advice and support

---

The following services and staff are available to you at any stage of your University career.

## Career Development Centre

The Career Development Centre (CDC) can help you set career goals and make informed choices to build the future you want. Our Career Advisers can assist if you're considering internship opportunities, are wanting to find a summer job, or looking for graduate opportunities. The Careers team organises career fairs, workshops, seminars, confidential career counselling and online services tailored to Otago students.

## Liaison Officers

Liaison Officers provide a link between the University and intending students of all ages, and advise on courses, entrance requirements, and University life by telephone, letter, email, Skype, or in person. Offices are on the Dunedin campus and at the University's Auckland Centre and Wellington City Office.

### > Mature students

Mature students (students over 20) who are considering studying for the first time or who are returning to university after a lengthy absence, can make an appointment with a Liaison Officer to discuss the application process, planning their course, and student facilities and services.

Contact the nearest Liaison Office in your area (see page 44).

## Proctor, Campus Watch and Campus Cop

The Proctor and his Deputy work closely with the Police and local authorities in fostering the unique 'town-gown' relationship that exists at Otago, as it relates to student behaviour. Campus Watch Teams patrol the Campus giving advice, preventing offending and generally making the area safe for students and staff. The Campus Cop, a fully sworn member of the New Zealand Police, is also based in the Proctor's Office.

## University Course Advice Service

The University Course Advice Service is your first point of contact regarding course advice at Otago. If you are unsure about any aspect of your study - whether that is planning what you want to study, helping you choose the degree and papers that are right for you, or just making sure that you've got the right combination of papers to meet regulations - start by getting in touch with the Course Advice Service.

They can help you with your course, or put you in touch with other expert staff from around the University depending on your needs.

# Major subjects and endorsements, and minor subjects

For most qualifications you need to specify at least one subject of specialisation (whether definite or potential) when enrolling.

For undergraduate degrees, this can be called either a major subject (for BA, MusB, BPhEd, BSc, BAppSc, BCom, BBiomedSc, BAsC) or an endorsement (BTchg, BTheol, MusB). The Diploma for Graduates can also have endorsements. One or more lesser specialisations, called minor subjects, can also be specified for some degrees (BA, MusB, BPA, BTheol, BSc, BAppSc, BCom, BHealSc and BAsC, although some subjects may not be included in MusB, BPA, or BTheol programmes) – see pages 99-105 for details of the papers required in each case.

In the list below, the name of each subject is given, together with the qualification or qualifications for which it may be taken as a major subject (M) or endorsement (E). Subjects available as minor subjects are also indicated (m).

All of the major subjects for BA, BSc, BAppSc (other than those marked with asterisks and not also available for BA or BSc) may also be taken as major subjects for BAsC.

Many specialised or professional bachelors' degrees don't have major subjects specified as the discipline of each qualification is included in its title (Bachelor of Dental Surgery, Dental Technology, Laws, Medical Laboratory Science, Medicine and Surgery, Oral Health, Performing Arts, Pharmacy, Physiotherapy, Social Work, Surveying).

Many of the subjects listed below, and a variety of additional subjects, are available as subjects or endorsements for postgraduate qualifications (see entries elsewhere in this Guide or the University website for details).

\* Available as a major subject for BAppSc only as a second major subject. See pages 81-82 for details.

# Programme structures – requirements

The rest of this section summarises the requirements for most bachelors' and honours degrees, undergraduate diplomas, and many (but not all) postgraduate qualifications, grouped according to the academic Divisions responsible for them.

## Bachelor of Arts – BA

[otago.ac.nz/courses/qualifications/ba.html](http://otago.ac.nz/courses/qualifications/ba.html)

Normal BA programme structures are set out below. Some variations may be possible. For further details consult the University Calendar or the Head of Department teaching your major subject.

- Every BA programme requires a minimum total of 360 points (normally 20 papers).
- Must include major subject requirements for at least one of the subjects in the following lists.
- Would normally have no more than 180 points at 100-level and must have at least 72 points at 300-level for each major subject.
- May include a specified minor subject. See pages 50 and 99 for details.
- Normally at least 270 points must be for papers in Arts and Music Schedule C (see page 106); the programme may include up to 90 points for papers from any other undergraduate degree, but this limit may be exceeded if additional points are needed to fulfil a major or minor subject requirement.

Papers at 100- to 300-level are normally worth 18 points each.

# Bachelor of Arts with Honours – BA(Hons)

[otago.ac.nz/courses/qualifications/bahons.html](http://otago.ac.nz/courses/qualifications/bahons.html)

Normal BA(Hons) programme structures are set out below. Some variations may be possible. For further details consult the University Calendar or the relevant Head of Department.

To be admitted, students must have completed a Bachelor of Arts degree, majoring in the subject or subjects of study proposed, with an average grade of at least B+ for the appropriate 300-level papers. In some cases, specific papers must have been passed as part of or in addition to the major subject requirements in the BA programme. The Honours programme must normally be completed in one year of full-time study or in two years of part-time study.

A student with an Honours degree in one subject may take a second Honours degree in a different subject, and combined Honours programmes (including papers from two subjects) are also possible.

The due date for applications is **10 December**, although late applications will be considered.

**Prerequisites:** papers which must have been passed as part of, or in addition to, the major subject requirements for the subject concerned in the preceding ordinary degree programme.

MATH 151 or 160, STAT 110 or 115

**200-level** GENE 221, 222, 223;

**300-level** Four of GENE 312, 313, 314, 315, BIOC 352, MICR 335

**Plus** 162 further points, must include 54 points at 200-level or above  
(BIOC 221 highly recommended, and MICR 221 and ZOOL 222  
recommended). Up to 90 points may be taken from outside Science.

**Total** 360 points

*With approval from the Programme Director, other papers relevant to  
Genetics may be substituted for one 200-level paper and one 300-level  
paper.*

*Relevant 300-level papers include ANAT 333, 334, BIOC 353, BITC 301, BTNY  
322, 326, MICR 336, 337, PLBI 301, 302, ZOOL 315, 316.*

### Geography

**100-level** GEOG 101, 102, STAT 110

**200-level** GEOG 290;  
one of GEOG 281, 282, 283, 284, 286, 287, 288, 289, 298,  
299; one further 200-level GEOG paper (excluding GEOG  
280)

**300-level** GEOG 380;  
two of GEOG 387, 388, 389, 390, 392, 393, 394, 395, 398,  
399; one further 300-level GEOG paper

**Plus** 180 further points; must include 54 points at 200-level or above.  
Up to 90 points may be taken from outside Science.

**Total** 360 points

### Geology

**100-level** EAOS 111, GEOL 112, MATH 160;  
18 points from BIOL, BTNY, CELS, CHEM, ECOL, PHSI

**200-level** GEOL 251, 252;  
one of GEOL 221, 261, 262, 263, 264, 272, 273, 274, 275;  
one of GEOL 221, 261, 262, 263, 264, 272, 273, 274, 275,  
CHEM 201, GEOG 282, 284, 288, 289, 298, OCEN 201,  
SURV 208

**300-level** GEOL 344, 353;  
one of GEOL 321, 341, 361, 362, 363, 364, 372, 373, 374,  
375; one of GEOL 321, 341, 361, 362, 363, 364, 372, 373,  
374, 375, CHEM 304, GEOG 388, 390, 394, 395, 398,  
OCEN 323

**Plus** 144 further points; must include 36 points at 200-level or above.  
Up to 90 points may be taken from outside Science.

**Total** 360 points

### Human Nutrition

**100-level** BIOC 192, CELS 191, CHEM 191, HUBS 191, 192

**200-level** HUNT 221, 222, 223

**300-level** HUNT 311, 312, 313, 314

**Plus** 144 further points (STAT 110 or 115, PHSL 251 and either BIOC  
230 or BIOC 223 recommended); must include 54 points at 200-level or  
above. Up to 90 points may be taken from outside Science.

**Total** 360 points

*Students intending to proceed to the Master of Dietetics programme should  
include HUNT 231, 331, BIOC 230 or 223, PHSL 251 and FOSC 111 in their  
degree programmes.*

## Bachelor of Science – BSc continued

Papers at 100- to 300-level are normally worth 18 points each.

### Information Science

**100-level** COMP 101, 160\*

**200-level** INFO 201, 202, 203, 204

**300-level** INFO 301, 302;  
two further 300-level INFO papers

**Plus** 180 further points (it is recommended that BSNS 112 or STAT 110 be included); must include 36 points at 200-level or above. Up to 90 points may be taken from outside Science.

**Total** 360 points

*\*In exceptional circumstances (such as having prior programming experience) and with approval from the Head of Department, the COMP 160 requirement may be waived or the paper replaced with COMP 150.*

### Land Planning and Development

**100-level** MATH 160, SURV 101, 102

**200-level** ENGL 228, SURV 203, 204, 205, 206, 208, 297

*Note: ENGL 228 should be taken in the second semester of the first year of study*

**300-level** SURV 303, 304, 455;  
at least 36 points from SURV 306, 309, 319, 329, 450, 453, 454, PMAN 401

**Plus** 108 further points. Up to 90 points may be taken from outside Science.

**Total** 360 points

### Mathematics

**100-level** MATH 160, 170;  
STAT 110 or 115 (or STAT 261 in approved cases)

**200-level** MATH 201, 202, 203

**300-level** Four 300-level MATH or COMO papers

**Plus** 180 further points; must include at least 54 points at 200-level or above. Up to 90 points may be taken from outside Science.

**Total** 360 points

### Microbiology

**100-level** CELS 191, CHEM 191, HUBS 191

**200-level** MICR 221, 222, 223, GENE 221

**300-level** Four of MICR 331, 332, 334, 335, 336, 337

**Plus** 162 further points; must include 36 points at 200-level or above. Up to 90 points may be taken from outside Science.

**Total** 360 points

### Neuroscience

**100-level** CELS 191, HUBS 191, PSYC 111;  
two of BIOC 192, BIOL 112 or HUBS 192, CHEM 191, PHSI 191

*Note: CELS 191, HUBS 191, and CHEM 191 and/or PHSI 191 should be taken in the first year of study to ensure unimpeded progress through the major subject requirements.*

**200-level** ANAT 242, PHSL 231, PSYC 211;  
one of BIOC 221, 223, GENE 221, 222, PHAL 211, ZOOL 223

**300-level** Four of ANAT 335, 336, NEUR 302 (taken in 2017), PHAL 303, PHSL 341, 342, PSYC 313, 317, 319 (taken in 2017), 323, ZOOL 314

**Plus** 126 further points; must include 36 points at 200-level or above. Up to 90 points may be taken from outside Science.

**Total** 360 points

*Note: No more than three 300-level PSYC papers may count towards the major subject requirements.*

### Oceanography

**100-level** MARI 112;  
three 100-level BIOL, CELS, CHEM, COMO, EAOS, ECOL, GEOL, MATH, PHIL or PHSI papers

**200-level** OCEN 201;  
three of AQFI 251, BTNY 203, CHEM 201, 204, COMO 204, ECOL 211, GEOG 298, GEOL 263, 272, 273, MARI 202, MATH 202, 203, PHIL 225, PHSI 243, ZOOL 221

**300-level** OCEN 301;  
one of OCEN 321, 322, 323, CHEM 365, two of AQFI 352, CHEM 304, 365, COMO 303, GEOG 398, GEOL 363, 372, 373, MARI 301, 302, MATH 304, OCEN 321, 322, 323, PHSI 336, 365, ZOOL 316, 319

**Plus** 144 further points; must include 36 points at 200-level or above. Up to 90 points may be taken from outside Science.

**Total** 360 points

### Pharmacology

**100-level** BIOC 192, CHEM 191;  
two of CELS 191, HUBS 191, 192

**200-level** PHAL 211, 212;  
one 200-level ANAT, BIOC, GENE, MICR or PHSL paper

**300-level** PHAL 303, 304, 305, 306

**Plus** 162 further points; must include 54 points at 200-level or above. Up to 90 points may be taken from outside Science.

**Total** 360 points

### Physics

**100-level** PHSI 131 or 191;  
PHSI 132, MATH 160, 170

**200-level** PHSI 231, 232, 282, MATH 202, 203;

**300-level** PHSI 331, 332, 381;  
one other 300-level PHSI or ELEC paper

**Plus** 126 further points, must include 18 points at 200-level or above (ELEC 253 recommended). Up to 90 points may be taken from outside Science.

**Total** 360 points

### Physiology

**100-level** HUBS 191, 192;  
two of BIOC 192, CELS 191, CHEM 191, PHSI 191

**200-level** PHSL 231, 232, 233

**300-level** Four of PHSL 341, 342, 343, 344, 345

**Plus** 162 further points; must include 54 points at 200-level or above. Up to 90 points may be taken from outside Science.

**Total** 360 points

## Bachelor of Science – BSc continued

Papers at 100- to 300-level are normally worth 18 points each.

### Plant Biotechnology

- 100-level** BIOL 123;  
at least one of BIOC 192, CELS 191, CHEM 191, ECOL 111  
*Note: Prerequisite for BIOC 192 is CHEM 191; prerequisites for 200-level BIOC and GENE papers include CELS 191 and may include CHEM 191 or BIOC 192*  
*ECOL 111 is a prerequisite for some BTNY 200-level papers.*
- 200-level** BTNY 201;  
at least three 200-level BIOC, BTNY or GENE papers
- 300-level** PLBI 301, 302;  
at least two approved 300-level BIOC, BTNY or GENE papers
- Plus** 180 further points; must include 36 points at 200-level or above. Up to 90 points may be taken from outside Science.
- Total** **360 points**

### Psychology

- 100-level** PSYC 111, 112;  
in addition STAT 110 or 115 is recommended
- 200-level** PSYC 210, 211, 212
- 300-level** four of PSYC 313, 315, 317, 318, 319, 321, 323, 325, 326, 327  
*Students intending to advance to postgraduate study should also take PSYC 311*
- Plus** 198 further points, which may include STAT 110 or 115; must include 54 points at 200-level or above. Up to 90 points may be taken from outside Science.
- Total** **360 points**

### Statistics

- 100-level** **Statistics:** STAT 110 or 115; MATH 160, 170  
or  
**Applied Statistics:** STAT 110 or 115; MATH 160, 170
- 200-level** **Statistics:** STAT 261;  
two further STAT papers at 200-level or above;  
MATH 202 or 203  
or  
**Applied Statistics:** STAT 241;  
two STAT papers at 200-level or above
- 300-level** **Statistics:** STAT 362, 380;  
two further STAT papers at 300-level or above  
or  
**Applied Statistics:** STAT 341, 380;  
two STAT papers at 300-level or above
- Plus** Either 162 (Statistics) or 180 (Applied Statistics) further points; must include 36 (Statistics) or 54 (Applied Statistics) points at 200-level or above. Up to 90 points may be taken from outside Science.
- Total** **360 points**
- Other approved paper(s) may be substituted for up to two 200- or 300-level STAT papers.*
- Applied Statistics students who are not also enrolled for another degree programme must fulfil the requirements for an approved minor subject.*

### Surveying Measurement

- 100-level** MATH 160, SURV 101, 102
- 200-level** ENGL 228, SURV 201, 202, 208, 298  
*Note: ENGL 228 must be taken in the second semester of the first year of study*  
*Admission to SURV 201 and 298 is limited and applications must be submitted by 15 November.*
- 300-level** SURV 301, 302, 309, 399;  
three of SURV 206, 306, 319, 322, 329, 413, 450, 451, 452, 459, 462, 463, PMAN 401
- Plus** 126 further points; must include 18 points at 200-level or above. Up to 90 points may be taken from outside Science.
- Total** **360 points**

### Zoology

- 100-level** BIOL 112, CELS 191, STAT 110 or 115
- 200-level** ZOOL 221, 222, 223
- 300-level** Three of ZOOL 313, 314, 315, 316, 318, 319, GENE 312;  
one further paper from ZOOL 313, 314, 315, 316, 318, 319, GENE 312, 314, MARI 301, 302
- Plus** 180 further points; must include 54 points at 200-level or above. Up to 90 points may be taken from outside Science.
- ZOOL 316 is strongly recommended for students intending to advance to PGDipSci or MSc in Zoology, PGDipWLM or MWLM, and is required for students intending to advance to BSc(Hons) in Zoology*
- Total** **360 points**

# Bachelor of Science with Honours – BSc(Hons)

[otago.ac.nz/courses/qualifications/bschons.html](https://otago.ac.nz/courses/qualifications/bschons.html)

Normal BSc(Hons) programme structures are set out below. Some variations may be possible. For further details consult the University Calendar or the relevant Head of Department.

To be admitted, students must have completed a Bachelor of Science degree, majoring in the subject or subjects of study proposed, with an average grade of at least B+ for the appropriate 300-level papers. A total of five 300-level papers must have been passed, including specific papers as part of or in addition to the major subject requirements in the BSc programme. The Honours programme must be completed in one year of full-time study.

A student with an Honours degree in one subject may take a second Honours degree in a different subject, and combined Honours programmes (including papers from two subjects) are also possible.

The due date for applications is **10 December**, although late applications will be considered.

