

Psychology PhD Graduates

1968 – 2013

1968	Davison, Michael	Some effects of selective punishment on sequential inter-response times in fixed-ratio performance
1968	Huggan, Robert	Psychological concomitants of malignant disease
1973	Dexter, Wayne	Effects of alcohol on specific perceptual and psychomotor driving skills
1973	White, K Geoffrey	Peak shift in the gradient of stimulus generalization
1974	Casswell, Sally	Acute effects of cannabis intoxication
1976	MacAvoy, Michael	The acute effects of cannabis and alcohol
1976	Simpson-Housley, Paul	The influence of locus of control and repression-sensitization on perception of natural hazards
1977	Christie, David	Further studies of the reliability and validity of the Otago Happiness Scale
1981	Dixon, Graeme	Happiness: Its measurement and correlates
1982	Pow, Gillian	Does response for cannabis effects of group behaviour and experience
1982	Walker, Freda	The development, implementation and evaluation of a hospital/community rehabilitation programme for chronic psychiatric and retarded patients
1983	Chalmers, David	Environmental sampling, representation and change: Issues in environmental psychology
1983	Merrick, Paul	The effects of context, personality and affective state on emotional word perception
1983	Pringle, Judith	The definition, structure and measurement of social skill
1984	Maxwell, Gabrielle	Understanding social skill in the development of relationships
1985	Dragunow, Michael	A role for adenosine in the control of electrically-induced seizures in rats
1985	Mahalski, Pauline	Children, cuddlies and comfort habits
1985	Maru, Eiichi	Synaptic modulation of epileptic activity in the rat hippocampal kindling model
1986	Bilkey, David	Medial septal modulation of long-term potentiation in the rat dentate gyrus
1986	Coebergh, Branko	Imagery, eye movements and picture memory
1986	Flett, Ross	Subjective wellbeing - its measurement and correlates
1986	Godfrey, Hamish	Assessment and remediation of memory impairment in amnesic alcoholics
1987	Edhouse, Wendy	Proactive interference in animal memory
1987	Tripp, Gail E	The role of the endogenous opiate system in the mechanisms of action of the benzodiazepines
1988	Sullivan, Charles	Human decision-making: Judgemental heuristics, and the preference reversal phenomenon
1989	Marsh, Nigel	Psychosocial consequences of very severe closed head injury in adults
1990	Coop, Colleen	The pharmacology of reticular-elicited hippocampal rhythmic slow activity
1990	Cram, Fiona	Children's social understanding and the effects of peer interaction
1990	Longmore, Barry	The effects of superimposed cognitive deficits on the memory impairments of amnesics
1991	Davidson, Oliver	Bradyphrenia and Parkinson's Disease
1991	McPherson, Fiona	Memory for concepts
1991	Partridge, Fiona	Psychosocial adjustment following severe closed head injury: A cross-sectional follow-up study
1991	Stewart, Malcolm	Differential relationships between stress and disease activity in immunologically distinct subgroups of people with rheumatoid arthritis
1992	Christie, Brian	Bidirectional neural plasticity in the dentate gyrus of anaesthetized rats

