Paper Description and Aims

This paper examines relationships between marketing, public policy, and social and environmental questions, with reference to legal issues. Topics include: the marketing of contentious products (e.g., “junk” foods, tobacco, alcohol, prescription medicines) and contentious marketing techniques (e.g., the use of violence and stereotypes in advertising). Responses to the social consequences of marketing activities, including education, social marketing and regulation will be explored. The paper aims to enhance skills that students will find invaluable whether working as marketing professionals or as advanced post-graduate students. These include problem solving, conflict resolution, presenting and defending ideas, and critically evaluating others’ opinions.

Maori Language Policy

The University of Otago has a Māori Language Policy which promotes the use of te reo Māori by staff and students. For more detail about this policy and its procedures, go to:

<http://www.otago.ac.nz/administration/policies/otago0003239>

Commerce students who intend to present an assessment or examination in te reo Māori must write to (Manager of Student Administration, Academic Services: student.admin@otago.ac.nz), who will then inform the Head of Department (HoD). This must be done at the beginning of the paper (within the first three weeks of the semester) to allow sufficient time for suitable arrangements to be made for marking, including translation and external assessment (if necessary).

Any student found responsible for academic misconduct in any piece of work submitted for assessment shall be subject to the University's dishonest practice regulations, which may result in serious penalties, including forfeiture of marks for the piece of work submitted, a zero grade for the paper, or in extreme cases, exclusion from the University. The University of Otago reserves the right to use plagiarism detection tools.

Students are advised to inform themselves about University policies concerning dishonest practice and take up opportunities to improve their academic and information literacy. If necessary, seek advice from academic staff, or the Student Learning Centre. The guideline for students is available at this link: <http://www.otago.ac.nz/study/academicintegrity/index.html>

Student Feedback

We encourage your feedback. This can be in the form of contacting staff, participating in course evaluation surveys and communicating with class representatives. Continual improvements will be made to this course based in part on student feedback. A recent change to this course as a result of constructive feedback includes providing more detailed instructions on the essay during lectures.

Class Representatives

The class (or student) representative system is an avenue for encouraging communication and consultation between staff and students. It provides you with a vehicle for communicating your views on the teaching and delivery of the paper and provides staff with an opportunity to communicate information and gain constructive feedback from students. It contributes to the development of a sense of community within a department and it adds a further dimension to the range of support services offered to students.

Volunteers for the role of class representatives will be called early in the semester. The OUSA invites all class representatives to a training session, conducted by OUSA, about what it means to be a class representative and some of the possible procedures for dealing with issues that arise. They also

provide information on the services that OUSA offers and the role OUSA can play in solving problems that may occur. The OUSA provides support to class representatives during the semester. Departmental staff will also meet with class representatives during the semester to discuss general issues or matters they wish to have considered.

Your class representative's name and contact details will be posted on Blackboard early in the semester.

Concerns about the Course

We hope you will feel comfortable coming to talk to us if you have a concern about the course. The Course Co-ordinator will be happy to discuss any concerns you may have. Alternatively, you can report your concerns to the Class Representative who will follow up with departmental staff. If, after making approaches via these channels, you do not feel that your concerns have been addressed, there are University channels that may aid resolution. For further advice or more information on these, contact the departmental administrator or head of department.

Disclaimer

While every effort is made to ensure that the information contained in this document is accurate, it is subject to change. Changes will be notified in class and via Blackboard. Students are encouraged to check Blackboard regularly. It is the student's responsibility to be informed.

UNIVERSITY OF OTAGO
Policy on Student Internal Assessment

The purpose of this document is to have a consistent policy throughout the department as well as to develop students' time management skills. It reflects usual practices in the business world in which neither success (here: grades) nor deadlines are negotiable.

1. **Dissemination of Grades** – Regarding internal assessment, the numerical marks will be returned to students via eVision no later than two weeks after the assessment has been submitted. All students are requested to check their marks as they appear on eVision. Any discrepancies should be reported to the course administrator as soon as possible.

2. **Late Assignments** – Assignments received up to 24 hours after the deadline will have 10 marks deducted from the available grade for the piece of assessment (i.e. a 78% becomes a 68%). Assignments received between 24 - 48 hours after the deadline will have 20 marks deducted from the available grade. Assignments received 48 hours after the deadline will not be marked and there will be no grade given.

If you are required to submit both an electronic and hardcopy of your assignment both need to be submitted on time. If only one of the versions of your assignment (i.e., hardcopy or electronic) is submitted on time and the other version is submitted late then you will receive half of the penalty associated with the respective late submission.