**Prerequisites:** papers which must have been passed as part of or in addition to the normal major subject requirements for the subject concerned in the preceding ordinary degree programme.

## Anatomy

ANAT 490, ANAT 458;  
two of ANAT 451, 452, 453, 454, 455, 456, 457, BIOA 401

**Prerequisites:** at least five 300-level papers including at least four of ANAT 331, 332, 333, 334, 335 and BIOA 301

## Biochemistry

BIOC 490;  
three of BIOC 461, 462, 463, 464

*With approval from the Head of Department, one 400-level BIOC paper may be replaced with a 400-level paper from another relevant subject.*

**Prerequisites:** at least five 300-level papers including BIOC 351, 352, 353, 360. With approval from the Head of Department, one 300-level BIOC paper may be replaced with a 300-level paper from another relevant subject.

## Botany

BTNY 490;  
three of BTNY 461, 465, 467, 470

*With approval from the Head of Department another 400-level paper may be substituted for one of BTNY 461-470.*

**Prerequisites:** At least five 300-level papers including at least four BTNY or PLBI 300-level papers. With approval from the Head of Department, one of the papers listed may be replaced by another 300-level paper.

## Chemistry

CHEM 490; CHEM 461, 462, 463

**Prerequisites:** At least five 300-level papers including at least four 300-level CHEM papers

## Clothing and Textile Sciences

CLTE 490;  
three of CLTE 451, 452, 453, 454, 455, 460

**Prerequisites:** At least five 300-level papers including at least four of CLTE 303, 304, 305, 306, 309

## Computer Science

COSC 490;  
four of COSC 402, 410, 411, 412, 420, 421, 422, 430, 431, 440, 441, 450, 470, 471

**Prerequisites:** At least five 300-level papers including COSC 326, 341, and at least two of COSC 301, 342, 343, 344, 345, 346, 360

## Ecology

ECOL 490, 411;  
two of BTNY 465, 467, ECOL 450, GEOG 454, 459, 460, 461, 471, GEOL 427, SURV 509, 511, ZOOL 410, 411, 415, 416, 417, 418 or other suitable papers as approved by the Programme Director

**Prerequisites:** ECOL 313, ZOOL 316 and three of BTNY 301, 302, 303, CHEM 304, GENE 312, GEOG 388, 390, 392, 393, 394, 395, GEOL 372, MARI 301, 302, SURV 411, ZOOL 313, 315, 318, 319, or other suitable papers as approved by the Programme Director

## Economics

ECON 480;  
four of ECON 402, 403, 404, 405, 406, 407, 410, 411, 412, 413, including at least one of ECON 410 and ECON 411, and at least one of ECON 412 and ECON 413

**Prerequisites:** ECON 375 and 377, two further 300-level ECON papers plus 18 further 300-level points

## Electronics

ELEC 490;  
ELEC 441, 442, 443, 444, 445, 446;  
20 further 400-level points, as approved by the Programme Director

**Prerequisites:** at least five 300-level papers including at least three 300-level ELEC papers and one further 300-level ELEC, MATH or PHSI paper

## Food Science

FOSC 490;  
three of FOSC 401, 402, 403, 404, 405

*With approval from the Head of Department, FOSC 460 or one 400-level paper from another relevant subject may be substituted for one elective FOSC 400-level paper.*

**Prerequisites:** FOSC 301, 302, 311 and one of FOSC 306, MICR 331

## Genetics

GENE 490, 411, 412;  
one of ANAT 456, BIOC 462, 463, BTNY 467, MICR 461, PLBI 401, STAT 435, ZOOL 410.

*With Programme Director approval, one of the papers listed above may be replaced by another 400-level paper*

**Prerequisites:** At least five of GENE 312, 313, 314, 360, BIOC 352, MICR 335, (GENE 360 highly recommended). With Programme Director approval, one of the papers listed above may be replaced by another 300-level paper.

## Bachelor of Science with Honours – BSc(Hons) continued

### Geography

GEOG 490;  
three 400-level GEOG papers

**Prerequisites:** GEOG 380, at least three of GEOG 387, 388, 389, 390, 392, 393, 394, 395, 397, 398, 399 and one further 300-level GEOG paper

### Geology

GEOL 490, 401;  
two further 400-level GEOL papers

**Prerequisites:** At least five 300-level papers including GEOL 302, 344, 353 and one further 300-level GEOL paper

### Human Nutrition

HUNT 490, 451, 452, 453, 454

**Prerequisites:** HUNT 311, 312, 313, 314, 355

### Information Science

INFO 490;  
four papers from 400-level INFO papers

**Prerequisites:** INFO 312; two of INFO 321, 322, 323, 324; and two further papers from 300-level INFO papers, SENG 301

*For admission in 2019: INFO 301, 302 and three further 300-level INFO papers*

### Mathematics

MATH 490;  
four 400-level MATH or STAT papers including at least three MATH papers

**Prerequisites:** At least five 300-level papers including at least four 300-level MATH papers

### Microbiology

MICR 490;  
MICR 461, 463, 464

**Prerequisites:** At least five 300-level papers including at least four of MICR 331, 332, 334, 335, 336, 337 (MICR 360 highly recommended)

### Neuroscience

NEUR 490;  
three of ANAT 454, COSC 420, 421, 422, NEUR 452, 455, 457, 459, 461, 462, PHAL 423, PHSL 472, 474, PSYC 471, 474, 476, ZOOL 412

**Prerequisites:** At least five of ANAT 335, 336, NEUR 301, PHAL 303, PHSL 341, 342, PSYC 313, 317, 323, ZOOL 314. NEUR 302 (taken in 2017) may be substituted for one 300-level paper.

### Pharmacology

PHAL 490, 421;  
two of PHAL 423, 426, 427, 428, 430, 431

**Prerequisites:** At least five 300-level papers including at least four of PHAL 303, 304, 305, 306, 307 (PHAL 307 highly recommended)

### Physics

PHSI 490;  
papers worth 40 points from PHSI 421, 422, 423, 424, 425, 426, ELEC 441; 20 further 400-level points from PHSI, MATH, ELEC

**Prerequisites:** four 300-level PHSI papers and one further 300-level ELEC, MATH or PHSI paper

### Physiology

PHSL 490, 474;  
two of PHSL 471, 472, 473

**Prerequisites:** at least five 300-level papers including at least four of PHSL 341, 342, 343, 344, 345

### Plant Biotechnology

PLBI 490, 401;  
two of BTNY 461, 465 or approved 400-level BIOC papers

**Prerequisites:** PLBI 301, 302 and three approved papers from 300-level BIOC, BTNY or GENE papers, PLBI 351

### Psychology

PSYC 490;  
four of PSYC 401, 402, 403, 404, 405, 406, 461, 464, 465, 466, 467, 470, 471, 472, 474, 475, 476

**Prerequisites:** at least five 300-level papers including PSYC 311 and four from PSYC 313, 315, 317, 318, 319, 321, 323, 325, 326, 327

### Statistics

STAT 490;  
four 400-level STAT papers

**Prerequisites:** STAT 362, 380; two further 300-level STAT papers, MATH 202, 203

### Zoology

ZOOL 490;  
three of ZOOL 410, 411, 412, 413, 414, 415, 416, 417, 418, 419, 420, 421

**Prerequisites:** at least five 300-level papers including ZOOL 316, two of ZOOL 313, 314, 315, 318, 319, GENE 312, and one further paper from ZOOL 313, 314, 315, 318, 319, GENE 312, 314, MARI 301, 302

# Postgraduate Diploma in Science – PGDipSci

[otago.ac.nz/courses/qualifications/pgdipsci.html](http://otago.ac.nz/courses/qualifications/pgdipsci.html)

Normal PGDipSci programme structures are set out below. Some variations may be possible. For further details consult the University Calendar or the relevant Head of Department.

The PGDipSci may be awarded in any of the subjects, or in an approved combination of subjects, listed below.

To be admitted, students must have completed a Bachelor of Science degree, majoring in the subject or subjects of study proposed. The programme may be completed in one year of full-time study, or over a longer period by part-time students.

The due date for applications is **10 December**, although late applications will be considered.

## Anatomy

ANAT 480, ANAT 458;  
three of ANAT 451, 452, 453, 454, 455, 456, 457, BIOA 401

## Biochemistry

BIOC 480 and BIOC 461, 462, 463, 464

**Note:** With approval from the Head of Department one 400-level BIOC paper may be replaced by a 400-level paper from another relevant subject.

## Botany

BTNY 480;  
BTNY 461, 465, 467, 470

With approval from the Head of Department another 400-level paper may be substituted for one of BTNY 461-470

## Chemistry

CHEM 480;  
four of CHEM 461, 462, 463, 464, HAZA 401, 404

## Clothing and Textile Sciences

CLTE 480;  
four of CLTE 451, 452, 453, 454, 455, 460

## Computer Science

Either six of COSC 402, 410, 411, 412, 420, 421, 422, 430, 431, 440, 441, 450, 470, 471

or

one of COSC 480 or 490;  
four of COSC 402, 410, 411, 412, 420, 421, 422, 430, 431, 440, 441, 450, 470, 471

## Consumer Food Science

One of FOSC 480, 490, 495;  
further papers from FOSC 421, 422, 423, 424, 425 approved by the Head of the Department of Food Science to make a total of 120 points  
With approval from the Head of the Department of Food Science, FOSC 460 or one 400-level paper from another relevant subject may be substituted for one of FOSC 421-425.

## Ecology

ECOL 480 or 490, ECOL 411;  
papers from BTNY 465, 467, ECOL 450, GEOG 454, 459, 460, 461, 471, GEOL 427, SURV 509, 511, ZOOL 410, 411, 415, 416, 417, 418 or other suitable papers as approved by the Programme Director to a total of 120 points

## Economics

120 points from 400-level ECON papers

**Prerequisites:** ECON 375, 377

## Electronics

40 points from ELEC 441, 442, 443, 444, 445, 446;  
80 further 400-level points as approved by the Programme Director  
Only one of ELEC 480 or 490 may be included.

## Energy Studies

EMAN 490;  
three 400-level EMAN papers;  
one further 400-level paper approved by the Programme Director

## Food Science

One of FOSC 480, 490, 495;  
papers from FOSC 401, 402, 403, 404, 405 approved by the Head of Department to make a total of 120 points

With approval from the Head of Department, FOSC 460 or one 400-level paper from another relevant subject may be substituted for one of FOSC 401-405.

## Genetics

GENE 480, 411, 412;  
two of ANAT 456, BIOC 462, 463, BTNY 467, MICR 461, PLBI 401, STAT 435, ZOOL 410

With approval from the Programme Director another 400-level paper may be substituted for one of the papers listed above

## Geography

GEOG 470;  
four further 400-level GEOG papers

## Geology

GEOL 480, 401;  
three further 400-level GEOL papers

## Human Nutrition

HUNT 451, 452, 453, 454;  
two papers from HUNT 455, NUTN 407 and other approved 400-level papers

or

HUNT 485, HUNT 451, 452, 453, 454;  
one paper from HUNT 455, NUTN 407 and other approved 400-level papers

or

HUNT 490, HUNT 451, 452, 453, 454

## Information Science

120 points selected from 400-level INFO papers

May include INFO 490, but not required

## Postgraduate Diploma in Science – PGDipSci continued

### Marine Science

MARI 480 or 490, MARI 401, and papers at 400-level in AQFI, MARI or OCEN to a total of 120 points

*One paper may be replaced with an approved 400-level paper in a Science subject*

### Mathematics

MATH 490;

four 400-level MATH or STAT papers including at least three MATH papers

### Microbiology

MICR 480, 461, 462, 463, 464

### Neuroscience

NEUR 480;

four of ANAT 454, COSC 420, 421, 422, NEUR 452, 455, 457, 459, 461, 462, PHAL 423, PHSL 472, 474, PSYC 471, 474, 476, ZOOL 412

or

NEUR 490;

three of ANAT 454, COSC 420, 421, 422, NEUR 452, 455, 457, 459, 461, 462, PHAL 423, PHSL 472, 474, PSYC 471, 474, 476, ZOOL 412

### Pharmacology

PHAL 480, 421;

three of PHAL 423, 426, 427, 428, 430, 431

### Physics

PHSI 480;

40 points from PHSI 421, 422, 423, 424, 425, 426, ELEC 441;

further 400-level papers worth 40 points from PHSI, MATH, ELEC with no more than 20 MATH points and no more than 20 ELEC points.

### Physiology

PHSL 480 or 490, PHSL 474;

papers from PHSL 471, 472, 473 to a total of 120 points

### Plant Biotechnology

PLBI 480, 401, BTNY 461, 465;

one further approved 400-level BIOC or BTNY paper

### Psychology

PSYC 490;

four of PSYC 401, 402, 403, 404, 405, 406, 461, 464, 465, 466, 467, 470, 471, 472, 474, 475, 476

### Software Engineering

Six papers from 400-level SENG papers and approved 400-level COSC or INFO papers

### Statistics

STAT 490;

four 400-level STAT papers

### Surveying

SURV 590;

at least four 500-level SURV papers

### Telecommunications

120 points from 400-level TELE and approved 400-level COSC, ELEC, INFO, PHSI or SENG papers

### Zoology

ZOOL 480;

four of ZOOL 410, 411, 412, 413, 414, 415, 416, 417, 418, 419, 420, 421

# Bachelor of Applied Science – BAppSc

[otago.ac.nz/courses/qualifications/bappsc.html](https://otago.ac.nz/courses/qualifications/bappsc.html)

Normal BAppSc programme structures are set out below. Some variations may be possible. For further details consult the University Calendar or the Head of the Department teaching your major subject.

- Every BAppSc programme requires a minimum total of 360 points (normally 20 papers)
- Would normally have no more than 180 points at 100-level and have at least 180 points at 200-level or above, including at least 72 points at 300-level for each major subject.
- Must include an approved minor subject or an approved second major subject (see pages 81-82 for permitted combinations of subjects) or other approved papers worth at least 90 points (with 54 points above 100-level, including 18 points at 300-level).

Papers at 100- to 300-level are normally worth 18 points each.

## Applied Geology

**100-level** EAOS 111, GEOL 112, MATH 160

**200-level** GEOL 251, 252;  
one of GEOL 221, 261, 262, 263, 264, 272, 273, 274, 275;  
one of GEOL 221, 261, 262, 263, 264, 272, 273, 274, 275,  
CHEM 201, GEOG 282, 284, 288, 289, 298, OCEN 201,  
SURV 208

**300-level** GEOL 302, 344, 353;  
at least one of GEOL 321, 341, 361, 362, 363, 364, 372, 373,  
374, 375, CHEM 304, GEOG 388, 390, 394, 395, 398, OCEN  
323

**Plus** 180 further points, including either requirements for an approved minor or approved second major subject or other approved papers (see page 81).

**Total** 360 points

## Aquaculture and Fisheries

**100-level** BIOL 112, MARI 112, STAT 110 or 115;  
three of BIOL 123, CELS 191, CHEM 111, 191, EAOS 111,  
ECOL 111

**200-level** MARI 202, AQFI 251;  
two of BTNY 203, CHEM 201, 204, 205, ECOL 211, 212,  
FOSC 201, FORS 201, GENE 222, 223, OCEN 201, PHIL 235,  
STAT 210, SURV 208, ZOOL 221

**300-level** AQFI 301, AQFI 352;  
two of CHEM 301, 304, 306, FORS 301, GENE 312, 314, 315,  
MARI 301, 302, ZOOL 316, 319

**Plus** 108 further points, including either requirements for an approved minor or approved second major subject or other approved papers (see page 81).

**Total** 360 points

## Clothing and Textile Sciences

**100-level** 36 points (papers in biological, physical and/or social sciences recommended)

**200-level** CLTE 203, 204;  
one of CLTE 206, 207

**300-level** CLTE 306;  
three of CLTE 303, 304, 305, 309

**Plus** 198 further points, including either requirements for an approved minor or approved second major subject or other approved papers (see page 81).

**Total** 360 points

## Computational Modelling

**100-level** COMO 101, COMP 150 or 160, MATH 160, 170

**200-level** COMO 204, MATH 202, 203

**300-level** COMO 303, MATH 304,  
at least two further COSC, MATH or STAT papers

**Plus** 162 further points, including either requirements for an approved minor or approved second major subject or other approved papers (see page 81).

**Total** 360 points

## Consumer Food Science

**100-level** FOSC 111, 112, STAT 110 or 115;  
CELS 191 (recommended) or another paper

**200-level** FOSC 201, 202, 213

**300-level** FOSC 306, 308, 311

**Plus** 162 further points, including either requirements for an approved minor or approved second major subject or other approved papers (see page 81).

**Total** 360 points

## Energy Management

**100-level** MATH 160, 170;  
one of PHSI 131, 132, 191

**200-level** EMAN 201, 204, PHSI 243

**300-level** EMAN 301, 308; GEOG 388 or 392;  
one further 300-level paper approved by the Programme Director

**Plus** 180 further points, including either requirements for an approved minor or approved second major subject or other approved papers (see page 81).

