

How to read tables

For further information on methods, see *Appendix 1: Methods in Appendices and Notes*.

How to read graphs

Example 1:

For further information on methods, see *Appendix 1: Methods* in *Appendices and Notes*.

Example 2:

Tells us what the graph is about and includes information on the age groups covered (eg. 5-14 years) and the years of data (eg. 2000-2004)

Figure 4.7: Major causes of death among Māori aged 5–14 years, 2000–2004

Tells us what measure the graph represents (eg. rate per 100,000)

Tells us which shade represents which group (eg. black is Māori and grey is non-Māori)

For further information on methods, see *Appendix 1: Methods* in *Appendices and Notes*.
