

Hands-On at Otago 2023

Whai Wheako i Ōtākou

Sciences Hands-On Scholarships

Sciences Hands-On Scholarship?

Hands-On at Otago scholarships are offered to students who have selected science projects in their application and are looking to pursue further study within the Sciences. There are six scholarships available and they cover the registration and travel costs to a maximum of \$1300 each to Hands-On at Otago 2023. These scholarships offer students who are entering Year 12 or 13 in 2023, an opportunity to participate in the Hands-On programme, while experiencing one of our exciting science projects.

Hands-On at Otago is a programme intended to give students practical experience in research and university life – the kind of opportunity normally only available to current students. Hands-On at Otago is open to students with a strong interest in learning, who are motivated to succeed, and with the potential to achieve well.

The aim of the scholarships is to inspire and motivate those who have a passion for learning and wish to develop their knowledge and skills alongside many other students who share their interests.

What do I need to do?

STEP 1

Fill out the application form online at: otago.ac.nz/hands-on-at-otago

STEP 2

Write an essay (500 words max and word processed) in English, based on...

Who and/or what inspires you to undertake study in Science subjects at the University of Otago?

STEP 3

- Request a letter of support for your application from a teacher who was involved in your education journey around topics that can be applied to a science setting.
- The letter of support must be written on your school's official paper.

Applications

Applications for the scholarship must be completed online by 5pm Thursday 8 September.