**Total** 360 points

## Environmental Management

**100-level** ENVI 111, GEOG 101, 102;  
one of MATH 160, 170, STAT 110

**200-level** GEOG 216, 290;  
two of GEOG 281, 282, 283, 284, 286, 287, 288, 289, 298,  
299

**300-level** GEOG 380, 397;  
two of GEOG 387, 388, 389, 390, 392, 393, 394, 395, 398,  
399

**Plus** 144 further points, including either requirements for an approved minor or approved second major subject or other approved papers (see page 81).

**Total** 360 points

# Approved minor and second major subjects for BAppSc

For the degree of Bachelor of Applied Science it is necessary to include the requirements for one of the major subjects detailed on the preceding pages.

It is also a requirement that every programme normally includes an approved minor subject or an approved second major subject. Usually such a minor or second major subject must be selected from the table below which lists the approved combinations of major subjects with minor or second major subjects. However, the course director for the initial major subject may approve a minor or second major subject not listed in the table, provided that the overall combination of subjects and papers constitutes a coherent and integrated programme of study. Alternatively, but with the same requirement for a coherent and integrated programme, a course director may approve a programme without a specified minor or second major subject but which includes a selection of papers worth at least 90 points, including at least 18 points at 300-level and 54 points above 100-level.

**Requirements are detailed in the lists of minor subjects or in the degree structures for the qualifications specified.**

# Bachelor of Applied Science with Honours – BAppSc(Hons)

[otago.ac.nz/courses/qualifications/bappschons.html](http://otago.ac.nz/courses/qualifications/bappschons.html)

Normal BAppSc(Hons) programme structures are set out below. Some variations may be possible. For further details consult the University Calendar or the relevant Head of the Department.

To be admitted, students must have completed a Bachelor of Applied Science degree, majoring in the subject or subjects of study proposed, with an average grade of at least B+ for the appropriate 300-level papers. The Honours programme must be completed in one year of full-time study.

A student with an Honours degree in one subject may take a second Honours degree in a different subject, and combined Honours programmes (including papers from two subjects) are also possible.

The due date for applications is **10 December**, although late applications will be considered.

## Applied Geology

APGE 490, GEOL 401;  
two further 400-level GEOL papers

## Aquaculture and Fisheries

MARI 490, 401, AQFI 421;  
papers at 400-level in AQFI, MARI or OCEN to a total of 120 points  
*One paper may be replaced with an approved 400-level paper in a Science subject*

## Clothing and Textile Sciences

CLTE 490;  
three of CLTE 451, 452, 453, 454, 455, 460

## Computational Modelling

COMO 480, 401;  
three 400-level COSC or MATH papers  
*With approval from the Programme Director, other relevant 400-level papers may be substituted for COSC or MATH papers*

## Consumer Food Science

FOSC 490;  
three approved papers from FOSC 421, 422, 423, 424, 425  
**Note:** *With approval from the Head of the Department of Food Science, FOSC 460 or one 400-level paper from another relevant subject may be substituted for one elective 400-level FOSC paper*

## Energy Management

EMAN 490, 402, 403, 405, 410

## Environmental Management

GEOG 490, 471, 472;  
one further 400-level paper

## Forensic Analytical Science

FORS 490, 401;  
40 points at 400-level from APPS, BIOA, BIOC, CHEM, CLTE, FOSC, GENE, LAWS, MICR, PHAL and STAT papers

## Geographic Information Systems

SURV 590, 512, 513, PMAN 501 and an approved 500-level SURV or 400-level GEOG paper

## Molecular Biotechnology

One of BIOC 490, GENE 490, MICR 490, PLBI 490;  
three 400-level BIOC, GENE, MICR or PLBI papers

## Software Engineering

SENG 490;  
four further 400-level papers normally drawn from COSC, INFO or SENG papers

## Sport and Exercise Nutrition

HUNT 490, 451;  
one of HUNT 452, 453;  
one of PHSE 501, 527, 528;  
HASC 413;  
APPS 499

## Sports Technology

PHSE 592;  
four 400-level CLTE, COMO, COSC, DESN or 500-level PHSE papers

## Telecommunications

TELE 490;  
four 400-level TELE or approved COSC, ELEC, INFO, PHSI or SENG papers

# Postgraduate Certificate in Applied Science – PGCertAppSc

[otago.ac.nz/courses/qualifications/pgcertappsc.html](https://otago.ac.nz/courses/qualifications/pgcertappsc.html)

# Postgraduate Diploma in Applied Science – PGDipAppSc

# Master of Applied Science – MAppSc

[otago.ac.nz/courses/qualifications/pgmappsc.html](https://otago.ac.nz/courses/qualifications/pgmappsc.html)

Normal structures for programmes for the degree of **MAppSc** are set out below.

Programmes for the **PGCertAppSc** consist of approved 400- and 500-level papers, to the value of 60 points, selected from the papers specified for the degree of Master of Applied Science in the subject concerned. Each programme shall normally include papers from more than one subject.

Programmes for the **PGDipAppSc** consist of approved 400- and 500-level papers, to the value of 120 points, selected from the papers specified for the degree of Master of Applied Science in the subject concerned. Each programme shall normally include papers from more than one subject.

Students who have completed the requirements for the PGCertAppSc shall be exempted from the papers concerned if they proceed to a PGDipAppSc programme, and students who have completed the requirements for the PGCertAppSc or PGDipAppSc shall be exempted from the papers concerned if they proceed to an MAppSc programme.

For each qualification, some variations may be possible. For further details consult the University Calendar or the relevant Head of Department or Programme Director. To be admitted to any of the programmes, students must be graduates in appropriate disciplines or have satisfactory alternative qualifications or experience.

The due date for applications is **10 December**, although late applications will be considered.

## Applied Geology

GEOL 401;  
three further 400-level GEOL papers;  
three further approved 400-level papers;  
APPS 597

## Bioengineering

BIOE 401, 403, ENTR 421;  
four further approved 400-level papers which may include BIOE 402 and/or BIOE 480;  
APPS 597

## Clothing and Textile Sciences

CLTE 451, 452, 453, 454;  
three further approved 400-level papers;  
APPS 597

## Computational Modelling

COMO 401;  
three papers at 400-level from BIOE 403, MATH, STAT, COSC, ELEC;  
three further approved 400-level papers;  
APPS 597 or 598

## Computer Science

Papers worth 120 points from COSC 402, 410, 411, 412, 420, 421, 422, 430, 431, 440, 441, 450, 470, 471;  
20 further approved points at 400-level;  
APPS 597

## Consumer Food Science

Four of FOSC 421, 422, 423, 424, 425 approved by the Head of the Department of Food Science;  
three further approved 400-level papers;  
APPS 597 or 598

## Creative Non-Fiction Writing in Science

SCOM 402, 403, 404, 409, 413;  
two other 400-level papers;  
APPS 597 (e.g. writing a book)

*One of the prescribed papers may be replaced with another 400-level paper with approval from the Director of the Centre for Science Communication*

*With approval, SCOM 5A may replace APPS 597 and one 400-level paper.*

*SCOM 432, 433, and 434 may be substituted for SCOM 402, 403, and 404.*

## Electronics

40 points from ELEC 441, 442, 443, 444, 445, 446;  
100 further 400-level points as approved by the Programme Director;  
APPS 597 or 598

## Environmental Management

GEOG 471, 472;  
further approved 400-level papers worth 100 points;  
APPS 597

## Geographic Information Systems

SURV 509, 511, 512, 513, 519;  
two further approved 400- or 500-level papers;  
APPS 597 or 598

## MAppSc continued

### Microbiology

MICR 461, 463, 464;  
four further approved 400-level papers;  
one of APPS 596, 597, 598

### Molecular Biotechnology

Six approved papers from BIOC 461, 462, 463, 464, GENE 411, 412, MICR 461, 462, 463, 464, PLBI 401;  
one further approved 400-level paper;  
APPS 597 or 598

### Plant Biotechnology

PLBI 401, BTNY 461, 465;  
four further approved 400-level papers;  
APPS 597

### Quantitative Genetics

STAT 435 and QGEN 401; and  
*either* three approved papers at 400-level in STAT, MATH and GENE;  
APPS 597 *and* APPS 598  
or five approved papers at 400-level in STAT, MATH and GENE;  
APPS 597 or APPS 598

### Science and Natural History Filmmaking

SCOM 402, 405, 409, 411, 412, 413, 419;  
APPS 597 (including production of a film)

*One of the prescribed papers may be replaced with another 400-level paper with approval from the Director of the Centre for Science Communication*

*With approval, SCOM 5A may replace APPS 597 and one 400-level paper.*

*SCOM 432, 433, and 434 may be substituted for SCOM 402, 403, and 404.*

### Science Communication

Any seven 400-level SCOM papers that do not satisfy the requirements for any other endorsement;  
APPS 597

*Two of the prescribed papers may be replaced with other 400-level papers with approval from the Director of the Centre for Science Communication*

*With approval, SCOM 5A may replace APPS 597 and one 400-level paper.*

*SCOM 432, 433, and 434 may be substituted for SCOM 402, 403, and 404.*

### Science Innovation and Enterprise

SIEN 401, ENTR 421;  
and one of ENTR 412, 414;  
one approved paper at 400-level;  
three further approved papers at 400-level, normally in Science subjects;  
one of APPS 596, 597, 598

### Science in Society

SCOM 402, 404, 406, 409, 413;  
two other 400-level papers;  
APPS 597 (e.g. production of exhibition or multimedia project)

*One of the prescribed papers may be replaced with another 400-level paper with approval from the Director of the Centre for Science Communication*

*With approval, SCOM 5A may replace APPS 597 and one 400-level paper.*

*SCOM 432, 433, and 434 may be substituted for SCOM 402, 403, and 404.*

### Software Engineering

Approved 400-level papers worth 140 points normally drawn from COSC, INFO or SENG papers;  
APPS 597 or 598 or SENG 580

### Sport and Exercise Nutrition

Three of HUNT 451, 452, 453, NUTN 407;  
two of PHSE 500, 501, 511, 512, 514;  
two further approved 400- or 500-level papers;  
one of APPS 596, 597, 598

*Substitutions of other postgraduate papers may be approved by the Head of the Department of Human Nutrition*

### Telecommunications

Approved 400-level TELE, INFO, ELEC, COSC papers worth 140 points;  
APPS 597 or 598

# Bachelor of Surveying – BSurv

[otago.ac.nz/courses/qualifications/bsurv.html](https://otago.ac.nz/courses/qualifications/bsurv.html)

The normal BSurv programme structure is set out below. Some variations may be possible. For further details consult the University Calendar or the Dean of the School of Surveying.

Intending surveying students must enrol in their first year for the Surveying First Year (BSc) course.

Students may apply for admission to second year classes in Surveying after completing a competitive First Year course or an appropriate Bachelor's degree. Numbers allowed to advance to second year papers are restricted so that the total Bachelor of Surveying and Bachelor of Science students do not exceed 65 (see Clause 1(b) of the BSurv Regulations in the University Calendar). The due date for applications for enrolment in the Second Year course is **15 November**.

**1st Year** SURV 101, 102; ENGL 228 (or approved equivalents);  
MATH 160;  
54 further points

**2nd Year** SURV 201, 202, 203, 204, 205, 206, 207, 208, 298, 299

**3rd Year** SURV 301, 302, 303, 304, 306, 307, 309, 399

**4th Year** PMAN 401, SURV 450, 455, 499

**Plus** 54 points from SURV 319, 322, 329, 410, 411, 412, 413, 451, 452, 453, 454, 456, 457, 458, 459, 460, 462, 463, 469, 470, 480, including at least 36 400-level points. Further papers in any subject to make a total of 522 points.

**Total** 522 points

## Bachelor of Surveying with Honours – BSurv(Hons)

[otago.ac.nz/courses/qualifications/bsurvhons.html](https://otago.ac.nz/courses/qualifications/bsurvhons.html)

Admission is subject to special approval after the second year BSurv course.

At least 550 points are required, including SURV 590.

**1st Year** SURV 101, 102; ENGL 228 (or approved equivalents);  
MATH 160;  
54 further points

**2nd Year** SURV 201, 202, 203, 204, 205, 206, 207, 208, 298, 299

**3rd Year** SURV 301, 302, 303, 304, 306, 307, 309, 399

**4th Year** PMAN 501, SURV 450, 455, 499, 590

**Plus** 58 points from SURV 319 (or 519), 322, 329, 510, 511, 512, 513, 551, 552, 553, 554, 556, 557, 558, 559, 562, 563, 569, 573, 574, 575, including at least 40 points at 500-level.

**Total** 550 points

# Bachelor of Commerce – BCom

[otago.ac.nz/courses/qualifications/bcom.html](http://otago.ac.nz/courses/qualifications/bcom.html)

Normal BCom programme structures are set out below. Some variations may be possible. For further details consult the University Calendar or the Head of the Department teaching your major subject.

- Every BCom programme requires a minimum total of 360 points (normally 20 papers).
- Must include major subject requirements for at least one of the subjects in the lists below. May include a specified minor subject; see pages 50 and 99 for details. Every programme must include BSNS 111-115. At least three of these papers must be passed before enrolling in any 200-level Commerce paper, and all must be passed before enrolling in any 300-level Commerce paper. For single-degree BCom students, all five must be attempted in the first year of study or equivalent.
- Must have at least 180 points above 100-level, including at least 72 points at 300-level for each major subject.
- Normally at least 270 points must be for papers in Commerce Schedule C (see page 106); degree may include up to 90 points for papers from any other undergraduate degree, but this limit may be exceeded if additional points are needed to fulfil a major or minor subject requirement.

Every BCom programme must include the following required papers:

BSNS 111 Business and Society  
 BSNS 112 Interpreting Business Data\*  
 BSNS 113 Economic Principles and Policy  
 BSNS 114 Financial Decision Making  
 BSNS 115 Accounting and Information Systems

\*STAT 110 or 115 will be accepted as an alternative to BSNS 112 as a required paper or as part of the major subject requirements or as a prerequisite when:

- a. the paper has been passed before the student has enrolled for a BCom degree; or
- b. a student is enrolling for both a BCom and another degree for which STAT 110 or 115 is required.

BCom students who first enrolled in 2016 or earlier will normally complete the programme under the regulations in force when they first enrolled. If you need to complete any of BSNS 102-108, please note that the equivalent papers are BSNS 112, MART 112, BSNS 113, MANT 101 (or BSNS 111), COMP 111 (or COMP 101), BSNS 115, and BSNS 114 respectively.

Every BCom programme requires a minimum total of 360 points. Papers at 100- to 300-level are normally worth 18 points each.

## Accounting

**100-level** BSNS 112, 114, 115, ACCT 102  
*(grades of at least C+ are needed in order to proceed to 200-level ACCT papers)*  
 BSNS 111, 113 - must normally be taken in first year of study

**200-level** ACCT 211, 222, 233

**300-level** ACCT 302 or 307;  
 ACCT 310 or 315;  
 two further 300-level papers  
*One must be an ACCT paper, and the other must be an ACCT, ACFI or FINC paper*

**Plus** 126 further points; must include 54 points at 200-level or above.  
 Up to 90 points may be taken from outside Commerce.

**Total** 360 points

## Economics

**100-level** BSNS 113, ECON 112  
 BSNS 111, 112, 114, 115 - must normally be taken in first year of study

**200-level** ECON 201 or 271;  
 ECON 202;  
 one further 200-level ECON paper

**300-level** four 300-level ECON papers

**Plus** 126 further points; must include 54 points at 200-level or above.  
 Up to 90 points may be taken from outside Commerce.

**Total** 360 points

## Finance

**100-level** BSNS 112, 114, 115, FINC 102  
*(grades of at least C+ in the BSNS papers are needed in order to proceed to 200-level FINC papers)*  
 BSNS 111, 113 - must normally be taken in first year of study

**200-level** FINC 202, 203, 206

**300-level** FINC 302, 303;  
 two further 300-level papers  
*One must be a FINC paper, and the other must be a FINC, ACCT or ACFI paper*

**Plus** 126 further points; must include 54 points at 200-level or above.  
 Up to 90 points may be taken from outside Commerce.

**Total** 360 points

# Health Sciences First Year course

Admission to second year classes in Dentistry, Medical Laboratory Science, Medicine, Pharmacy, and Physiotherapy is determined by Admissions Committees and is most commonly gained through a competitive Health Sciences First Year.

The Health Sciences First Year course is designed for students seeking admission into the Health Sciences professional degrees in Dentistry, Medical Laboratory Science, Medicine, Pharmacy and Physiotherapy. It is a prescribed 126 point course to be completed in its entirety in the first year of a student's university study.

The Health Sciences First Year course consists of seven compulsory papers each worth 18 points:

## Health Sciences First Year

BIOC 192	Foundations of Biochemistry
CELS 191	Cell and Molecular Biology
CHEM 191	The Chemical Basis of Biology and Human Health
HUBS 191	Human Body Systems 1
HUBS 192	Human Body Systems 2
PHSI 191	Biological Physics
PUBH 192	Foundations of Epidemiology

Students are strongly recommended to have studied Biology, Chemistry and Physics at NCEA Level 3 (or equivalent). Students who have not done so will find the Health Sciences First Year course very challenging.

