

## ERRATUM

In the recent paper by Murray G. Efford and Deanna K. Dawson (2012) entitled "Occupancy in continuous habitat," published in *Ecosphere* 3(4):32, an error appeared in Eq. 3 on p. 4.

The corrected equation is  $E(\psi_p) = 1 - \exp[-n(R + 2\sqrt{R} + 1)]$ . The sentence following should have read "For square plots  $2\sqrt{R}$  is replaced by  $4\sqrt{(R/\pi)}$ ". Figs. 2 and 3 used the correct equation.
