### **REQUIREMENT TO CONTRACT ON THE NEW ZEALAND ASSOCIATION OF CLINICAL RESEARCH STANDARD AGREEMENTS**

The New Zealand Association of Clinical Research has developed standardised Clinical Trial Research Agreements (sCTRAs) and a standardised Indemnity & Compensation Agreement (sICA).

The sCTRAs and sICA have been updated following wide consultation with the New Zealand clinical research industry. The sCTRAs and sICA are therefore considered to be industry standard, accepted documents, and are the contracting documents required to be used by Canterbury District Health Board in respect of clinical research studies that it participates in as an Institution.

Canterbury District Health Board will not in any circumstances agree to amend the terms of a sCTRA and / or sICA, unless the nature of the trial or specific circumstances of the parties requires this.

Please feel free to contact the Legal Team should you require any further information in respect of Canterbury District Health Board's requirements for commercial clinical research studies.

Kind regards,

Yours sincerely

**Greg Brogden**

Senior Corporate Solicitor