The Health Sciences First Year course should be taken in students' first year of university study. Students who are thinking of completing any university study prior to enrolling in the Health Sciences First Year course are strongly advised to contact the Health Sciences Admissions Office for further information before commencing study. Students who have already completed prior university study should contact the Health Sciences Admissions Office for further information.

Enquiries should be made to:

**The Manager, Health Sciences Admissions**

[health-sciences@otago.ac.nz](mailto:health-sciences@otago.ac.nz)

All Health Sciences First Year students will be required to pass a compulsory English diagnostic test in the first semester. Students who fail the test will be required to take ENGL 126 English for University Purposes.

Students may take an additional optional paper selected from an approved list (available at [healthsci.otago.ac.nz/courses/hsfy.html](http://healthsci.otago.ac.nz/courses/hsfy.html)) in the second semester. The results in the best seven papers will be counted for the purposes of admission to the professional programmes, provided that the compulsory seven papers are passed at or above the required minimum standard.

## Admission to Health Sciences Professional Programmes

Admission to the Health Sciences Professional Programmes is governed by the regulations contained in the University Calendar. Students are advised to read these regulations to ensure they are familiar with the admission requirements. Admission to Dentistry, Medical Laboratory Science, and Medicine requires applicants to have a current Undergraduate Medicine and Health Sciences Admission Test (UMAT) result.

The due date for applications to enrol in second year classes is **15 September** in the year preceding that to which admission is sought.

## Changing direction

Not all students who take the Health Sciences First Year course are accepted for the professional programmes, and some may decide to proceed to other programmes. The Health Sciences First Year course can be used as a basis for proceeding to BSc, BAppSc, BBiomedSc, or BAsC programmes majoring in a variety of subjects. Some combinations of major and/or minor subjects might mean that a student who switches to a new programme needs more than three years to complete a general bachelor's degree programme.

# Bachelor of Biomedical Sciences – BBiomedSc

[otago.ac.nz/courses/qualifications/bbiomedsc.html](https://otago.ac.nz/courses/qualifications/bbiomedsc.html)

Normal BBiomedSc programme structures are set out below. The requirements for each major subject are given together with the points values and levels of other papers needed in each programme. Some variations may be possible. For further details consult the University Calendar or email the Programme Administrator at [osms@otago.ac.nz](mailto:osms@otago.ac.nz)

- 360 points with at least 180 points above 100-level, of which at least 72 points must be at 300-level in the papers specified. At least 288 points must be papers prescribed for the degree; the remaining points may come from any undergraduate degree. Candidates will not normally be permitted to enrol for any papers of a year until all papers of the preceding year have been passed.
- Must include major subject requirements for at least one of the subjects in the lists below.

Every BBiomedSc programme requires a minimum total of 360 points. Papers at 100- to 300-level are normally worth 18 points each.

# Bachelor of Biomedical Sciences with Honours – BBiomedSc(Hons)

[otago.ac.nz/courses/qualifications/bbiomedschons.html](https://otago.ac.nz/courses/qualifications/bbiomedschons.html)

A Bachelor of Biomedical Sciences with Honours (BBiomedSc(Hons)) programme is available to students who have completed the requirements for the degree of Bachelor of Biomedical Sciences, or an equivalent qualification recognised by the Board of Studies for Biomedical Sciences, with an average grade of at least B+ for the appropriate 300-level papers. Applicants must normally have passed papers worth at least 126 points, at 200-level or above, during their third year of study.

The Honours degree is a thesis-only qualification, and may be awarded in any one of the following subjects:

- Drugs and Human Health
- Functional Human Biology
- Infection and Immunity
- Molecular Basis of Health and Disease
- Nutrition and Metabolism in Human Health
- Reproduction, Genetics and Development

Enquiries about admission to the programme should be directed to the Programme Administrator (email [osms@otago.ac.nz](mailto:osms@otago.ac.nz)). For further details, consult the University Calendar.

# Bachelor of Arts and Science – BASc

[otago.ac.nz/courses/qualifications/basc.html](https://otago.ac.nz/courses/qualifications/basc.html)

The normal structure of the programme for the degree of BASc is set out below. Some variations may be possible. For further details consult the University Calendar or the Head of the Departments teaching your major subjects.

- Every programme requires papers worth at least 480 points (normally 27 18-point papers would be taken, making a total of 486 points).
- Must include at least 216 points for papers from Arts and Music Schedule C and 216 points for papers from Science Schedule C (see page 106).
- Must include two major subjects: one from those available for Bachelor of Arts (see pages 53-57) and a different one from those available for either Bachelor of Science (see pages 71-74) or Bachelor of Applied Science (see page 79-80).
- May include a specified minor subject. See pages 50 and 99 for details.

There are about 1500 combinations of major subjects available, so it not possible to provide summaries of all BASc programmes. The following is only one example, showing a programme including the major subject requirements for History (an Arts major subject) and Genetics (a Science major subject).

## Specimen BASc programme

**100-level** two 100-level HIST papers;  
CELS 191, CHEM 191, BIOG 192, HUBS 191, 192, PHSI 191, PUBH 192

**200-level** three 200-level HIST papers;  
GENE 221-223

**300-level** four 300-level HIST papers;  
four of GENE 312-315, BIOG 352, MICR 335

**Plus** two further papers from Arts and Music Schedule C;  
two further papers in any subject

# Diploma for Graduates – DipGrad

[otago.ac.nz/dipgrad/index.html](https://otago.ac.nz/dipgrad/index.html)

[otago.ac.nz/courses/qualifications/dipgrad.html](https://otago.ac.nz/courses/qualifications/dipgrad.html)

The Diploma for Graduates is a qualification available to students who have completed a degree with a satisfactory standard of achievement, or other students with appropriate qualifications and experience.

The programme consists of papers worth at least 120 points (in practice, usually 7 papers – a total of 126 points), including at least 72 points at or above 300-level.

The papers can be in any subject or combination of subjects that is appropriate for the needs of individual students, whether for employment purposes, preparation for postgraduate study, gaining the equivalent of an additional major subject, meeting the requirements of an external professional body, or general interest.

The diploma may be endorsed in a named subject if it includes appropriate concentrations or combinations of papers. The subjects of endorsement may be any subject specified as a major subject or endorsement for BA, BTheol, BSc, BAppSc, or BCom or in any of several subjects available only for DipGrad: Advertising, Buddhist Studies, Sports Business, Studio Music Teaching.

It may also be awarded without endorsement. This option allows for great flexibility in the combination of papers.

For further details consult the DipGrad webpage (see above) or the University Calendar, or email the DipGrad Director at [dipgrad@otago.ac.nz](mailto:dipgrad@otago.ac.nz).

# Minor subjects for BA, MusB, BPA, BTheol, BSc, BAppSc, BCom, BHealSc, BASc

A minor subject is a lesser specialisation in a subsidiary subject, complementing the major subject in a degree programme and generally involving a separate set of papers worth a total of 90 points. It is possible to have minor subjects specified for the degrees of Bachelor of Arts, Bachelor of Music, Bachelor of Performing Arts, Bachelor of Science, Bachelor of Applied Science, Bachelor of Commerce, Bachelor of Health Sciences, and Bachelor of Arts and Science, if you pass the papers for one or more of the subjects listed in these charts. Most of the subjects can be specified as a minor subject for any of the degrees (e.g. a minor subject in a BCom programme may be a Commerce subject but may equally well be an Arts or Science subject).

Sometimes the requirements for a minor subject can overlap with the requirements for another minor subject or for a major subject in the same degree programme. No 300-level paper can count for more than one minor or major subject in a programme, but 100- and 200-level papers can, if they are compulsory for the subjects concerned.

Some variations may be possible in approved cases. For further details consult the University Calendar or the Head of Department teaching the subject you are interested in.

In most programmes a specified minor subject is not compulsory and other combinations of papers may be more appropriate for your particular circumstances.

Papers at 100- to 300-level are normally worth 18 points. All Minor subjects require 90 points unless otherwise indicated.

# Schedules of papers

The following are the 'Schedule C' lists of papers for BA, BTheol, BSc, BCom and BAsC degrees. The papers included are those at undergraduate level with the codes given for the subjects concerned together with a number of individually specified papers. For details of a paper's prerequisites, corequisites and restrictions consult the Prescriptions section of this Guide. For degree and major and minor subject requirements see pages 53-105.

The regulations for the degrees of BA, BTheol, BSc and BCom require that most papers taken for the degrees are chosen from the relevant 'Schedule C' printed in the University Calendar, but some other papers may be included (normally to a maximum of 90 points). For instance, a BSc programme of 360 points must normally include at least 270 points from Science Schedule C. The remaining 90 points may also be chosen from Science Schedule C but some or all of the further papers may alternatively be chosen from the Arts and Music, Theology, and Commerce Schedules.

A number of papers appear in more than one Schedule (e.g. Geography is both an Arts and a Science subject).

# How to use this section to select your papers

## How to read a Prescription entry

The example below illustrates the components of a typical paper entry.

### ANAT 242 Neurobiology

S2 0.15 EFTS OL, OC, DP 18 points

The structural and functional organisation of the nervous system at cellular, tissue, system and integrative levels.

P CELS 191, HUBS 191, CHEM 191, 18 further points

R ANAT 232

SC Science

*Note: For BSc students taking Neuroscience as their major subject, PHSI 191 may be substituted for CHEM 191 as a prerequisite.*

This example is for the purposes of illustration only and is not representative of all papers. Following are definitions of the information presented in the Prescriptions with their abbreviations.

**Paper code:** each paper is identified by a seven character code. The first four characters are letters which denote the subject area (e.g. ACCT for Accounting, PHSE for Physical Education) followed by three numbers (beginning with 1 for 100-level papers, 2 for 200-level papers, and so on).

**Teaching period:** University papers are offered in a number of teaching periods throughout the year: some are offered in Summer School (SS), (January-February); most papers are offered in either the first semester (S1) (February-June) or the second semester (S2) (July-November); some are taught twice in the year, in each semester (ES); some are taught over both semesters on a full-year basis (FY); and some papers are taught in 'non-standard' periods of various lengths (e.g. N1, N2) that do not match the usual teaching periods and can be shorter or longer than a semester.

It is usually best to plan your year's study so that your workload is evenly spread (e.g. 3 papers in each semester rather than 4 in one semester and 2 in the other).

**EFTS (Equivalent full-time student):** EFTS is a unit of measurement of a student's enrolment and is the basis of the funding system for the University. A typical full-time year's study equals 1.0 EFTS unit and the papers taken are fractions of that unit. In practice, a year's study will vary in EFTS value according to the papers studied. Your EFTS total is used for determining your eligibility for Student Loans and Allowances.

**Teaching Method:** is denoted by abbreviations:

- OC: the paper is available on campus.
- DL: the paper is available through Distance Learning.

**Departmental Permission (DP):** Papers designated 'DP' can be selected during paper selection but a place is not immediately guaranteed until the department concerned gives approval.

**Supported by online learning management system (OL):** teaching of the paper is supported by the use of an online learning management system (e.g. Blackboard). Note: this does not necessarily mean that the paper is taught exclusively online. Many papers will use this in conjunction with on-campus lectures, laboratories and tutorials

**Points:** each paper is worth a particular number of points. To complete a degree you must accumulate a certain number of points with a minimum number required at the higher levels.

You could not, for example, earn a degree simply by taking a large number of 100-level papers over three or four years. Most papers at 100-, 200- and 300-level are worth 18 points, but some have differing points values depending on the workload they require.

**Prescription:** description of the academic content of an individual paper.

**Prerequisite (P):** most papers beyond 100-level have particular prerequisites (requirements to be met before a paper or course may be taken). If you have not completed a prerequisite for a certain paper you will not normally be permitted to enrol in that paper.

**Corequisite (C):** some papers have a corequisite (a paper which must be taken concurrently).

**Restriction (R):** papers which have a large amount of content in common are often restricted against each other, so they cannot be credited to the same academic record.

**Limited to (LT):** papers limited to certain qualifications may normally be taken only for those qualifications (some exceptions may be possible).

**Recommended preparation (RP):** papers that should normally be taken before the paper concerned.

**Recommended concurrent study (RC):** papers it is recommended you take at the same time.

**Schedule C (SC):** indicates inclusion in lists of subjects for BA, BTheol, BSc, BCom, BASc (see page 106).

**Location (L):** indicates the campus at or from which a paper is taught. If no location is specified the paper is taught at or from Dunedin. Other locations are specified e.g. Christchurch, Wellington, Invercargill, and where a paper is taught at more than one location.

**Notes(s):** these provide additional important information specific to the paper.

The following key is available at the bottom of every left-hand page to help you identify each term or abbreviation in the listings.

**Key** S1: first semester; S2: second semester; ES: each semester; FY: full year; SS: Summer School; N1-4: non-standard periods\*; NO: not offered in 2018; NO (20XX): not offered, expected to be offered in the year noted; OL: Paper supported by online learning management system; OC: Paper is available on campus; DL: Paper is available by Distance Learning; DP: Departmental permission required; TY, T1, T2: Thesis; P: Prerequisite; C: Corequisite; PC: Prerequisite or corequisite; R: Restriction; LT: Limited to; RP: Recommended preparation; RC: Recommended concurrent study; SC: Schedule C; L: Location paper is taught at, or from (if no location mentioned, paper is taught at, or from, Dunedin). See page 108 for more information. \*Up-to-date information on non-standard periods, paper availability and class times is available at [otago.ac.nz/courses/papers](http://otago.ac.nz/courses/papers)

**BDBC 904 Contemporary Issues in Finance**  
N1 0.1667 EFTS OL, DL 20 points  
An investigation of contemporary issues in micro-finance, examining Fin-Tech, behavioural finance, financial regulation, finance and monetary policy and emerging market finance.  
LT DBA

**BDBC 905 Research Methodology I**  
N1 0.1667 EFTS OL, DL 20 points  
The research process from the theories of research epistemologies through generating research ideas and developing a research design.  
LT DBA

**BDBC 906 Research Methodology II**  
N1 0.1667 EFTS OL, DL 20 points  
The practice of undertaking research from selecting a methodology through primary data collection and using secondary data, including statistics and big-data analysis.  
LT DBA

**BMBA 501 Business Law**  
N1, N2 0.125 EFTS OC, DL 15 points  
Key basic legal and governance principles and frameworks, which are commonly present and crucially important in commercial transactions and business situations generally.  
LT DipBusAdmin, MBA, PGDipHealMgt, MHealSc

**BMBA 502 Marketing**  
N1, N2, N3 0.125 EFTS OL, OC, DL 15 points  
An introduction to marketing fundamental principles, the key impact of marketing in differing economic environments, and marketing communications in different business strategies.  
LT DipBusAdmin, MBA, PGDipHealMgt, MHealSc

**BMBA 503 Organisational Leadership**  
N1, N2 0.125 EFTS OL, OC, DL 15 points  
The fundamental principles of transformational leadership, the impact of perception and motivation on individual and group performance, and how attitudes can impact on work experience and organisational performance.  
LT DipBusAdmin, MBA, PGDipHealMgt, MHealSc

**BMBA 504 Statistics and Decision Tools**  
N1 0.125 EFTS OL, OC, DL 15 points  
A range of statistical tools from basic descriptive statistics to the more advanced methods available to support business analysis and decision making.  
LT DipBusAdmin, MBA, PGDipHealMgt, MHealSc

**BMBA 505 Economics**  
N1, N2 0.125 EFTS OL, OC, DL 15 points  
Basic economic concepts and frameworks, an overview of Macroeconomic principles, and useful tools and techniques to make sense of the business world.  
LT DipBusAdmin, MBA, PGDipHealMgt, MHealSc

**BMBA 506 Human Resource Management**  
N1, N2 0.125 EFTS OL, OC, DL 15 points  
How HRM can contribute to the survival, adaptation and growth of organisations and a critical management perspective of HRM practices in order to make better management decisions.  
LT DipBusAdmin, MBA, PGDipHealMgt, MHealSc

**BMBA 507 Accounting**  
N1, N2 0.125 EFTS OL, OC, DL 15 points  
The basis of measurement and valuation used in financial and management accounting, and views on the different accounting approaches to support business decisions.  
LT DipBusAdmin, MBA, PGDipHealMgt, MHealSc

**BMBA 508 Investment and Global Financial Markets**  
N1, N2 0.125 EFTS OL, OC, DL 15 points  
International financial markets, corporate governance, the time value of money, capital asset pricing models, and financial planning and risk management.  
LT DipBusAdmin, MBA, PGDipHealMgt, MHealSc

**BMBA 509 Strategic Planning for International Markets**  
N1, N2 0.125 EFTS OL, OC, DL 15 points  
The integration of strategic business functions and processes by which business leaders prepare their firms for growth, and typical problems faced in planning for business growth.  
LT DipBusAdmin, MBA, PGDipHealMgt, MHealSc

**BMBA 510 Leading Sustainable Enterprises**  
N1 0.125 EFTS OL, OC, DL 15 points  
Concepts and approaches to provide an appreciation of sustainability and sustainable development in relation to business, and the legal, institutional, national and global contexts of sustainability.  
LT DipBusAdmin, MBA, PGDipHealMgt, MHealSc

**BMBA 511 Operational Excellence**  
N1, N2 0.125 EFTS OL, OC, DL 15 points  
Key management decisions in areas of operations strategy, supply chain configuration and quality management, and techniques to analyse operational implications in different business sectors.  
LT DipBusAdmin, MBA, PGDipHealMgt, MHealSc

**BMBA 512 International Business**  
N1, N2, N3 0.125 EFTS OC, DL 15 points  
Business organisations in a global context, and the diverse approaches of firms and companies in various global markets and locations.