1992	Holmes, Keith	An investigation into N-methyl-D-aspartate receptor modulation of kindled seizures
1992	Jones, Brent	The consequences of remembering
1992	Kraushaar, Kevin	Alcohol and choice
1992	Panickar, Kiran	Neurobiology of anxiety
1992	Wilson, Janet Clare	Children's eyewitness memory
1992	Zhu, Xiao-Ou	Effects of long-term administration of anxiolytics and antidepressants on hippocampal rhythmic slow activity
1993	Smith, Louise	Traumatic Brain Injury: A family based approach to rehabilitation
1994	Bizo, Lewis	Timing behaviour
1994	Gee, Susan	The whole truth: Helping the child witness to give full accounts and accurate answers
1994	Ivory, Sarah-Jane	Memory, external direction and Parkinson's disease
1994	Scott, David	Implicit personality theories of psychiatric and neurological disorders
1994	Wiig, Kjesten	The perirhinal cortex and memory function in the rat
1995	Gilchrist, Darrin	The effect of the ACTH-(4-9) Analogue, ORG 2766, on vestibular compensation in Guinea Pig
1995	Hegarty, James	Temporal context in human choice and self-control
1996	Buchanan, Jo-Anne	An investigation of atropine-induced epileptiform activity in the insular cortex
1996	Greenstock, Jemma	Peer support and children's eyewitness memory
1996	Hedayati, Laura	Behaviour problems in preschool aged children
1996	Lodge, Jackie	Self-talk and anxiety in school-age children
1996	Owens, Larry	Cause and effect: The influence of event structure on children's recall
1996	Peace, Kathryn	Cognitive and psychosocial functions in patients with pituitary disease
1996	Salmon, Karen	Supporting children's fragile competencies in memory interviews
1997	Howard, Maureen	An experimental analysis of true imitation in animals
1997	Raymond-Speden, Emma	The cognitive and psychosocial functioning of children who are long-term survivors of leukemia
1997	Swain-Campbell, Nicola	The ascending cholinergic activating system: divergent projections from the pedunculo-pontine tegmental nucleus co-operate in gating hippocampal theta rhythm
1998	Cooney, Emily	Antecedents and consequences of remembering
1998	Gross, Julien	The effect of drawing on memory in children
1998	Heynen, Arnold	An investigation of the mechanisms underlying the production of rhythmic slow activity (theta) in the rat
1998	Johnstone, Victoria	A behavioural approach to human signal detection
1998	Liu, Ping	Perirhinal cortex contributions to spatial memory
1998	MacDonald, Shelley	The role of socialisation in autobiographical memory in children and adults: A Vygotskian perspective
1998	Priestley, Gina Katherine	Enhancing children's event reports: The role of retrieval cues presented prior to and at the time of the interview
1998	Ruske, Angela	Memory - drug effects and behaviour
1998	Titov, Nikolai	Video-based assessment of prospective memory
1999	Arnel-Trevena, Judy	Conscious decisions to move and cortical movement preparation: Which comes first?
1999	Barr, Rachel	A levels by levels analysis of infant imitation: Regaining the developmental perspective
1999	Bennett, Heather	Prior knowledge and children's event recall
1999	Boyes, Michael	Outdoor adventure decision making
1999	Chee Leong, Goh	The effects of modality, rehearsal and context reinstatement on children's source monitoring performance
1999	Edkins, Graham	The indicate safety program: The role of defences, workplace and organisational factors in assessing airline safety performance
1999	Farrant, Kate	A tale of autobiographical memory development: New Zealand style
1999	Herbert, Jane	Age-related changes in infant memory: Continuity or discontinuity in development?

1999	Linscott, Richard	Recollection and automatic memory in schizophrenia and schizotypy: Evidence for hypokrisia in psychosis
1999	Raymond, Clarke	Metabotropic glutamate receptors and metaplasticity in area CA1 of the rat hippocampus in vitro
2000	Broadbent, Nicola	Functions of the avian hippocampus and area parahippocampus
2000	Gallagher, Stephen	The role of responses and consequences in human detection performance
2000	Hancock, Geraldine	Reactivity of induced mood during acute alcohol intoxication
2000	Hannah, Annette	Speech style in gendered communication
2000	Harley, Keryn	Origins of autobiographical memory: The beginning of the story
2000	Muir, Gary	Effects of lesions centred on the perirhinal cortex on the location-, theta- and movement-related firing properties of hippocampal neurons
2000	Pan, Wei-Xing	The role of the medial supramammillary nucleus in hippocampal theta activity and behavior in rats
2000	Simcock, Gabrielle	In transition: The effect of language development on recall during early childhood
2000	Sutherland, Dougal	The role of fathers and mothers in children's ADHD
2000	Sutherland, Rachel	A trace integrity analysis of the misinformation effect in adults and children
2000	Thomson, Robert	An investigation of gender and language in electronic discourse
2000	Wiggins, Mark	Expertise and weather-related decision-making
2001	Smith, Juanita	Controlled recollection and automatic memory in Alzheimer's disease
2001	Smith, Melissa	Object size representation: The role of vision and the bimanual system
2001	Sowerby, Paula	The development of visual recognition memory and visual expectation performance - Implications for the measurement of memory across the lifespan
2001	Woodnorth, Mary-Anne	An analysis of the hypothalamic control of the frequency of hippocampal theta rhythm and behaviour in the rat
2002	Brown, Deirdre	Practice makes perfect? Helping children to talk about past experiences
2002	Daniels, Karyn	The effect of reminders on children's event reports after 1- and 2-Year delays
2002	Dowse, Nora	Reminiscences with elderly individuals with and without music
2002	Galvin, Lea	Traumatic spinal cord injury: A stress appraisal and coping formulation of emotional adjustment
2002	Green, Andrea	Social functioning in children with Attention-Deficit/Hyperactivity Disorder (ADHD)
2002	Patterson, (Thelma) Tess	Interviewer's questions, children's responses: Assessments of children who may have been abused
2002	Reynolds, Ann	The associated nontargets effect: Evidence of nontarget processing at and beyond the level of letter recognition
2002	Russell, Noah	Vestibular contributions to hippocampal function
2002	Sargisson, Rebecca	Remembering as discrimination
2002	Treacy, Lee	Parenting stress and Attention Deficit Hyperactivity Disorder
2002	Turley, Anita	The menstrual cycle and reactivity of mood during affective film clip presentations
2002	Zajac, Rachel	The effect of cross-examination on the reliability and credibility of children's testimony
2003	Brown, Glenn	Memory and reinforcement
2003	Green, James	Communication accommodation theory: Understanding language use in social interaction
2003	Kyd, Rachel	Prefrontal cortex influences on spatial responses of hippocampal neurons
2003	La Rooy, David	Memory recovery in children: A study of reminiscence and hypermnesia in memory of an event
2003	Morgan, Kirstie	A developmental analysis of memory processing across the first six years of life

