

2018 international tuition fees

International tuition fees are detailed on the course information pages of this prospectus. The notes below provide further explanatory information on how tuition fees are charged and important policies associated with these fees.

- 1 All fees are inclusive of GST (New Zealand Goods and Services Tax).
- 2 Tuition fees do not include the student services fee.
- 3 Tuition fees do not include any of the University's administrative charges.

2018 administrative fees will be set in late 2017; please see otago.ac.nz/tuition-fees

- 4 The tuition fees detailed provide an estimate of costs for 2018. The tuition fees listed may not represent the actual cost of a programme of study. Generally, a student's total tuition is made up of the collective fees for each paper for which the student is enrolled. The subject category fee (as listed in this schedule) and the EFTS (funding equation) value will determine the fee of any paper. The actual programme fee will be affected by:
 - the enrolment for more or less than 1 EFT (a normal full-time course)
 - the inclusion of papers from different subject areas (which are at different fee rates)
 - the sequencing of enrolment in papers within the course
 - a change to the structure of the course and the availability of papers.
- 5 Tuition fees are assessed each year. The fee categories are applicable only to the calendar year (January-December) in which the course is commenced. If a course of study extends for one or more semesters in a subsequent calendar year(s), the students will be required to pay the tuition fee applicable for that calendar year(s). Annual fee increases (or decreases) are expected to be modest. Under current circumstances this would be in the order of up to 5% per annum.
- 6 An orientation programme will be held before enrolment. There will be no extra charge for participation in this programme.
- 7 Costs for some course materials, field trips and thesis publication are not included in the quoted fees.
- 8 The following students are normally eligible to enrol at the University of Otago under the same conditions as New Zealand students and at the same level of fees:
 - Australian citizens and permanent residents of Australia residing and studying in New Zealand for the duration of their courses of study
 - Citizens of the Cook Islands, Niue and Tokelau who are New Zealand citizens.

Australian citizens and permanent residents of Australia residing and studying outside New Zealand are required to pay full-cost international fees.

- 9 Students who have been granted study awards or scholarships by Rotary International, Commonwealth Scholarship Scheme, Fulbright Awards, or DAAD pay equivalent New Zealand fees only.
- 10 Most PhD students enrolling at a New Zealand university are eligible to pay tuition fees at the New Zealand domestic level. International PhD students must be resident in New Zealand during their studies, apart from approved temporary absences overseas for the purposes of PhD research, to be classified as domestic students.
- 11 Postgraduate fees for 2018 reflect a level of subsidy from the University in recognition of the valuable contribution that is made by postgraduate students to University research.

Student services fee

The University of Otago is required by Government regulation to ensure a range of services are available to students and these are funded through the charging of the Student Services Fee.

In 2017 the Student Services Fee (GST inclusive) for Dunedin on-campus students is \$739.00.

Students whose course is delivered at the other University of Otago campuses, Wellington are charged a Student Services Fee of \$163.00 and Christchurch are charged a Student Services Fee of \$169.00, Southland campus students are charged \$134.00. Postgraduate students at these campuses are charged a Student Services Fee of \$41.56.

Students enrolled for courses taught entirely at a distance are not charged the Student Services Fee.

Fees refund and fee protection policy

Please note that policies and deadlines are subject to change. Up-to-date policies are available from the University's website.

Programme summary

UNDERGRADUATE

QUALIFICATION	DURATION (Years)	INTAKES (S1: Semester 1 S2: Semester 2)	LOCATION	IMPORTANT INFORMATION	FEES NZ\$ per year
Business					
Bachelor of Commerce (BCom)^	3	S1, S2	Dunedin		
Accounting					26,622
Economics					26,622
Finance					26,622
Information Science					29,952
International Business				Language / cultural papers as part of course	26,622
Management					26,622
Marketing Management					26,622
Tourism					26,622
Health Sciences					
Bachelor of Dental Surgery (BDS)^	5	S1	Dunedin	Competitive entry after HSFY	
Health Sciences First Year (HSFY)				UMAT, interview	\$32,025
Years 2-5 (per year)					\$90,780
Bachelor of Medical Laboratory Science (BMLSc)	4	S1	Dunedin	Competitive entry after HSFY	
Health Sciences First Year (HSFY)					\$32,025
Years 2-4 (per year)					\$36,960
Bachelor of Medicine and Bachelor of Surgery (MB ChB)	6	S1	Dunedin	Competitive entry after HSFY	
Health Sciences First Year (HSFY)				UMAT	\$32,025
Years 2-3 (per year)					\$72,800
Years 4-6 (per year)					\$83,200
Bachelor of Pharmacy (BPharm)^	4	S1	Dunedin	Competitive entry after HSFY	
Health Sciences First Year (HSFY)					\$32,025
Years 2-4 (per year)					\$37,960
Bachelor of Physiotherapy (BPhy)^	4	S1	Dunedin	Competitive entry after HSFY	
Health Sciences First Year (HSFY)					\$32,025
Years 2-4 (per year)					\$37,960
Bachelor of Dental Technology (BDentTech)^	3	S1	Dunedin	Competitive entry	
Year 1					35,302
Year 2					37,595
Year 3					35,949
Bachelor of Oral Health (BOH)	3	S1	Dunedin	Competitive entry	
Year 1					31,956
Year 2					34,691
Year 3					37,595
Bachelor of Biomedical Sciences (BBiomedSc)^	3	S1	Dunedin		31,200
Drugs and Human Health					
Functional Human Biology					
Infection and Immunity					
Molecular Basis of Health and Disease					
Nutrition, Metabolism and Human Health					
Reproduction, Genetics and Development					

[^]Honours degrees are available
Minimum duration assumes full-time study, part-time study is possible for most courses.