Current models of strategic Human Capital management, rewards systems, performance management, training and development, employment law and human rights.

LT PGCertEM, PGDipEM

**BUSC 517 Finance for Non-Financial Managers**

N1, N2 0.125 EFTS OC 15 points

A seminar for non-financial managers which will guide participants through the key concepts of corporate finance and accounting to better understand factors that affect firm performance.

LT PGCertEM, PGDipEM

**BUSC 518 Innovation and Entrepreneurship**

N1, N2 0.125 EFTS OC 15 points

The current theory and implication for corporate entrepreneurship strategies including product development and new venture planning. Strategic innovation, opportunity recognition, protecting intellectual property and understanding innovation and entrepreneurship culture will be examined.

LT PGCertEM, PGDipEM

**BUSC 520 The Art of Labour Negotiations**

N1, N2 0.125 EFTS OL, OC 15 points

An intensive, experience-based paper looking at collective bargaining philosophy and law, conventions and ethics, strategies and tactics, practices and procedures. Participants will work through all of the processes in an intensive week of hands-on bargaining.

LT PGCertEM, PGDipEM

**BUSC 523 Corporate Sustainability**

N1, N2 0.125 EFTS OL, OC 15 points

An intensive paper looking at sustainability and business in general, climate change, emissions trading, carbon and ecological footprints. The participants will work through key aspects in measuring and managing for sustainability.

LT PGCertEM, PGDipEM

**BUSC 524 Project Management**

N1, N2 0.125 EFTS OL, OC 15 points

An intensive paper looking at a systematic presentation and analysis of the approaches, techniques and tools used in project management.

LT PGCertEM, PGDipEM

**BUSC 590 Business Project in Executive Management**

FY 0.25 EFTS OL, OC 30 points

P Six BUSC papers

LT PGDipEM

**BUSI 540 Professional Consulting Engagement**

NO 0.5 EFTS OL, OC, DL 60 points

Students work with clients to understand their business and apply course materials to a real business problem. Both the ability to manage the project process and final report are marked.

## Business Law

**BLAW 211 Business Law Relating to Entities**

S1 0.15 EFTS OL, OC 18 points

An introduction to New Zealand's legal framework and the law of commercial transactions, different forms of business and the legal requirements relating to these organisations.

P 54 points from Commerce Schedule C

R BLAW 203, ACTB 203

SC Commerce

*Note: May not be taken concurrently with or after having passed LAWS 203, 204, 307 or 407.*

**BLAW 212 Business Law Relating to Obligations**

S2 0.15 EFTS OL, OC 18 points

An introduction to the general law of contract, including property and insolvency.

P BLAW 211

R BLAW 202, ACTB 202

SC Commerce

*Note: May not be taken concurrently with or after having passed LAWS 202.*

## Business Studies

**BSNS 111 Business and Society**

ES, SS 0.15 EFTS OL, OC 18 points

Introduction to the business environment of New Zealand, including important defining characteristics, social and environmental implications of business decisions, and an appreciation of bi- and multi-cultural frameworks as they affect business.

SC Commerce

**BSNS 112 Interpreting Business Data**

ES 0.15 EFTS OL, OC 18 points

Introduction to types of business decisions and selection of appropriate quantitative or qualitative data gathering techniques. Characteristics of data types, application of tolls, interpretations of results and ethical issues.

R BSNS 102, STAT 110, 115

SC Commerce

*Note: This is a required paper for BCom from 2017 (to be taken in place of BSNS 102 by students completing under earlier regulations).*

**BSNS 113 Economic Principles and Policy**

ES 0.15 EFTS OL, OC 18 points

Introduction to concepts central to understanding market economies, including allocation of scarce resources, consumer and business reactions to changing market conditions, and the application of economic principles to personal and business decision-making.

R BSNS 104

SC Arts and Music, Commerce, Science

*Note: This is a required paper for BCom from 2017 (to be taken in place of BSNS 104 by students completing under earlier regulations).*

**BSNS 114 Financial Decision Making**

ES 0.15 EFTS OL, OC 18 points

Introduction to some basic characteristics of financial markets. The time value of money, calculations of fair value for bonds and stocks, criteria for financing a business, risk-return trade-offs, regulatory frameworks and ethical considerations are included.

R BSNS 108

SC Commerce

*Note: This is a required paper for BCom from 2017 (to be taken in place of BSNS 108 by students completing under earlier regulations).*

**BSNS 115 Accounting and Information Systems**

ES 0.15 EFTS OL, OC 18 points

Introduction to financial and management accounting concepts, including reading and interpreting accounting statements and making internal business decisions. Using information systems and communication technology to manage data, with associated ethical issues.

R BSNS 107

SC Commerce

*Note: This is a required paper for BCom from 2017 (to be taken in place of BSNS 107 by students completing under earlier regulations).*

**BSNS 301 Internship Practicum**

ES, FY 0.15 EFTS OL, DL, DP 18 points

Internships are arranged for students to work fulltime for up to a year and to engage in critical reflection of their experience. Most internships are expected to be outside the Otago region.

## C

## Cell and Molecular Biology

## CELS 191 Cell and Molecular Biology

S1 0.15 EFTS OL, OC 18 points

An introduction to the biology of cells; fundamentals of molecular biology; organismal and molecular genetics; human genetic variation; diversity and biology of microorganisms; microbial virulence and disease processes.

R BIOL 111  
SC Science

## CELS 199 Cell and Molecular Biology

S2 0.15 EFTS OL, OC, DP 18 points

An introduction to the biology of cells; fundamentals of molecular biology; organismal and molecular genetics; human genetic variation; diversity and biology of microorganisms; microbial virulence and disease processes.

R BIOL 111, CELS 191  
SC Science

*Note: CELS 199 may be taken only by students approved by the Course Coordinator. To be eligible for approval, students must have enrolled in CELS 191 in the first semester of the same academic year and failed the paper with a D or Fail result overall but passed the laboratory assessment; in addition, students must have passed at least one 18 point paper in the first semester.*

## Chemistry

## CHEM 111 Chemistry: Molecular Architecture

S2 0.15 EFTS OL, OC 18 points

An introduction to modern structural chemical science covering: states of matter: gas, liquid, solid, solutions; atomic structure; chemical bonding: stereochemistry, isomerism, conformational analysis; methods of structural determination: spectroscopy (electronic absorption, infrared, nuclear magnetic resonance), mass spectrometry; colloids.

SC Science

*Note: It is strongly recommended that students enrolling in CHEM 111 have a minimum of 14 credits in NCEA Level 3 Chemistry (or equivalent).*

## CHEM 150 Concepts in Chemistry

SS 0.15 EFTS OL, OC, DL 18 points

Introduction to the core ideas and methods of chemistry, recommended for students with limited chemistry backgrounds. Topics include stoichiometry, equilibria, thermochemistry, redox, acid-base chemistry and main group and organic chemistry.

SC Science

*Notes: (i) Students who have achieved 14 credits of NCEA Level 2 Chemistry or more, or any credits of NCEA Level 3 Chemistry (or their equivalents) will need Head of Department approval to enrol in the course. (ii) CHEM 150 cannot be credited to a degree if CHEM 191 or 111 has been passed previously. (iii) No other Summer School paper may be taken concurrently with CHEM 150.*

## CHEM 191 The Chemical Basis of Biology and Human Health

S1, SS 0.15 EFTS OL, OC 18 points

An introduction to the concepts of chemistry underlying important processes in biology and human health, including chemical bonding, energetics, kinetics, equilibria and solubility, properties of water and solutions, acids, bases, complexation and electron transfer, mechanisms of organic reactions and properties of amino acids and carbohydrates.

R CHEM 112  
SC Science

*Notes: (i) It is strongly recommended that students enrolling in CHEM 191 have a minimum of 14 credits in NCEA Level 3 Chemistry (or equivalent). (ii) CHEM 191 may be taken at the 2018 Summer School only by students who passed the laboratory assessment for CHEM 191 in 2017, but failed the paper overall.*

## CHEM 201 Physical Chemistry and its Applications

S1 0.15 EFTS OL, OC 18 points

Fundamental physical chemistry and its application to chemical processes. Includes spectroscopy, quantum mechanics, thermodynamics, and kinetics.

P CHEM 111 or 191 (with a grade of at least B)  
RP MATH 151 or 160 or 170  
SC Science

## CHEM 202 Organic Chemistry

S2 0.15 EFTS OL, OC 18 points

Introduction to organic synthesis, the synthesis of carbon frameworks and selective manipulation of functional groups. Stereochemical and structural features of synthesis and the structural characterisation of organic compounds.

P CHEM 111 or 191  
RP CHEM 111 and 191  
SC Science

## CHEM 203 Main Group and Coordination Chemistry

S2 0.15 EFTS OL, OC 18 points

Principles of main group chemistry illustrated by the chemistry of the hydrides and organometallic compounds of the Main Group elements. Basic coordination chemistry emphasising structure and bonding in coordination complexes. An introduction to lanthanides and to symmetry in chemistry.

P CHEM 111 or 112 or 191  
RP CHEM 111 and (CHEM 112 or 191)  
SC Science

## CHEM 204 Environmental Chemistry

S2 0.15 EFTS OL, OC 18 points

Chemistry of the lithosphere, atmosphere and hydrosphere. Fate, transport, and biogeochemical cycling of inorganic and organic chemicals among the compartments of the Earth.

P CHEM 111 or 191  
R CHEM 304  
SC Science

*Notes: (i) CHEM 204 is taught as a dual-level paper with CHEM 304 (ii) CHEM 204 cannot be used by Chemistry majors to satisfy first- and second-year C chemistry point requirements.*

## CHEM 205 Biological Chemistry

S1 0.15 EFTS OL, OC 18 points

Bioenergetics of metabolism at a molecular level. Metal ion coordination chemistry and its applications in biological systems. Chemistry of amino acids and peptide formation. Chemistry of nucleic acids, phosphate esters and enzyme reactions.

P CHEM 111 or 112 or 191  
RP CHEM 111 and (CHEM 112 or 191)  
SC Science

## CHEM 301 Physical Chemistry

S1 0.15 EFTS OL, OC 18 points

Principles underlying chemical structure, chemical bonding and quantum mechanics, spectroscopy, surface chemistry and colloids and electrochemistry.

P 18 200-level CHEM points  
RP CHEM 201  
SC Science

## CHEM 302 Organic Chemistry

S2 0.15 EFTS OL, OC 18 points

Application of the principles of organic chemistry to an understanding of why organic compounds react as they do; to develop the ability to predict the course of a chemical reaction to allow for the design of controlled and selective chemical transformations.

P CHEM 202  
SC Science

## CHEM 303 Inorganic and Organometallic Chemistry

S1 0.15 EFTS OL, OC 18 points

Concepts of bonding, coordination chemistry, solid state structure and multinuclear NMR will be used to predict and rationalise the synthesis, structure and reactivity of inorganic and organometallic compounds.

P CHEM 202 or 203  
RP CHEM 202, 203  
SC Science

## CHEM 304 Environmental Chemistry

S2 0.15 EFTS OL, OC 18 points

Chemistry of the lithosphere, atmosphere, and hydrosphere. Fate, transport, and biogeochemical cycling of inorganic and organic chemicals among the compartments of the Earth.

P 18 200-level CHEM points  
R CHEM 204  
RP CHEM 201

Application of fundamental chemistry principles to an understanding of chemical reactions and molecular structure in biological systems.

P 18 200-level CHEM points  
RP CHEM 205  
SC Science

## CHEM 306 Forensic Chemistry

S2 0.15 EFTS OL, OC 18 points

Application of modern chemical analysis to practical scientific and technical situations, with particular emphasis on producing evidence for use in the judicial system.

P FORS 201 or 18 200-level CHEM points  
SC Science

## CHEM 390 Critical Readings in Chemistry

FY 0.15 EFTS OC, DP 18 points

An introduction to the concepts and practice of research methodology and analysis through critical assessment of published literature, attendance at departmental seminar presentations and a research project.

SC Science

## CHEM 461-464 Topics in Advanced Chemistry

ES, FY 0.1667 EFTS OL, OC 20 points each

## CHEM 480 Research Project

FY 0.3333 EFTS OC 40 points

A supervised project involving research and leading to the production of a research report.

R CHEM 481  
LT PGDipSci

## CHEM 490 Dissertation

FY 0.5 EFTS OC 60 points

A supervised project involving original research and leading to the production of a dissertation.

LT BSc(Hons), PGDipSci

## CHEM 495 Master's Thesis Preparation

FY 0.3333 EFTS OC 40 points

Preparation of a thesis proposal/preliminary thesis research. Normally taken by students in the papers year for a Master's degree by papers and thesis.

LT MSc

## Child Health

## CHHE 701 Community Child Health

ES 0.2 EFTS OL, DL 30 points

Community aspects of child health and child health services.

R CHHX 701  
LT DCH, MHealSc, PGDipHealSc

*Note: A compulsory paper for DCH; may also be taken by other approved health professionals.*

## CHHE 702 Clinical Attachment in Paediatrics

ES 0.3 EFTS OL, DL, DP 90 points

Develops clinical knowledge, skills and attitudes concerning paediatrics and child health to a postgraduate level appropriate for a general practitioner with a special interest in children. Topics covered include neonatal paediatrics and general paediatrics in inpatient and outpatient settings.

R CHHX 702  
LT DCH  
L Wellington

*Note: A compulsory paper for DCH; may also be taken by other approved medical graduates; every student must hold a current six-month clinical position in a medical paediatric department of an approved New Zealand hospital.*

# Children's Issues

## CHIC 401 Understanding Children and Childhood: Theory into Practice

NO (2019) 0.25 EFTS OL, DL, DP 30 points  
A critical examination of historical and demographic trends, contemporary theoretical explanations of child development and well-being, and the practice framework of primary, secondary and tertiary levels of intervention with children/families/whanau.

R CHIX 401, 403

## CHIC 402 Promoting Children's Participation and Protection

NO (2019) 0.25 EFTS OL, DL, DP 30 points  
Focuses on the interface between research, policy and practice, and critically examines the challenges faced by children/families/whanau when family transitions or abuse/violence occur. Considers how services and practitioners can effectively respond.

R CHIX 402, 404

## CHIC 407 Child-Centred Practice

S1 0.25 EFTS OL, DL 30 points  
An inter-disciplinary perspective on child-centred practice designed for professionals in education, health, law, social work and related disciplines who work with children, young people and their families.

P CHIX 401 or CHIC 401

## CHIC 480 Research Study

# Chinese

## CHIN 131 Introductory Chinese 1

S1 0.15 EFTS OL, OC 18 points  
An introductory course in reading, writing, speaking and listening to Chinese for students with no previous knowledge of the language. The paper takes an integrated approach to the skills of language acquisition and includes basic material on the cultural heritage of the Chinese people.

R CHIN 101 or 132 or any other more advanced Chinese language paper  
SC Arts and Music

*Note: This paper is for beginners only and is not available to students who have passed NCEA Level 2 or 3 (or equivalent) in Chinese. For further information, contact the Programme Coordinator (languages@otago.ac.nz).*

## CHIN 132 Introductory Chinese 2

S2 0.15 EFTS OL, OC 18 points  
A continuation of CHIN 131, further developing students' Chinese language skills in reading, writing, speaking and listening at an elementary level. The paper takes an integrated approach to the skills of language acquisition and includes basic material on the cultural heritage of the Chinese people.

P CHIN 101 or 131  
R CHIN 102 or 231 or any other more advanced Chinese language paper  
SC Arts and Music

*Note: You may be able to take this paper without the prerequisite if you can demonstrate the required ability. Use the special permission process to apply to do this; please proceed through the application process to reach the window for Special Permission. This request together with any documentation you provide or request for the transfer of credit(s) will then be submitted for approval.*

*Note for CHIN 231 and 232:*

*If you have previous knowledge of the language you can still enrol in these papers via Special Permission by proceeding with your application process to the Review and Submit page or email languages@otago.ac.nz for assistance.*

## CHIN 231 Intermediate Chinese 1

S1 0.15 EFTS OL, OC 18 points  
The development of skills in Chinese language to an intermediate level, with equal emphasis on speaking, listening, reading, and writing. Students will be introduced to basic types and features of Chinese written discourse and cultural themes.

