

Housing Crisis - Crisis? What Crisis? – or Keep Calm and Carry On? A commentary about the government's response to affordable housing

Dr. Mick Strack
School of Surveying

Abstract: Proposed Amendments to the RMA, reports from the Productivity Commission, and a proposed National Policy Statement on Urban Development Capacity are all in the pipeline, illustrating central government's attempts to show leadership in responding to the housing 'challenge'. Can planning processes (the consultative themes of the RMA) remain valid and can local authorities maintain credibility while being subject to central government interventions?
