

EDGAR DIABETES & OBESITY RESEARCH

A UNIVERSITY OF OTAGO RESEARCH CENTRE

Is Type 2 Diabetes preventable, curable, or both?

Professor Mike Lean

University of Glasgow

Mike Lean holds the chair of Human Nutrition, based at Glasgow Royal Infirmary, where he is also a consultant physician. His presentation will describe the Diabetes Remission Clinical Trial (DiRECT), the biggest research study ever funded by Diabetes UK, which aims to reverse the diagnosis of type 2 diabetes using a non-surgical weight management programme.

Wednesday 25 March, 5.00pm
Hutton Theatre, Otago Museum