3. **Extensions** – Extensions will be granted only in exceptional circumstances (eg. illness with supporting medical documentary evidence stating nature and length of impairment, family emergency, provincial or national representative activities) by the appropriate paper administrator.

If the assignment or internal assessment tests count significantly towards the final result then a formal medical certificate is required. As a guideline, an internal assessment component which counts for 20% of the final result would be considered significant.

4. Tutors and lecturers are **not** authorised to give extensions. **Only** the paper administrator should be approached (consult the course outline for the person(s) responsible).

Computer problems do not constitute an exceptional circumstance unless it is an officially notified failure of university equipment.

5. **Academic Misconduct** – "Academic misconduct is seeking to gain for yourself, or assisting another person to gain, an academic advantage by deception or other unfair means. The most common form of academic misconduct is plagiarism." Plagiarism is the dishonest use of someone else's words, facts or ideas, without proper acknowledgement. Most students will include other people's ideas and information in their work and assignments - such material may be either quoted or digested and used by students. In either case, acknowledgement is essential.

For further information please refer to <http://www.otago.ac.nz/study/academicintegrity/index.html>.

6. **Problems with group work** – Where group work is set and a group is experiencing difficulties, the students should approach their tutor to try to resolve these differences. The tutor will counsel the group, or individuals from the group, on the procedures open to them to resolve group problems (the problem should be raised prior to the work being completed or handed in).

The procedure to be followed is:

- i) students should try to resolve the problems within the group without outside assistance.
- ii) students should meet with their tutor to endeavor to resolve outstanding issues.
- iii) the tutor will arrange for students to meet with the paper administrator who will endeavor to resolve the situation.

This procedure **MUST** be completed to step iii) before the assignment is submitted for grading. Where there are still unresolved difficulties, step iv) will be implemented.

- iv) students will complete a 'Peer Assessment' form available from the appropriate paper administrator (which must be submitted to the tutor or paper administrator before any grades are released).

Paper administrators reserve the right to require all students to complete peer assessment forms at any time during and/or after submission of an assessed group project. Should there be differences in the peer assessment forms, the student(s) will be required to either submit in writing to, or meet with a group comprised of their paper administrator and lecturer(s) and others (as deemed appropriate) to provide an explanation for the discrepancy. A differential allocation of grade may result from this process.

UNIVERSITY OF OTAGO
Policy for Special Consideration in Final Exams

****** All applications for special consideration must be dealt with through the examinations office not the department ******

The Special Consideration provisions apply only to final examinations and only where it is clearly documented that a candidate has been prevented from taking an examination through illness or other exceptional circumstances beyond his or her control; or has been seriously impaired by illness or other exceptional circumstances beyond his or her control at the time of, or in the 14 day period immediately prior to the examination itself. Where students have been affected by illness or other exceptional circumstances during the teaching period, they are expected to have informed Heads of Departments directly at the time (not individual lecturers or tutors).

Process

You need to make an application through your eVision student portal. For further information please see <https://www.otago.ac.nz/study/exams/otago062916.html>

No special arrangements can be made for candidates who fail to attend examinations at the correct time.

Deadline:

Five calendar days from the date of the last examination for which you are making an application for Special Consideration.

Please Note:

Applications cannot be accepted without supporting documentation such as a medical certificate.

Absences

1. A student may be offered an aegrotat pass providing:
 - (a) their grade for internal assessment is C+ or better and
 - (b) the internal grade they have achieved has contained a significant element of individual work as opposed to group assignments (25% of the total grade for the paper).
2. All other cases will be offered a special examination.
3. In some cases that qualify for an aegrotat, it may be relevant to offer the student the choice of an aegrotat or a special examination. For example aegrotats at any stage of the course can have a detrimental effect on a student's ability to qualify for scholarships.
4. Special examinations for Semester One 2021 will be held on (date to be arranged), in the week prior to Semester Two commencement.

Special examinations for Semester Two 2021 will be held on (date to be arranged), two weeks after cessation of official examination period.

Impaired Performance

1. If the student has no internal assessment there will be no adjustment to the exam mark and only an optional special will be offered.
2. If the student has internal assessment the examination mark may be adjusted by taking account of the discrepancy between the examination and internal marks, with particular attention to individual work for the student in comparison to that for the whole class.
3. In all other circumstances the student will be offered the choice of accepting this mark or sitting a special examination.
4. Once a student accepts to take a special examination the original examination mark is nullified and the result of the special examination replaces the original mark, even if it is lower. Any absence or impairment for the special examination must be covered using the same regulations as apply for normal university examinations.
