

## PhD Scholarship

NZFSSRC is calling for the next round of NZFSSRC postgraduate student scholarships. There are two scholarships available for a maximum of three years.

The first round of NZFSSRC funding ends 30 June 2021, however should the Centre not be re-funded, it would ensure that funding for these scholarships was divested to the organisation a student was affiliated to, to fulfil the financial commitment to that student's scholarship.

Each scholarship provides for \$40K pa as per the process and application document.

Other considerations are as follows:

- Applications due Monday 1 October 2018
- Budget constraints will not allow the PhD scholarship amounts to increase further, but the enrolling university is welcome to top this up if necessary;
- Massey University, the Host Institution, will continue to provide funding for these scholarships;
- The individual university's due diligence process needs to be followed, so only candidates who are eligible to enrol at a partner institution may be put up;
- Students will be judged on the quality of their CVs and on the quality of the supervisory team.

If you are interested in this opportunity, contact Phil Bremer or Rachel Elliot for further information. **Please seek advice for your application in advance of the deadline and submit through Research & Enterprise.**
