

Connecting to UO_WIFI: Android

What is UO_WIFI?

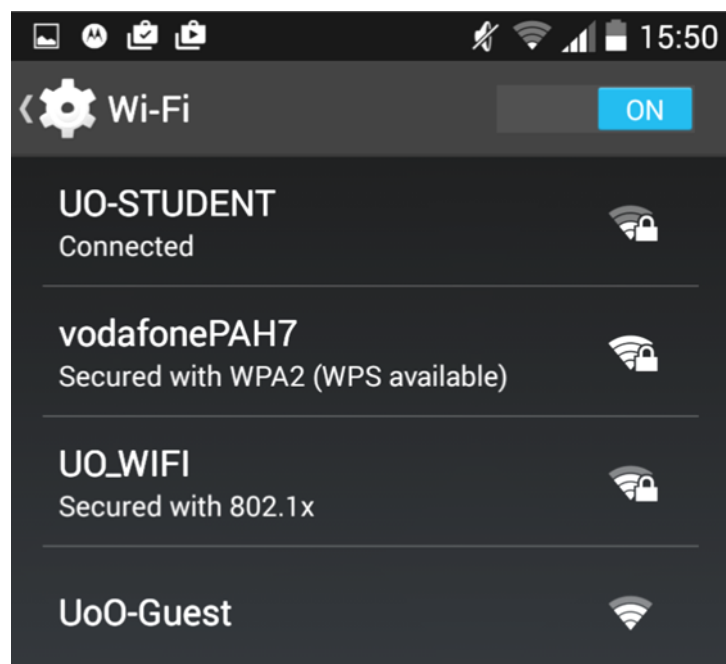

The University of Otago network is being upgraded, and UO_WIFI is the name of the new wireless network. The older networks (e.g., UO-STUDENT, UO-STAFF) will remain while the new network is being rolled out. Your device will switch between them if it has connected in the past.

Connecting to UO_WIFI

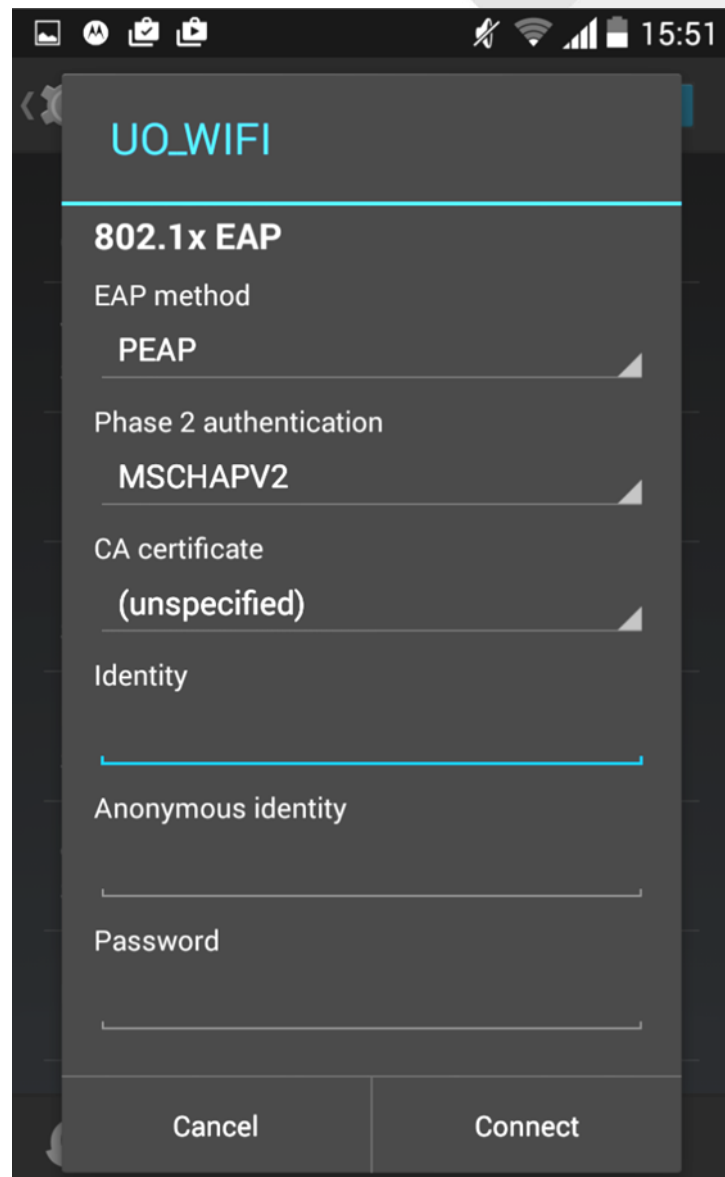

1. Go to the **Settings** menu and select **Wi-Fi**.

2. Check that the wireless is turned on, and select the University network **UO_WIFI**.

3. Enter your University username and password in the **Identity and Password** fields. *Do not enter anything into Anonymous identity.*
4. Tap **Connect**.

You are now connected.

Test your connection by opening your web browser and going to a University of Otago website and an external website, for example to <http://www.otago.ac.nz> and <http://www.bbc.com>

If you can't connect to the network?

- Students: contact Student IT on (479) 51 70 or visit the Central Library, Dunedin campus
- Staff: contact the ITS Service Desk on (479) 8888 or 0800 479 888
