Te Tai Poutini IPE: Complex Rural Immersion

Hear how the Te Tai Poutini IPE programme equips senior health students for comprehensive generalist practice, whatever their profession. Students are embedded for five weeks in a rural community for their clinical placements, their free time and with the IPE team exploring different aspects of the West Coast outside of Greymouth and Hokitika.

Webinar 10 - Wed 03 Aug 2022
12:30-13:30

IPE Continuing Professional Development

This session focuses on the skills and knowledge needed to promote effective interprofessional facilitation and learning in classroom and practice settings. What are the key skills and how are they best transferred to health professional educators? How is IPE continuing professional development to be encouraged and recognised?

Webinar 11 - Wed 02 Nov 2022 12:30-13:30

IPE Online SimPHARM

Panel: Steve Duffull, Pharmacy and Cate McCall, Nursing

Learn about online innovation in IPE. SimPHARM is a clinical pharmacology simulation engine that creates autonomous, cloudbased virtual patients. Students manage their patient's medical / clinical pharmacology needs via a web-based interface.