P CHIN 102 or 132  
R CHIN 211 or 212 or 232 or any other more advanced Chinese language paper

R CHIN 212 or 334 or any other more advanced Chinese language paper  
SC Arts and Music

## CHIN 241 Contemporary Chinese Society

NO 0.15 EFTS OL, OC 18 points  
An introduction to the socio-cultural dynamics of China's transformation, drawing on anthropological perspectives to illuminate how critical issues such as urbanisation, religion, and gender are shaped by China's past, its present, and global forces. Taught in English.

P 18 points  
SC Arts and Music

## CHIN 242 Screening Chinese Cinemas

NO 0.15 EFTS OL, OC, DL 18 points  
Examination of Chinese cinematic practices - blockbusters, controversial documentaries, and digital microcinema - with a focus on its contribution to world cinema. No knowledge of Chinese language is required.

P 36 points  
R CHIN 342, CHSX 242, 342  
SC Arts and Music

*Note: At least one 100-level paper in CHIN, MFCO or ARTV is highly recommended.*

## CHIN 243 Reading Chinese Literature in the World

S1 0.15 EFTS OL, OC 18 points  
An introduction to modern Chinese literature by exploring its contribution to world literature and its thematic and stylistic relations with other literatures. No knowledge of Chinese language is required.

## Computer and Information Science

### COMP 101 Foundations of Information Systems

SS, ES 0.15 EFTS OL, OC 18 points  
Introduction to information systems for the management and exploitation of data and information, and to relational databases.

R BSNS 106  
SC Arts and Music, Commerce, Science

### COMP 111 Information and Communications Technology

SS, ES 0.15 EFTS OL, OC 18 points  
Explores fundamental components of ICT and related issues. Examines the influences and impacts ICT has and may have in the future. Students will apply widely-used software applications to perform real-world business activities.

SC Arts and Music, Commerce, Science

### COMP 112 Web Development and Digital Media

S1 0.15 EFTS OL, OC 18 points  
An introduction to client-side Web technologies including HTML, CSS, and digital media. Provides practical skills in building well-engineered Web sites and the creation and manipulation of digital images.

SC Arts and Music, Commerce, Science

### COMP 150 Practical Programming

S1 0.15 EFTS OL, OC 18 points  
An introduction to the basics of programming using the Python programming language, with an emphasis on practical topics. Suitable both for students who do not intend to major in Computer Science, and as preparation for COMP 160.

SC Arts and Music, Commerce, Science

### COMP 160 General Programming

**MATH 151 General Mathematics**

SS, S1 0.15 EFTS OL, OC 18 points  
Topics such as basic mathematical models, operations research, introductory calculus, compound interest, exponential growth and decay, simple integration as well as exponential, logarithmic and trigonometric functions.

R FINC 102, FINQ 102, QUAN 102  
SC Arts and Music, Science

*Notes: (i) This paper is recommended for students with NCEA Level 2 mathematics or equivalent. It provides excellent preparation for students wishing to take MATH 160. (ii) MATH 151 cannot be credited together with MATH 101-104, 160 or 170 passed previously or concurrently.*

**MATH 160 Mathematics 1**

SS, ES 0.15 EFTS OL, OC 18 points  
This paper is divided between algebra and calculus (which can be taken as separate 9 point papers). The algebra component introduces vectors and geometric constructions fundamental to applications in mechanics and computer graphics. Matrices, polynomials, and complex numbers are introduced. The calculus component covers ideas and methods of differential and integral calculus together with key applications and extensions.

R FINC 102, FINQ 102, MATH 101, 102, QUAN 102  
SC Arts and Music, Science

*Notes: (i) This paper is recommended for students with MATH 151, NCEA Level 3 mathematics, or equivalent. (ii) MATH 160 cannot be credited together with MATH 103, 104 or 170 passed previously or concurrently.*

**MATH 170 Mathematics 2**

ES 0.15 EFTS OL, OC 18 points  
This paper is divided between algebra and calculus components (which can be taken as separate 9 point papers). The algebra component covers vectors, matrices, linear transformations, eigenvalues and introduces aspects of discrete mathematics. The calculus component covers sequences and series, inverse trigonometric and hyperbolic functions, advanced integration techniques, differential equations and their applications.

R MATH 103, 104  
RP MATH 160 or (MATH 101 and 102)

## Nursing

**NURS 403 Mental Health Nursing Practice**

S1 0.25 EFTS OL, DL 30 points

Provision of a theoretical basis for mental health nursing through the use of a problem-based learning approach, and the incorporation of critical social theory as a basis for reflection on mental health nursing practice.

R NURX 403

LT MHealSc, PGCertHealSc, PGDipHealSc

L Christchurch

**NURS 404 Advanced Mental Health Nursing Practice**

S2 0.25 EFTS OL, DL 30 points

Advanced clinical practice in a mental health nursing context. Critique of practice and the application of research and theoretical principles to mental health nursing practice.

P NURS 403 or NURX 403

R NURX 404

LT MHealSc, PGCertHealSc, PGDipHealSc

L Christchurch

*Note: Students must have had at least two years' clinical experience in a mental health context.*

**NURS 405 Health Assessment and Advanced Nursing Practice**

S1 0.25 EFTS OL, DL 30 points

Enables the registered nurse to demonstrate health assessment knowledge and skills to meet the competencies required for advancing nursing practice. A period of mentored practice will integrate physical, psychosocial assessment and pathophysiology in the nurse's specialty area.

R NURX 405

LT MHealSc, PGCertHealSc, PGDipHealSc

L Christchurch

**NURS 409 Mental Health Nursing Practicum**

S2 0.25 EFTS OL, DL 30 points

Practicum offering clinical knowledge and skills for specialist mental health nursing and mental health care delivery. Critique of practice and application of research and theoretical principles to mental health nursing clinical practice.

R NURX 409

LT MHealSc, PGCertHealSc, PGDipHealSc

L Christchurch

*Note: Limited to nurses with no more than six months' clinical experience in a mental health specialty.*

**NURS 411 Nursing - High Acuity**

S2 0.25 EFTS OL, DL 30 points

Professional skills and knowledge related to clinical competence in areas such as high dependency, critical care and emergency nursing.

R NURX 411

LT MHealSc, PGCertHealSc, PGDipHealSc

L Christchurch

**NURS 413 Primary Health Care Nursing - Rural/Urban**

S2 0.25 EFTS OL, DL 30 points

This paper addresses specialist knowledge, problem-solving skills and technical competence in the area of primary health care nursing. It involves critique of practice and the application of research and theoretical principles to attain best practice standards. Students determine their focus as rural or urban studying their own scope of practice.

LT MHealSc, PGCertHealSc, PGDipHealSc

L Christchurch

**NURS 415 Nursing Research Methods**

S1 0.25 EFTS OL, DL 30 points

An advanced research methods paper designed to provide students with a working knowledge of a range of methods and analyses used in the field of nursing research. Content will include both qualitative and quantitative methodologies and address research ethics.

R NURX 415

LT MHealSc, PGDipHealSc

L Christchurch

**NURS 416 Nursing - Applied Pharmacology**

S2 0.25 EFTS OL, DL 30 points

Covers bioscience and pharmacology informing registered nurse practice. Provides registered nurses with legal, ethical, prescribing and drug administration frameworks as described by the Nursing Council of New Zealand.

R NURX 416

LT MHealSc, PGCertHealSc, PGDipHealSc

L Christchurch

**NURS 418 Nursing Education - Principles and Practice**

S2 0.25 EFTS OL, DL 30 points

Addresses the principles of education theory and practice related to clinical and nursing education settings. Pedagogical approaches are introduced and the socio-political foundations for nursing education are evaluated.

R NURX 418

LT MHealSc, PGDipHealSc

L Christchurch

**NURS 423 Nursing - Leadership and Management 1**

S1 0.25 EFTS OL, DL 30 points

An introduction to contemporary theories of leadership and management as integrated into the discipline of nursing, including the changing health care environment, the tasks of nursing management, the process of nursing leadership, and cultural safety and nursing leadership in New Zealand.

R NURX 423

LT MHealSc, PGCertHealSc, PGDipHealSc

L Christchurch

**NURS 424 Nursing - Leadership and Management 2**

S2 0.25 EFTS OL, DL 30 points

The application of theoretical knowledge, using cases to examine quality in the health care environment, strategic management for the nurse leader and the process of nursing leadership.

P NURS 423 or NURX 423

R NURX 424

LT MHealSc, PGCertHealSc, PGDipHealSc

L Christchurch

**NURS 426 Nursing - Gerontology**

S2 0.25 EFTS OL, DL 30 points

An applied practicum in the core knowledge of gerontology nursing allied with a specialty practice focus in hospital, community and/or home nursing facilitating advanced nursing practice.

R HASC 404, HASX 404, NURX 426

LT MHealSc, PGCertHealSc, PGDipHealSc

L Christchurch

**NURS 427 Long-term Conditions: Pathophysiology and Management**

S1 0.25 EFTS OL, DL 30 points

Principles of effective long-term condition management, including pathophysiological concepts, for assessing the impact of chronic conditions and application with best practice clinical guidelines. Early detection, practice-based resources, patient self-management, and end of life care are addressed.

R NURX 427

LT MHealSc, PGCertHealSc, PGDipHealSc

L Christchurch

**NURS 428 Long-term Condition Management (Advanced)**

S2 0.25 EFTS OL, DL 30 points

Principles of ongoing, culturally appropriate long-term condition management, including implementation of illness prevention, patient self-management approaches, integrated care, end-of-life care, population-based approaches, and change management processes.

P (NURS 427 or NURX 427) or (GENA 709 or GENX 709)

LT MHealSc, PGCertHealSc, PGDipHealSc

L Christchurch

**NURS 429 Therapeutics for Advanced Nursing**

S2 0.25 EFTS OL, DL 30 points

Consolidation of knowledge and skills for the Registered Nurse in physical and psychosocial assessment, pathophysiology, pharmacotherapeutics and diagnostic reasoning essential to safely prescribe and manage clients under supervision.

P NURS 405, 416

LT MHealSc, PGDipHealSc

L Christchurch

**NURS 430 Advanced Nursing Practicum**

NO 0.25 EFTS OL, DL 30 points

Registered Nurse students build on previous learning, knowledge and skills to further develop advanced nursing practice and expertise to meet Nursing Council of New Zealand competencies. Concurrent workplace supervision supports practice development.

P NURS 416 or NURX 416

LT MHealSc, PGDipHealSc

**NURS 431 Rural Nursing**

S2 0.25 EFTS OL, DL 30 points

Explores the concept of rural nursing and advances theoretical knowledge and practical skills to facilitate practice in rural hospital and community settings.

R NURX 431

LT MHealSc, PGDipHealSc

L Christchurch

**NURS 433 Intellectual Disability: Theory into Practice**

S2 0.25 EFTS OL, DL 30 points

The application of philosophical frameworks within practice to support individuals to optimise health, behavioural challenges and services access for people with intellectual disability across the lifespan.

LT MHealSc, PGDipHealSc

## Physics

**PHSI 131 Fundamentals of Physics I**

S1 0.15 EFTS OL, OC 18 points  
The development of physical law from Newton to the revolutionary ideas of quantum physics formulated by Planck, Schrödinger, Heisenberg, Bohr and Einstein. The physics of the real world: motion, energy and its transfer, and an introduction to the quantum mechanical nature of light and matter. Applications of the principles of physics to a technological society.

R PHSI 110, 191

*Notes: (i) It is recommended that students enrolling for PHSI 131 have a background in NCEA Level 3 Physics and Mathematics (or equivalent). (ii) Students with excellent results in NCEA Level 3 Physics (or equivalent) are advised to contact the departmental course adviser about substituting PHSI 243 or ELEC 253 for PHSI 131.*

**PHSI 132 Fundamentals of Physics II**

S2 0.15 EFTS OL, OC 18 points  
The physics of modern technology. Foundations of electromagnetism and electronic circuits, applications of geometrical and wave optics, properties of materials, and thermal physics.

SC Science

*Note: It is recommended that students enrolling for PHSI 132 have a background in NCEA Level 3 Physics and Mathematics (or equivalent).*

**PHSI 170 Sun, Earth and Universe**

NO (2019) 0.15 EFTS OL, OC, DP 18 points  
This non-advancing paper progresses in a largely descriptive way through the essentials of our understandings of the Sun-Earth system, and its place in the wider Universe. Lecture topics include ancient and classical astronomy, stellar evolution, black holes, cosmology, and the exploration of the solar system. The importance of historical aspects and the progressive development of ideas is emphasised, with a minimum of mathematics.

SC Science

**PHSI 191 Biological Physics**

SS, S1 0.15 EFTS OL, OC 18 points  
Foundations of physics for the health sciences including mechanics, properties of fluids and solids, thermodynamics, optics, electrostatics and DC circuits, and radiation and health.

A seminar series exploring research frontiers in cellular physiology through the study of contemporary papers from the scientific literature in each topic area.

## PHSL 474 Research Topics

FY 0.1667 EFTS OC, DP 20 points  
A progressive and guided writing and literature survey exercise in areas of physiology that form the background to work undertaken in the research project.

## PHSL 480 Research Project

FY 0.3333 EFTS OC, DP 40 points  
A supervised laboratory project involving original research and leading to the production of a research report.

LT PGDipSci

## PHSL 490 Dissertation

FY 0.5 EFTS OC, DP 60 points  
A supervised project involving original research and leading to the production of a dissertation.

LT BSc(Hons), PGDipSci

## PHSL 495 Master's Thesis Preparation

FY 0.3333 EFTS OC, DP 40 points  
Preparation of a thesis proposal/preliminary thesis research. Normally taken by students in the papers year for a Master's degree by papers and thesis.

# Physiotherapy

## PHTY 250 Anatomy (for BPhy)

FY 0.209 EFTS OL, OC 26 points  
Musculoskeletal anatomy, neuroanatomy and systems anatomy relevant to physiotherapy.

LT BPhy

## PHTY 251 Physiology (for BPhy)

S1 0.133 EFTS OL, OC 17 points  
Further examination of the function of major organ systems of the human body, with relevance to the practice of physiotherapy.

R (PHSL 231, 232, 233) or PHSL 251  
LT BPhy

## PHTY 252 Pharmacology (for BPhy)

S2 0.095 EFTS OL, OC 12 points  
Diagnosis and principles of management of medical and surgical conditions relevant to physiotherapy. Drug action and administration. Drugs used to treat common medical conditions, particularly those managed by physiotherapists.

R PHAL 211, 212  
LT BPhy

## PHTY 254 Physiotherapy Rehabilitation Science 1

FY 0.38 EFTS OL, OC 48 points  
Application and integration of the principles of biological, social and medical sciences and evidence-informed practice to the introductory skills of musculoskeletal, neurological and cardiopulmonary physiotherapy rehabilitation.

LT BPhy

## PHTY 255 Physiotherapy Clinical Practice 1

FY 0.133 EFTS OL, OC 17 points  
An evidence-based approach to professional practice where students are introduced to the integration of theory and practice with an emphasis on professional, ethical, cultural and legislative issues.

LT BPhy

## PHTY 353 Pathology (for BPhy)

S1 0.125 EFTS OL, OC 15 points  
The study and understanding of the principal pathological processes likely to be encountered in physiotherapy practice.

LT BPhy

## PHTY 354 Physiotherapy Rehabilitation Science 2

FY 0.5833 EFTS OL, OC 70 points  
Application and integration of the principles of biological, social and medical sciences and evidence-informed practice to the skills required for musculoskeletal, neurological and cardiopulmonary physiotherapy rehabilitation at an advanced level.

LT BPhy

## PHTY 355 Physiotherapy Clinical Practice 2

FY 0.2917 EFTS OL, OC 35 points  
An evidence-based approach to professional practice where students integrate theory and practice with an emphasis on professional, ethical, management and legislative issues.

LT BPhy

## PHTY 455 Physiotherapy Clinical Practice 3

FY 0.2 EFTS OL, OC 24 points  
An evidence-based approach to professional practice where students integrate theory and practice with an emphasis on physiotherapy management in the musculoskeletal setting.

LT BPhy

L Dunedin, Wellington, Christchurch

## PHTY 456 Physiotherapy Clinical Practice 4

FY 0.2 EFTS OL, OC 24 points  
An evidence-based approach to professional practice where students integrate theory and practice with an emphasis on physiotherapy management in the neurorehabilitation setting.

LT BPhy

L Dunedin, Wellington, Christchurch

## PHTY 457 Physiotherapy Clinical Practice 5

FY 0.2 EFTS OL, OC 24 points  
An evidence-based approach to professional practice where students integrate theory and practice with an emphasis on physiotherapy management in the cardiopulmonary/tertiary care setting.

LT BPhy

L Dunedin, Wellington, Christchurch

## PHTY 458 Physiotherapy Clinical Practice 6

FY 0.2 EFTS OL, OC 24 points  
An evidence-based approach to professional practice where students integrate theory and practice with an emphasis on physiotherapy management in the community/primary care setting.