2003	Newcombe, Rhiannon	Children's narrative style across the preschool years: The role of maternal style, context, and child characteristics
2003	Stanley, James	Emotional specificity of early startle reflex potentiation
2004	Anderson, Leigh	"Did I say that?" Using videotapes to aid young children's event recall
2004	Cockcroft, Amy	Talking about past Emotions with children: Socioemotional predictors and implications for the developing self-concept
2004	Ferguson, Stuart	Classical conditioning, craving and cigarette smoking
2004	Irvine, Gemma	Enriched environment effects on hippocampal synaptic transmission and plasticity
2004	Janssen, Anna	Communication in context: How writers, speakers, readers, and listeners do gender
2004	O'Brien, Kerry	Situational awareness ability and performance in a complex dynamic real world task: The impact of higher order cognitive skills
2004	Pehi, Phillipa	Intergroup discrimination and the need to belong
2004	Richmond, Jenny	The mismeasure of memory: Adults' performance on the visual paired-comparison task
2004	Robertson, (Rebekah) Heidi	Evaluation of social problem solving after traumatic brain injury
2004	Vierck, Esther	Direct selection by colour for visual encoding
2004	Willcock, Emma	Individual differences in the effect of drawing on children's memory
2005	Bidrose, Sue	Children's reporting and eyewitness testimony following stressful events
2005	Crawford, Maria	Speed of retrieval after traumatic brain injury
2005	Donaldson, Bruce	The psychophysiological consequences of depressed mood-related cognitive responses
2005	McKenzie, Kay	Abused children in New Zealand/Aotearoa: Presentation and investigation
2005	Sugrue, Katrina	False memories produced by children and adults in the DRM paradigm
2005	Walker, Rebecca	The emergence of the representational mind
2006	Anderson, Tracy	Evaluating dual tasking ability following traumatic brain injury
2006	Batt, Richard	Aeronautical decision making: Experience, training and behaviour
2006	Fernando, Ruwani Kumari	A good woman: The self, rumination and depression in romantic relationships
2006	Robertson, Kirsten	Intimate partner violence: Gender symmetry and the victim perpetrator overlap
2006	Saunders, Vickie	Semantic processing in Parkinson's disease
2006	Schuchinsky, Maria	Effects of expertise in face perception: Processing configural information in own-race and other-race faces
2006	Whitehead, Kirsty	Precursors for schizophrenia: Are schizotaxia and schizotypy related?
2007	Farrimond, Samantha	The effects of aging on remembering intentions: The virtual street task
2007	Lie, Celia	Punishment and human signal detection
2007	Mullen, Nadia	Maintenance of interventions in organisations
2007	Pauley, Keryn	Personal risk management in pilots
2007	Pinder, Kirsty	Shared factors in autobiographical memory and theory of mind development
2007	Taumoepeau, Mele	Stepping stones to others' minds: The relation between maternal mental and non-mental state input and social understanding in 15-, 24- and 33-month-old children
2007	Valentine, Sarah	The neuropsychological functioning of patients before and after undergoing coronary artery bypass graft surgery
2007	Wright, Fiona	Childhood amnesia: Retrospective studies, prospective studies, and theoretical explanations
2008	Govan, Donovan	Luminance and contrast as depth cues
2008	Lu, Xiaodong	Contribution of the perirhinal cortex to the firing properties of hippocampal pyramidal neurons
2008	Righarts, Saskia	Reducing the negative effect of cross-examination questioning on the accuracy of children's reports

