

Geology Regulations for Teaching Labs

- Hazardous procedures must not be carried out in teaching labs.
- No food or drink in the labs; use the common-room instead.
- No skateboards, scooters, bikes or other objects that might hamper movement around and egress from labs.
- Project materials, literature, specimens etc. should be put away unless being worked on immediately.
- **Equipment and materials must not be moved from the lab other than by permission of the staff member in charge.**
- Furniture must not be rearranged; egress must be kept clear.
- "Personal" music only - use individual headphones.
- Footwear must be worn.
- **Labs are for Geology students only. After-hours use is only for students with after-hours swipe card access.**
- Students **working in labs after hours** must carry ID and be prepared to show it to Security Staff.
- **Undergraduate** students must leave the building by 11 pm.