LT BPhy

L Dunedin, Wellington, Christchurch

## PHTY 459 Research for Physiotherapy

FY 0.2 EFTS OL, OC 24 points  
An approved independent or group research project in physiotherapy supervised by a member of staff, including components of ethics, critical review and data analysis.

LT BPhy

L Dunedin, Wellington, Christchurch

S2 0.15 EFTS OL, OC 18 points  
An introduction to classic and contemporary debates in social movement studies and critical examination of popular resistance in local and global contexts.

P 18 200-level SOCI, GEND, CRIM or ANTH points or 54 200-level points from Arts and Music Schedule C  
SC Arts and Music

*Note: May not be credited together with SOCI 404 completed in 2015 or 2016.*

**SOCI 313 The Subject in Postmodern Society**

S1 0.15 EFTS OL, OC 18 points  
Extends students' understanding of sociological approaches to the self by examining postmodern ideas about the subject, emphasising contradictory impulses for individuality or free will and social conformity.

**SOCI 401 Qualitative Research Ethics**  
FY 0.1667 EFTS OL, OC 20 points  
Aims to make students employing a qualitative methodology familiar with the epistemological and ethical issues they are likely to encounter in a formal ethics review. Explores common ethical dilemmas that routinely confront qualitative researchers in the field.  
P 72 300-level SOCI points

**SOCI 402 Advanced Sociological Theory**  
FY 0.1667 EFTS OL, OC 20 points  
Builds on the theoretical knowledge acquired by students at 100-, 200- and 300-level. Supplements SOCI 490.  
P 72 300-level SOCI points

**SOCI 403 Micro-Sociology**  
NO 0.1667 EFTS OL, OC 20 points  
Focuses on the specific interface between the individual's experience of contemporary society and the theoretical concepts of post-modernism and post-structuralism.  
P 72 300-level SOCI points

**SOCI 404 Special Topic**  
NO 0.1667 EFTS OL, OC 20 points

**SOCI 410 Alternative Futures and the Sociological Imagination**  
S1 0.1667 EFTS OL, OC 20 points  
A critical inquiry into alternative forms of social organisation, relying on cutting-edge sociological theory to understand popular resistance, social contention and social change.  
P 72 300-level SOCI points

**SOCI 490 Dissertation**  
FY 0.5 EFTS OC 60 points  
Individual research in an approved topic, culminating in a dissertation of no more than 20,000 words.  
P 72 300-level SOCI points  
LT BA(Hons), PGDipArts

Software Engineering

**SENG 490 Dissertation**  
FY 0.3333 EFTS OL, OC 40 points  
A supervised project involving original research and leading to the production of a dissertation.  
LT BAppSc(Hons), PGDipAppSc, PGDipSci  
*Notes: (i) Admission normally requires at least a B average in the 300-level papers taken previously. (ii) Doing SENG 490 in a single semester is exceptional and requires approval from the Head of Department.*

**SENG 580 Research Project**  
FY 0.3333 EFTS OL, OC 40 points

Spanish

**SPAN 131 Introductory Spanish 1**  
SS, S1 0.15 EFTS OL, OC, DL 18 points  
An introductory course in reading, writing, listening to, and speaking Spanish for students with no previous knowledge of the language.  
R SPAN 132 or any other more advanced Spanish language paper  
SC Arts and Music

*Note: This paper is for beginners only and is not available to students who have passed NCEA Level 2 or 3 (or equivalent) in Spanish. For further information, contact the Programme Coordinator (languages@otago.ac.nz).*

**SPAN 132 Introductory Spanish 2**  
S2 0.15 EFTS OL, OC, DL 18 points  
A continuation of SPAN 131, further developing skills in reading, writing, listening to, and speaking Spanish for students with some basic knowledge of the language.  
P SPAN 101 or 131  
R SPAN 102 or 231 or any other more advanced Spanish language paper  
SC Arts and Music

*Notes: (i) Students should choose the level of paper appropriate to their knowledge of the language. Students may be moved to a higher or lower level of language paper at the discretion of the Programme Co-ordinator. (ii) You may be able to take this paper without the prerequisite if you can demonstrate the required ability. Use the special permission process to apply to do this; please proceed through the application process to reach the window for Special Permission. List any qualifications you have gained e.g. NCEA, and years studied, as well as a note of any other exposure to this language. This request together with any documentation you provide or request for the transfer of credit(s) will then be submitted for approval.*

*Note for SPAN 231-332:*  
*If you have previous knowledge of the language you can still enrol in these papers via Special Permission by proceeding with your application process to the Review and Submit page or email languages@otago.ac.nz for assistance.*

**SPAN 231 Intermediate Spanish 1**  
S1 0.15 EFTS OL, OC 18 points  
The development of skills in Spanish language to an intermediate level, with emphasis on speaking, listening, reading and writing. Students will increase their proficiency in Spanish communication and develop their knowledge of the culture and values of Spanish peoples.  
P SPAN 102 or 132  
R SPAN 201 or 232 or any other more advanced Spanish language paper

See *Applied Science programme requirements (page 80)* and *minor subject requirements (page 105)*.

## Statistics

**STAT 110 Statistical Methods**

S1, SS 0.15 EFTS OL, OC 18 points  
Descriptive statistics, probability distributions, estimation, hypothesis testing, regression, analysis of count data, analysis of variance and experimental design. Sampling and design principles of techniques to build on in the implementation of research studies.  
R STAT 115, (BSNS 102 or 112), QUAN 101  
SC Arts and Music, Science

**STAT 115 Introduction to Biostatistics**

S2 0.15 EFTS OL, OC 18 points  
A paper for students in health-related subjects, in particular nutrition, food science, epidemiology, exercise science, psychology, and the health sciences. Topics covered include the nature of random variation, the concepts of bias and confounding, study design, data description including risks and odds, binomial and normal distributions, estimation, hypothesis testing, regression, the control of confounders, critical appraisal, and the analysis of variance.  
R STAT 110, (BSNS 102 or 112), QUAN 101  
SC Arts and Music, Science

**STAT 210 Statistical Methods 2**

S2 0.15 EFTS OL, OC 18 points  
Linear regression, factorial analysis of variance, modelling binomial and count data; cluster analysis, principal component analysis, replication and pseudo-replication, randomisation and blocking, stratification and clustering.  
P STAT 110 or 115 or (BSNS 102 or 112)

**STAT 352 Applied Time Series**

S2 0.15 EFTS OL, OC 18 points  
An introduction to the practical aspects of the statistical analysis of time series and its application to the physical sciences and econometrics. Topics include seasonal decomposition, identification and estimation of ARIMA models, seasonal ARIMA models, and forecasting.  
P STAT 241  
SC Arts and Music, Science

**STAT 362 Probability and Inference 2**

S2 0.15 EFTS OL, OC 18 points  
Theory of ordinary least squares, maximum likelihood estimation and inference, hypothesis testing, Bayesian inference.  
P STAT 261, MATH 170  
SC Arts and Music, Science

**STAT 380 Statistical Computing**

S1 0.15 EFTS OL, OC 18 points  
Development of statistical computing skills for data analysis using high level statistical software. A range of important computer intensive statistical techniques are examined, including the bootstrap and Markov chain Monte Carlo.  
P STAT 241 and 18 further 200-level STAT points  
SC Arts and Music, Science

**STAT 411 Probability and Inference 3**

S1 0.1667 EFTS OL, OC, DP 20 points  
An overview of advanced probability theory and the classical theory of statistical inference.

**STAT 412    Generalised Linear Models**  
S2                    0.1667 EFTS    OL, OC            20 points  
The theory and application of generalised linear models. The emphasis will be on application, with a focus on real data analysis using R.

# Distance Learning

Otago offers a variety of programmes and papers through Distance Learning. Instruction is given through printed and digital resources, audio- and web-conference sessions, the internet, and residential schools and workshops.

## Applying and enrolling

For a detailed description of the application and enrolment processes:

University Admission: page 24

Programme Admission: page 24

Course enrolment: pages 26-31

or see

[enrolment.otago.ac.nz](http://enrolment.otago.ac.nz)

## Teaching and examination periods

These may differ from the standard dates depending on the course or papers being studied. Contact the appropriate School or Department for more information, or see

[otago.ac.nz/courses/papers](http://otago.ac.nz/courses/papers)

## Access to resources

### > Electronic resources

Many papers are supported by a web based course management system, such as Blackboard, Moodle or OceanBrowser, which you will use to access course information, materials and learning activities. Some courses make podcasts available through the University's podcasting site, or make use of the webconferencing system, OtagoConnect.

If you are able to visit the Dunedin, Auckland, Wellington, Christchurch and Invercargill campuses, you can use the Otago network to access the internet for course-related work.

For help and information, contact the Information Technology Services Service Desk (see page 41).

### > Distance Library Service (DLS)

Students enrolled in a Distance course or paper are eligible to use the Distance Library Service (DLS) to request research support, advice and help accessing library resources and request to have books, journal articles and chapters sent at no charge.

DLS enquiries and requests can be made:

by emailing [distance.library@otago.ac.nz](mailto:distance.library@otago.ac.nz)

Tel 0800 347 826 (0800 DISTANT)

(answer phone for after-hours enquiries within New Zealand)

Tel 64 3 179 8940 (from outside New Zealand)

Distance Library Service, Central Library, University of Otago,  
PO Box 56, Dunedin 9054

[otago.libguides.com/distance](http://otago.libguides.com/distance)

## University ID cards

You must obtain a University ID card. Your username is printed on the card. Together with your password, it provides electronic access to library databases, catalogues, and course materials. For more information see page 38.

If you attend audioconferences at the Auckland Centre, Wellington Centre, or the Schools of Medicine and Health Sciences in Wellington or Christchurch, you may also require a separate venue access card. Information will be provided about this when your course begins.

# Terminology

This section lists terms and abbreviations used within the University. These terms may also be found at [otago.ac.nz/study/terms](http://otago.ac.nz/study/terms)

**Academic points:** Each paper has an academic points value that indicates the amount of credit that will be gained towards completing a programme if the paper is passed. Most undergraduate papers are worth 18 points each and a three-year bachelor's degree typically requires a total of at least 360 points. See also Workload points.

**Academic progress:** Academic progress is a generic term relating to a student's overall progress in a programme. The way in which this is assessed will vary considerably depending on the context. For example:

- Passing 50% or more of the points for which the student is enrolled (Academic Progress Policy)
- Achieving a specific grade average (e.g. B+) or higher
- Receiving a satisfactory written progress report from their supervisor (e.g. a PhD candidate)

**Academic Progress Policy:** A student who fails to make satisfactory progress (i.e. pass half or more of the points enrolled for in a calendar year) will be placed on Conditional Enrolment and may enrol for a prescribed course of study only, in the next year of enrolment. Such a student who passes fewer than half of the points in the Conditional Enrolment year will be suspended from enrolment from the University for the subsequent two calendar years.

This policy will be applied to students transferring from other tertiary institutions as if their previous study had been undertaken at the University of Otago. Students suspended under the academic progress policies (or equivalent) of other universities will not be permitted to apply to transfer to the University of Otago until such time as that suspension has passed.

**Ad Eundem Statum Admission:** Admission "at the same level", which is usually granted on the basis of qualifications from overseas or non-university tertiary qualifications gained within New Zealand. Admission can be at entrance level (for students with the equivalent of a standard university entrance qualification e.g. through CIE, IB), or with credit for one or more papers, or at graduate level if you have completed a degree or equivalent qualification.

**Admission:** Refers either to admission to the University or to a specific paper or programme. Apart from a few special circumstances, a person must have a university entrance qualification (normally on the basis of NCEA credits, bursaries results, ad eundem statum admission, special admission, provisional entrance or discretionary entrance) and must have fulfilled language requirements in order to be admitted as a student (new and recommencing students enrolling for

most undergraduate courses will be selected via Preferential Entry or Competitive Entry). Also, admission to an honours or postgraduate programme or to a paper or programme with limited numbers (e.g. degrees in Medicine, Law, Surveying) requires special approval.

**Allowable Timetable Clash:** a timetable clash between teaching events, where at least one of the teaching events has pre-approved arrangements in place which can accommodate the clash. Students are not normally permitted to have more than one allowable timetable clash per week per teaching period.

**Application for study:** The act of applying for admission to the University and/or to a particular programme.

**Ask Otago:** An online service provided by the University with answers to general enquiries and questions including, but not limited to, matters such as applying, admission, enrolment, records, exchange, accommodation and student life on campus. Ask Otago is available at [ask.otago.ac.nz](http://ask.otago.ac.nz)

**Assessment:** The process by which learning is evaluated either internally on the basis of essays, reports, exercises, and tests or by a final examination at the end of the teaching period, or by a combination of both.

**Audioconference:** Some papers are taught by audioconference, a telephone link which enables students and lecturers in different towns to talk simultaneously to each other. (See also Distance Learning)

**Bachelor's degree:** A first or undergraduate degree, normally requiring at least three years of full-time study.

**Blackboard:** A web-based learning environment where University course materials, class discussions, assignments and assessments are available on the internet to enhance on-campus learning and/or to deliver distance learning.

**Bridging course:** A course to assist students to prepare for study in a later academic semester or year (see page 36).

**Calendar:** The University's official publication containing its statutes, regulations (including programme requirements), important dates, and other information. It is available from the University Book Shop and many libraries.

**Campus:** The grounds and buildings of the University.

**Certificate:** See postgraduate certificate.

**Certificate of Proficiency:** A term which describes a paper not necessarily being counted towards a particular qualification (e.g. an additional paper

surplus to degree requirements); or a paper being repeated in the hope of gaining a higher grade; or a paper being taken to complete a degree at another university (e.g. an Otago paper being taken for a Canterbury degree).

**Change of course:** The process by which a student who has completed course enrolment has any amendments to his or her course approved and recorded (may involve adding or dropping papers, changes to major or minor subjects).

**Clash:** See Timetable clash.

**College:** A synonym for School, used in the title of the University of Otago College of Education, which was created from the merger of the Dunedin College of Education with the University in 2007. Also see residential college.

**Competitive Entry:** A pathway for admission to undergraduate courses and programmes, for students who do not qualify for Preferential Entry. Competitive Entry students are ranked according to their academic performance and other relevant criteria and are offered places in the University in order of priority subject to fulfilling minimum age, entrance, and language requirements and the availability of places in their nominated programmes.

**Completion:** A term used to indicate that all requirements of a programme have been met and that the student is eligible to graduate.

**Conditional Enrolment:** Under the Academic Progress Policy, students who pass fewer than half of the points they are enrolled in for a calendar year are placed on Conditional Enrolment in their next year of study and may enrol for a prescribed course of study only.

**Corequisite:** A paper which must be taken concurrently with another paper, unless it has already been passed.

**Council:** The governing body of the University.

**Course:** The collection of papers for which a student is enrolled in a particular semester or year.

**Course advice:** An opportunity for a student to talk through his or her studies and future plans.

**Course approval:** The step of course enrolment in which a student's finalised course for the year or semester is accepted by both the University of Otago and the student.

**Course enrolment:** The step of the enrolment process in which students provide or update their personal details, select their papers, and complete a declaration concerning their enrolment in a particular year. The personal details include details that may change over time (such as study address), and information the

University must collect annually for the New Zealand Government. Students also undertake selection of papers and (once course approval has been given) complete the declaration which constitutes a formal commitment to the course and to liability for associated fees. Students who fail to complete course enrolment on time may not have access to all University resources.

**Credit:** Papers or points passed at Otago, or for which a student has been granted credit on the basis of work completed elsewhere or RPL credit, that may be counted towards a University of Otago programme.

**Cross credit:** Cross credit describes the situation in which a pass in a University of Otago course or paper is able to be credited by a student towards the requirements for two University of Otago qualifications. Neither qualification may be a postgraduate qualification or a graduate diploma or graduate certificate. The number of points that may be cross credited varies according to the minimum number of years required to complete the programmes concerned.

**Credit for study elsewhere:** Credit may be granted towards Otago qualifications based on study completed at another tertiary institution, or as “recognition of prior learning” (for certain Māori Studies and Surveying papers only).

Credit may be granted as specified credit (recognising that the passes from elsewhere are equivalent to specific Otago papers, e.g. HIST 102 and 106) or as unspecified credit (recognising passes that do not correspond exactly to any Otago papers, e.g. 36 unspecified Arts points at 100-level).

**Dean:** The academic and administrative Head of a School or Faculty.

**Debtor:** A student who owes money to the University and is listed as a debtor. Such students will not have access to the full range of University services until payment of any outstanding amount is made.

**Degree:** The academic award conferred by the University on the successful completion of a programme of study. The four levels of degree are (in ascending order) ordinary bachelors', honours, masters' and doctoral degrees. Most bachelors' degrees require at least 3 years of study (some require 4, 5 or 6); other degrees require 1-3 years of study after completion of earlier qualifications.

**Deletion (of a paper):** Deletion of a paper (as opposed to withdrawal) indicates the student has removed the paper from their enrolment before the prescribed cut-off dates and may be eligible for a fees refund. The paper will also cease to appear on the student's academic record.

**Department:** An organisational unit of the University consisting of academic staff teaching a particular subject or discipline together with supporting general staff.

