Euromonitor International’s Passport is an integrated online information system providing business intelligence on industries, countries and consumers. Its simple to use interface makes it easy to find relevant research:
• Internationally comparable statistics
• Forward-looking analysis from global, regional, country and company perspectives
• Insightful comment from expert industry and country analysts

The home page provides quick access to the functions and resources you need most.

**HOME:** Return to your homepage from anywhere on the site

**MY PAGES:** Allows you to see an aggregation of all your content at once, manage your profile, and access to saved research and downloads

**DASHBOARD:** New interactive tool allowing users to visualise data in a compelling and efficient way. With dashboards, users can access consumer trends using economic, socio economic and demographic data and discover future opportunities.

**SEARCH** allows you to find data in the category tree

The **TOP NAVIGATION BAR** provides quick access to the latest research

**Industries:** access to articles, key trends and latest reports

**Countries and Consumers:** access to economic, demographic and marketing statistics for 208 countries along with reports and comments on consumers.
Searching for data

The Menu Search allows you to access all of our data by selecting categories or countries from the hierarchical menus. The number of menus to select from will depend on your subscription and type of search being carried out.

**STEP ONE:**
Select Categories

These symbols indicate the content available for different categories:

- Double click a category name to select all sub-categories at one level below.
- Click the + icon to expand categories in the menu.
- Select the category checkboxes to add them to your search query.

**STEP TWO:**
Select Countries

Predefined geographical selections are listed here. For example, click on BRIC to select Brazil, Russia, India, China.

Click to generate data results only. Once you have built your search query, click run search to generate your results.

Clears the selected items. Click the icon to delete unwanted items.
Understanding the results page

The results list contains all the data matching your search criteria. You can view: All Results, Statistics, Reports, Analysis and Sources and create a personalised results list.

- Takes you back to the menu search to modify selections
- The number of results returned are in brackets
- Filter results by category, geography, statistics, analysis and information sources, click more filters for further results
- Shows the data type
- Click to sort by relevance, A-Z or date
- Gives you an overview of the data returned
- Click to save research
- Analysis takes you directly to reports and articles
- This drop down menu allows you to change the number of results displayed.
Analysing your results