2008	Taylor, Chanel	Secreted amyloid precursor protein-alpha modulates hippocampal long-term potentiation, in vivo
2009	Bhardwaj, Rishi	Exploring suppression of swap rivalry
2009	Hulme, Sarah	Heterosynaptic metaplasticity in area CA1 of the hippocampus
2009	Martin, Natasha	Mental-state and emotion understanding across childhood: Individual differences and relations with social competence
2009	Mitchell, Damon	Phase-reset and effects of ethanol in non-verbal working memory tasks: Is there a homologue of hippocampal theta in the human EEG
2009	Neo, Phoebe Suat-Hong	Theta activations associated with goal-conflict processing: Evidence for the revised "Behavioral Inhibition System"
2009	O'Neill, Sarah	Factors influencing children's responses to cross-examination questioning
2009	Ryan, Melissa-Sue	Ageing and emotion: Categorisation, recognition, and social understanding
2009	Suggate, Sebastian	Response to reading instruction and age-related development: Do later starters catch-up?
2009	Taylor, Shelley	Social functioning of children and adolescents with ADHD: Communication functioning and social problem solving as possible underlying mechanisms
2010	Anderson, Donna	The influence of entitlement attitudes on effortful, self-directed behaviour
2010	Bowden, Jared	Structural mechanisms bidirectional synaptic plasticity in the dentate gyrus of freely behaving rats
2010	Chee, Chew Sim	Theory of mind, moral Judgment, and metalinguistic awareness: Broadening the horizons
2010	Gorman, Brigette	A randomised controlled trial of a parent stress management programme for parents of children with ADHD
2010	Knox, Paul	Memory biases in social anxiety
2010	Korobanova, Daria	Schizophrenia and potential effects of hypokrisia: Potentiated automatic memory
2010	Kuttner, Simon	Parental conditional regard, morality, and the conflict of behaviour and motivation
2010	Mouat, Kelly	Academic and social functioning in schizotypy
2010	Ruan, Ming	Is theta activity functional: A study of the interactions of the supramammillary area and the hippocampus
2010	Sutherland (Young), Karen	Altered reinforcement sensitivity and dopamine transporter function in an animal model of attention deficit hyperactivity disorder
2010	Yamaguchi, Mami	Pitfalls of extrinsic goal pursuit: Wellbeing, life goals, and self-focused attention
2011	Blackburn, Shane	The resolution of depth ambiguity in the kinetic depth effect
2011	Chen, Yan	Narrative identity and well-being from middle childhood to late adolescence: A developmental, cross-cultural perspective
2011	Ford, Jane	The effects of joint flight attendant and flight crew CRM training programmes on intergroup teamwork and communication
2011	Ko, Yao-Ting	Response inhibition and properties of its underlying processes: Evidence from behavioral and electrophysiological measurements
2011	Lim, Bee Teng	The ubiquitous decline or paradox of aging: Young and older adults' differences in emotion reactivity, recognition and regulation
2011	Perkins, Chris	'Me', 'My', 'Mine': Maternal mental state talk, children's social understanding and the role of the self-concept
2011	Robinson, Thomas	Neuropsychological function of children and adolescents with ADHD: Group and individual change four years after diagnosis
2011	Scarf, Damian	Representation of serial order in pigeons (<i>Columba livia</i>)
2011	Tustin, Karen	Childhood amnesia and episodic memory: A developmental perspective
2011	Wolff, Amy	Brain and behaviour in an animal model of schizophrenia

2012	Bednark, Jeffrey	Establishing movement heuristics for voluntary action: Electrophysiological correlates of movement-outcome learning and the sense of agency
2012	Crawford Macleod, Emily	Is a picture worth a thousand words? The clinical use of children's drawings
2012	Imuta, Kana	Exploring memory development in 2- to 6-year old children
2012	Jong, Jonathan	Scaring the bejusus into people: The effects of mortality salience on explicit and implicit religious belief
2012	McEachen, Benjamin	Sensitivity to reward frequency and reward delay in children with Attention-Deficit/Hyperactivity Disorder
2012	Pharo, Henry	The behavioural and psychological effects of ostracism in adolescence and emerging-adulthood
2012	Teoh, Cameron (Hon Leng)	Boby language availability in videoconferencing
2012	Wyatt, Natalie	Distractor inhibition in attention: An investigation into the influences of stimulus location predictability and distractor intensity
2013	Artioli, Federica	Memories, families, cultures. Family factors and earliest memories in a cultural perspective
2013	Dickerson, Desiree	Disrupted prefrontal-hippocampal synchrony in a neurodevelopmental animal model of schizophrenia
2013	Munn, Robert	Circadian modulation in hippocampal activity: A temporal code for episodic memory?
2013	Osborne, Nikola	"Did you find what you were looking for?" The effect of context on the interpretation of forensic evidence
2013	Shepherdson, Peter	Redundancy gain in semantic categorisation
2013	Ulrich, Katharina	Electrophysiological analysis of the functional recovery produced by environmental enrichment in a rat model of diencephalic amnesia