**Diploma:** See postgraduate diploma and undergraduate diploma.

**Discretionary Entrance:** A method for students under 20 years of age and without a New Zealand University Entrance qualification to gain admission to University. Usually based on Year 12 NCEA results. This method of admission is not available to international students.

**Dissertation:** An extended piece of written work, normally based on original research, required for an honours degree or postgraduate diploma and for some masters' degrees.

**Distance Learning:** A means of teaching and learning not requiring regular attendance at a campus of the University.

**Division:** The University is divided into four teaching Divisions – Commerce (also known as the Otago Business School), Health Sciences, Humanities, and Sciences – which include the staff in all of the Departments and Schools in each of the four groups of related disciplines. Some Departments teach courses for degrees based in other Divisions (e.g. Information Science is a Commerce subject taught by a Commerce department but can also be taken for degrees in Arts and Science).

**Doctoral degrees:** The most advanced degrees of the University, mostly awarded on the basis of a thesis or a portfolio of published works of special excellence, but sometimes involving taught papers as well. Doctoral graduates may use the title ‘Doctor’.

**Domestic student:** Students are classified as domestic if they are New Zealand citizens (including citizens of the Cook Islands, Tokelau, and Niue), or permanent residents of New Zealand residing and studying in New Zealand, or Australian citizens or permanent residents of Australia resident and studying in New Zealand. All other students are classified as international students and normally require a student permit to study in New Zealand.

**Double degree programme:** A programme of study that leads towards two degrees (e.g. BA and BCom), which normally includes cross crediting.

**Double major:** A programme of study for a bachelor's degree which includes the major subject requirements for two subjects (two separate sets of 300-level papers are required).

**EFTS (Equivalent full-time student):** A unit of measurement of a student's enrolment used in the funding system for the University. A typical full-time year's study equals 1.0 EFTS unit and the papers taken are fractions of that unit. In practice, a year's study will vary in EFTS value according to the papers studied.

**Endorsement:** A subject or area of specialisation for certain qualifications (e.g. PGCertHealSc endorsed in Human Nutrition).

**Enrolment:** The collective term used for application, course enrolment, and payment of fees. Further information about enrolment is available at [otago.ac.nz/study/enrolment](http://otago.ac.nz/study/enrolment)

**Entry Pathway System:** The system under which new or recommencing domestic students who are applying for enrolment in a general bachelor's degree and some other courses (e.g. Health

Sciences First Year), have their applications assessed and either approved or declined. Also see Competitive Entry and Preferential Entry.

**eVision:** A one-stop shop where students apply to study, access all important study-related information, and maintain their personal information.

**Exceptional Timetable Clash:** Any timetable clash which is not considered an Allowable Timetable Clash. Exceptional Timetable Clashes will only be approved in limited circumstances.

**Exemption:** Permission to leave a particular requirement out of a course. This normally requires approval by the Division concerned.

**Faculty:** A decision-making body for academic matters affecting a group of Departments or a specialist School.

**Fees:** Enrolment in any paper or programme involves liability for the payment of fees to the University. Most fees fall under the following categories; Tuition fee, Students Services fee, and Non-tuition (administration) fees.

**Field trip:** An off-campus visit, usually to observe natural phenomena or to collect specimens (often a compulsory part of courses in subjects such as Botany or Geology).

**Final Examination Only enrolment:** In most papers (but not all), a student who has completed course work satisfactorily but has failed to pass the paper concerned may apply for Final Examination Only enrolment. This means that the student may sit the examination at the end of the next teaching period that the paper is offered but may not attend teaching sessions or submit further assignments. This concession is granted only once for a particular paper, and only for the teaching period in which the paper is offered next.

**Finalist:** A student enrolled for a course which is sufficient to complete a qualification in that semester or year.

**Final examinations:** Often called ‘finals’, these are formal examinations conducted under the authority of the Senate at the end of the teaching period for a paper.

**First-year student:** A student who has not previously attended the University of Otago or any other university in New Zealand.

**Full-time (course):** Generally between 54 and 72 points in any one semester or 108 and 144 points in any one year. (Also see Workload.)

**General bachelors' degrees:** Any of the ordinary bachelors' degrees (BA, BAppSc, BASc, BBiomedSc, BCom, BHealSc, MusB, BPA, BPhEd, BSc, BTheol, BASc), most of which have a choice of major subjects, available to eligible students under the Entry Pathway system.

**Grade:** A letter awarded for a particular paper which indicates the level of performance in examinations and other assessment. (A+ is top grade; C- is lowest passing grade; D and E are failing grades).

**Grade Point Average (GPA):** A numerical measure of a student's academic achievement. When a GPA is needed at Otago for admission or scholarships purposes, a numerical value is assigned to each letter grade (A+=9, A=8, A-=7, B+=6, B=5, B-=4, C+=3, C=2, C-=1). The weighted average is then calculated (taking into account differing point values of papers).

**Graduand:** A student who has completed the requirements of a qualification, but has not yet graduated.

**Graduate:** A person who has had a degree conferred.

**Graduate diploma:** A qualification available only to graduates but comprising papers at undergraduate level.

**Health Declaration:** If you wish to apply for special consideration on health grounds because you miss a compulsory class or assessment for health reasons, or in connection with a final examination for health reasons, you should normally use a Health Declaration Form. A section must be completed by a health professional if a final examination is involved, but is not always required in other cases; check with the department or school concerned. There is a different process for some programmes (e.g. Dentistry, Medical Laboratory Science, Medical Radiation Therapy, Medicine, Pharmacy, Physiotherapy). Students enrolled in those programmes must check with their schools or departments on their requirements.

**HOD:** Head of Department

**Honours degree:** A more specialised degree than an ordinary bachelor's degree, usually involving more papers in the subject of the degree and a research report or dissertation. In most subjects, the honours degree is a postgraduate degree, requiring an additional year of study after completion of an ordinary three-year bachelor's degree. In other cases (particularly professional programmes), the honours degree is an undergraduate degree requiring additional work but taking no longer than the corresponding ordinary degree.

**Interest Only enrolment:** Interest Only enrolment is when a student is permitted to enrol for a paper and to attend classes without undertaking any examinations or other formal assessment (and therefore without the possibility of being awarded any credit for the paper). Interest Only enrolment is not normally available to students who are also taking courses for credit in the same enrolment period.

**Internal assessment:** In addition to or instead of final examinations, some or all of the final grade for each paper is based on internal assessment – results for essays, assignments, laboratory or other practical work, and tests or examinations (sometimes known as terms tests) conducted by individual departments or schools.

**International student:** Any student who is not a domestic student (see entry above). International students normally require a student visa to study in New Zealand.

**Laboratory:** A teaching session involving experimental or practical work.

**Lecture:** The main method of instruction at the University. Usually a 50 minute oral teaching session.

**Level:** The different stages at which a subject is taught which reflect how advanced a paper is (e.g. 100-level is the first level).

**Main enrolment period:** Covers first and second semester.

**Major subject:** The subject chosen as the main area of study for an ordinary bachelor's degree and studied up to 300-level.

**Managed Enrolment / Entry Pathway System:** The system under which first year, transferring or recommending students who are applying for enrolment in a programme subject to this system, have their applications assessed and either approved or declined.

**Master's degree:** An advanced degree taken by a student who already holds a bachelor's degree. It normally involves research for a thesis or a dissertation.

**Matriculation:** The formal addition of a student's name to the records of the University at the beginning of the first year of enrolment. It occurs when a student completes the declaration at the end of course enrolment.

**Minor subject:** A recognised selection of papers in a particular subject area, in addition to a major subject. Normally five papers are required, with two at 200-level and one at 300-level.

**National Student Index (NSI):** The National Student Index is a national register of all students in the New Zealand education system. Each student on the register has a unique National Student Number (NSN). All students enrolled in formal tertiary education are required to have an "active" NSN, meaning the name, date of birth and citizenship details of the record have been verified.

**National Student Number (NSN):** A number assigned to every student by the Ministry of Education to help in the maintenance of information about students, even if they change institutions.

**NCEA - National Certificate of Educational Achievement:** A national award for educational achievement administered by NZQA. The majority of new students gaining admission to the University do so by virtue of their NCEA results from secondary school.

**New student:** A student who has not previously attended the University of Otago.

**New Zealand Qualifications Authority (NZQA):** A government agency which maintains an overview of secondary and tertiary qualifications offered within New Zealand and, in particular, is responsible for the NCEA (National Certificate of Educational Achievement).

**100-, 200-, 300 -level etc:** Each paper or other course component offered by the University has a level associated with it. For example, ANTH 101 would be an Anthropology paper primarily designed for students new to Anthropology;

ANTH 201 would be a paper which would assume some prior 100-level achievement in Anthropology. The highest level used is 900, and this currently indicates study at PhD level.

**Ordinary bachelor's degree:** A bachelor's degree awarded without honours. Most ordinary bachelor's degrees may be completed in three years of full-time study, although some require four, five or six.

**Orientation:** A programme of events organised at the beginning of the year to introduce new students to University life.

**Papers:** The smallest individual components of a course. Each paper is listed separately on an academic record, has a result recorded for it, and generates a fee to be paid.

**Paper codes:** Each paper is identified by a seven-character code. Four letters denoting the subject area (e.g. ACCT for Accounting, PHSE for Physical Education) are followed by three numbers (beginning with 1 for 100-level papers, 2 for 200-level papers, and so on).

**Part-time:** Any course whose workload is less than 54 points in any one semester or 108 points in any one year is normally regarded as a part-time course. Part-time students are not normally eligible to receive student allowances. (Also see workload.)

**PhD:** The degree of Doctor of Philosophy, a higher degree than an honours or master's degree, involving at least three years of supervised research and a thesis.

**Points:** Every paper has a point value that shows its proportion of an equivalent full-time year of enrolment of 120 points.

**Postgraduate certificate:** A qualification for graduates which requires at least one semester of full-time study (or the equivalent in part-time study).

**Postgraduate course:** A course undertaken by a student who has already completed a bachelor's degree and comprising papers or other work at 400-level or above.

**Postgraduate degree:** An honours, master's, or doctoral degree available only to graduates, requiring advanced study and a research component.

**Postgraduate diploma:** A qualification for graduates requiring at least one year of full-time study (or the equivalent in part-time study).

**Preferential Entry:** A pathway for admission to undergraduate courses and programmes. Students who qualify for Preferential Entry on the basis of academic merit and/or other criteria are guaranteed places in the University subject to fulfilling minimum age, entrance, and language requirements.

**Prerequisite:** A paper that must be passed before taking some other paper or course.

**Prescription:** Description of the academic content of an individual paper.

**Programme:** The entire requirements for the qualification towards which a student is studying (e.g. a degree programme).

**Progression:** A student's advancement from one stage or year or level or proportion of a programme to the next. For some programmes (e.g. MB ChB) completion of a prescribed full year's course is required for progression to the following year.

**Pro-Vice-Chancellor:** The academic and administrative head of an academic Division.

**Qualification:** A degree, diploma, or certificate of the University awarded to a student after successful completion of the requirements of the programme concerned (e.g. BA, Bachelor of Arts).

**Recommencing student:** A student who has been enrolled at the University previously but not in the preceding two calendar years.

**Recommended preparation:** If Paper A is recommended preparation for Paper B it is recommended that a student wishing to enrol in Paper B has previously taken Paper A. This is advisory only; it is not enforced.

**Recommended preparation or concurrent study:** If Paper A is recommended preparation or concurrent study for Paper B then it is recommended that a student wishing to enrol in Paper B has either previously taken Paper A, or is enrolling in it in the same teaching period as Paper B. This is advisory only; it is not enforced.

**Residential college:** A hall of residence associated with the University providing accommodation and other facilities for students. There are 15 residential colleges at Otago: Abbey, Aquinas, Arana, Carrington, City, Cumberland, Hayward, Knox, St Margaret's, Salmond, Selwyn, Studholme, Te Rangi Hiroa, Toroa and University College.

**Restrictions:** Papers which have a large amount of content in common are often restricted against each other, so they cannot be credited to the same academic record.

**Returning student:** A student who has been enrolled at the University in either or both of the preceding two calendar years.

**RPL Credit:** In some cases it is possible for students to have prior non-credentialed learning (i.e. learning which has not been formally recognised with a qualification or other documented record) recognised for the purposes of admission to, or credit towards, a course or programme. The process of assessing and recording non-credentialed learning is called Recognition of Prior Learning (RPL) and any credit granted is termed RPL credit.

**Schedule:** Some programme regulations and paper prerequisites include reference to Schedules. These can include major and minor subject requirements, honours and postgraduate diploma subject requirements and schedules of papers. The schedules of papers are referred to using a variety of names (e.g. "Arts and Music Schedule C").

**School:** A section of the University which teaches a particular discipline (e.g. School of Dentistry) or which groups a number of departments in a Division together (e.g. Dunedin School of Medicine).

**Semester:** The academic year has two main teaching periods, the first semester and the second semester.

**Senate:** The University's main decision-making and advisory body for academic matters.

**Special Admission:** A means of entrance to the University for domestic students over 20 years of age who do not hold a New Zealand University Entrance qualification. Special Admission is available to domestic students only.

**Special topic papers:** A 'shell' paper that may be used with different content in different years. A student may be able to complete the paper multiple times and count the credit from each instance, provided that the content is different each time.

**Specialisation:** A discipline specified as a major subject or minor subject in a programme, or as the subject of or an endorsement for a qualification, indicating that a concentration of papers has been taken in that discipline or that the qualification is entirely in the discipline.

**Specialised bachelors' degrees:** Qualifications for which only limited numbers of students may enrol have specific entry requirements in the relevant programme regulations (e.g. for Teacher Education, Law, Surveying, Social Work and several Health Sciences professional degrees).

**Streams:** Papers which have too many students to be taught in one class are divided into groups called streams.

**Study period:** Study periods are the defined blocks of time in which academic teaching (or supervision) occurs. Each year contains multiple study periods, some of which may have overlapping dates and some of which may start or end outside the year concerned. The chief study periods are the summer school period and the first and second semesters.

**Subject:** Specific topics of study which the University offers. Each subject has a name (e.g. History) and a four letter code (e.g. HIST). Each paper has a subject code as part of its paper code (e.g. HIST 107).

**Summer School:** An intensive teaching period from early January to mid-February during which a range of undergraduate papers is offered.

**Suspension (in regard to Academic Progress Policy):** Under the Academic Progress Policy, students who pass fewer than half of the points they are enrolled for in the Conditional Enrolment year will be suspended (i.e. will not be permitted to enrol) for the subsequent two calendar years.

**Terms:** The requirements a student must complete to be permitted to sit final examinations. Terms are gained by attending classes and completing oral, written, and practical work for the paper concerned. Students are informed of the minimum requirements at the start of each paper.

**Terms test:** See Internal Assessment.

**Thesis:** A long dissertation based on original research and submitted for a master's or doctoral degree.

**Timetable clash:** A timetable clash occurs when a student has two teaching events scheduled at the same time. Students are expected to attend all scheduled teaching events (lectures, tutorials, laboratories, etc) in their course of study. Timetabling: The allocation of classes to specific timeslots and rooms.

**Transcript:** A copy of a student's academic record showing enrolment information and examination results for each paper or course.

**Transfer of papers:** The process by which a paper (and any associated points) is transferred from one programme of study to another.

**Transferring student:** A student who has previously attended another university in New Zealand but not the University of Otago.

**Tutorial:** Small group sessions led by a tutor which meet for discussion and individual assistance.

**Undergraduate:** A student studying for an ordinary bachelor's or other first degree.

**Undergraduate diploma:** A qualification at a level lower than a degree which requires at least the equivalent of one year of full-time study.

**Vice-Chancellor:** The academic and administrative head of the University, designated as its Chief Executive by statute.

**Withdrawal:** Withdrawal from a paper (as opposed to deletion) indicates the student has formally withdrawn from studying in the paper before the prescribed cut-off dates but will not normally be eligible for a fees refund. The paper will continue to appear on the student's academic transcript and academic record, but will be annotated accordingly (e.g. Wdn April).

**Withdrawn Exceptional:** Withdrawn Exceptional (as opposed to deletion or withdrawal) indicates the student has been permitted to withdraw formally from the paper after the prescribed cut-off dates due to exceptional circumstances. The student may be eligible for a partial fees refund. The paper will continue to appear on the student's academic transcript and academic record, but will be annotated accordingly.

**Witnessed copy:** A photocopied document signed by a person of suitable standing (e.g. Solicitor, Justice of the Peace), who has seen the original document and checked that the copy is true and unaltered.

**Workload:** A full-time course is generally between 54 and 72 points in any one semester or 108 and 144 points in any one year. As a general guide, 1 point represents study in formal instruction or independent study for 10 hours, made up of a combination of lectures, tutorials, laboratories, assignments and reading. Some professional, honours and postgraduate programmes may differ from this. Any course whose workload is less than 54 points in any one semester or 108 points in any one year is normally regarded as a part-time course. Part-time students are not normally eligible to receive student allowances.
