

# Māori & Pasifika Women

## Can your genes protect you against diabetes?

He Rangahau Mate Huka

Kia ora, Kia orana, Talofa, Malo e lelei, Fakaalofa atu, Malo ni

We invite you to consider joining our research study looking at genetic factors that may protect against diabetes among Māori and Pasifika.

### Are you or your whānau?

- Female
- Aged 18–50
- Māori or Pasifika
- Interested in helping improve the health of our people
- Able to give a morning of your time in Wellington
- Interested to learn more about how your body works and processes food

*(Receive a body composition report and \$100 for your time/expenses).*

Contact us to find out more and whether you are eligible:
