

Update on LINZ Location Information Group activities and more...

Geoff O'Malley, Principal Advisor - Geospatial Capability Building

Abstract: The Location Information Group in Land Information New Zealand (LINZ) is composed of teams working in the following areas: Positioning and Resilience, Data Services, Topographic Mapping, Hydrographic Charting, Integrated Property Services and Addressing. This presentation will be an update on some activities of these teams but also of some geospatial related activities from wider LINZ e.g. Advanced Survey and Titles Services (ASaTS), Geographic Naming, Wilding Conifer Information System.
