Deutsche Craigs Financial Markets and Investment Banking Scholarships

Established at the University of Otago in 2004 by Deutsche Bank, the scholarships aim to assist students from the School of Business towards a career in Financial Markets or Investment Banking.

**Eligibility**

Up to two scholarships may be awarded by the University Council, to full-time students in their penultimate year of either:

- A Bachelors degree with Honours (or similar postgraduate studies), in Economics, Finance, Accounting or Economics and Statistics, or
- A double degree including Commerce where the major subject for the Commerce degree is one or more of Economics, Finance, Accounting or Economics and Statistics (in the case of Economics, the degree may be an Arts degree rather than a Commerce degree).

Any applicant must be a New Zealand citizen or permanent resident. The recipients may not hold any other Scholarship or Award except with the permission of the Selection Committee.

**Application and Selection Process**

Application is by way of curriculum vitae, a statement (less than 300 words) addressing some or all of the selection criteria and a brief covering letter. Applications close with the Undergraduate Scholarships Officer, University of Otago, on 16 March in the year of the award (Late applications will not be accepted).

The selection criteria will be based on academic merit, teamwork and leadership qualities, demonstrated problem solving ability, careers aspirations, and interview performance. Further consideration will be shown to students who make a significant contribution to social, sporting and/or community activities in addition to their studies.

The Scholarships will be awarded by the University of Otago Council upon the recommendation of a Selection Committee comprising the Dean of the School of Business (or nominee), another individual nominated jointly by the Heads of the Departments of Economics, Finance and Quantitative Analysis, and Accountancy Business Law and a representative from Deutsche Bank.

The University of Otago Council has power to terminate or suspend a Scholarship if it receives an unsatisfactory report on the progress of a Scholar from the Head of the relevant Department.

The University of Otago is not obliged to make an award if in any year there is no candidate of sufficient merit.

The University of Otago has the power to amend or vary these Regulations, in consultation with the Bank, provided there is no departure from the main purpose of the Scholarship.

**Financial**

The value of the scholarship is $5000 which will be in two payments each of $2500, the first in the year of the award and the second in the final year.

The Scholarship emolument will be paid in two instalments in May of the relevant years provided the recipient is then enrolled for the approved course of study.
